

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

Again we present an edition of Tariff Schedules, this time under the Act of 1913, and we have endeavored to give the most complete list of commercial articles by trade names ever published, and, while no pains have been spared to secure accuracy in the table of rates, errors of judgment may have occurred and we cannot hold ourselves in any way liable for different decisions which may be reached by the Customs Authorities.

As our schedules are largely based upon decisions of the Courts, the General Appraisers and the Treasury Department, we cannot believe that any material changes will occur.

We refer each article to the paragraph of the law under which we have classified it for duty, so that those who wish may draw their own conclusions.

We also give a full list of articles on which rates of drawback have been fixed by the Secretary of the Treasury as provided by law.

We believe this work (while very compact) the most reliable authority on the matters contained therein ever presented to the public.

F. B. VANDEGRIFT & CO.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

U. S. S. 10-20 West 42nd St., New York F. B. Vandegrift & Company, Foreign Express.

SPECIAL RATES

FOR

HEAVY SHIPMENTS

To or from Europe and other Foreign Countries

Will be quoted by this Company on receipt of the information designated below :

1. Number of pieces. 2. Kind of goods. 3. Total number of cubic feet, exactly or approximately. 4. Total weight, exactly or approximately. 5. Whether by fast or slow steamer. 6. Destination of shipment. 7. Date goods are to be shipped. 8. Amount of Marine Insurance, if wanted. 9. Whether charges are to be prepaid or collect.

CUBIC MEASUREMENT. To ascertain the exact cubical measurement of an article, multiply the **length** by the **width** and the product thus obtained by the **height**, reducing such measurement to **inches**. **EXAMPLE:** A box 2 feet 4 inches long, 3 feet 6 inches wide and 1 foot 7 inches high (reduced to inches) is figured as follows: 2' 4" or 28" multiplied by 3' 8" 44" is 1,232 inches, multiplied again by 1' 7" or 19" gives 23,408 cubic inches, which when divided by the number of cubic inches in 1 cubic foot, or 1,728, gives 13,944—1,738 cubic feet. Charge for 14 cubic feet.

In ascertaining cubical measurement of boxes, etc., of irregular shapes, or those having projecting parts, it is the rule of the Steamship Companies to exact measurements of the largest side. When measurements, as made by shippers or agents, do not agree with those made by Steamship Companies, the latter will prevail.

THROUGH NEGOTIABLE BILLS OF LADING for banking purposes are issued by us for **HEAVY GOODS** to all foreign places, with or without Marine Insurance.

RATES ON BONDS, PRECIOUS STONES, Etc., quoted on application.

DRAYAGE. We attend to all kinds of cartage work. Packages called for and delivered from railroad stations, steamship piers, warehouses, etc., in any quantity and on every class of merchandise at the customary rates charged by truckmen generally.

CUSTOM HOUSE ENTRIES promptly attended to on all import shipments.

DRAWBACK COLLECTED on export shipments manufactured in whole or in part from imported materials.

F. B. VANDEGRIFT & Co.
FOREIGN EXPRESS AND GENERAL FORWARDERS
New York, 15-25 Whitehall St.

PROTESTS.

Rates of duty are frequently exacted by Collectors in liquidations of entries on duty of merchandise, which the owners or importers of the merchandise consider erroneous. We make a specialty of these cases, and if there appears to be a good claim we carry the matter before the Board of General Appraisers, and if necessary appeal to the Courts. We make no charge unless successful in obtaining a refund of excessive duties.

ADVANCED VALUES.

Invoice values are advanced by the Appraiser when they are below wholesale market price at the time of shipment. Importers may appeal to a General Appraiser, and if dissatisfied with his decision, to a board of three General Appraisers. We represent the importer in such cases, and present his claims.

DUTIES.

By communicating with us in advance, importers can arrange for the payment of duties at any of the ports of entry in the United States or in the Dominion of Canada.

When goods are consigned to us for importers located at places which are not ports of entry, duty will be paid by us at port of arrival and charged forward against the goods.

Goods may be warehoused or forwarded in bond, without payment of duties, either to interior port or export port.

Goods warehoused in the United States must have duty paid or exported within three years from date of arrival. Either the whole shipment or any number of packages, but nothing less than a package can be withdrawn at one time.

FORWARDING.

We receive and deliver according to instructions goods for Import or Export, but we never purchase for our own account.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

GENERAL INSTRUCTIONS

For Shipments to the United States

1. Each package must be fully addressed or have a shipping mark, and the name of the country of origin.
2. Every package for delivery at an interior city must be marked "in bond to _____" (Here give name of city.)
3. Make out four invoices if goods are for an interior port; if for a seaboard port, three copies will suffice; if valued over one hundred dollars, have same certified by United States Consul. If under one hundred dollars, the invoice need not be certified. Mail two copies to F. B. Vandegrift & Co., New York.
4. Instruct forwarding agent at point of shipment to consign goods to F. B. Vandegrift & Co., and mail them bill of lading by steamer not later than the one carrying the goods.
5. If goods are for an interior port see that the bill of lading is made out F. B. Vandegrift & Co., New York, in bond to _____ (Here give name of city.)
6. If invoice and bill of lading do not reach F. B. Vandegrift & Co., New York, by the time the goods do, expensive general order charges may be incurred.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

IMMEDIATE TRANSPORTATION PORTS

Dutiable merchandise may be transported in Bond without examination to the following ports.

To test the general accuracy of these gauges, frequent actual measurements should be made at the different ports. Actual gauge, however, will be allowed only when applied for prior to delivery of the merchandise, or when the customs officers shall ascertain that the average gauge differs from the actual gauge.

The Department's circular of April 7, 1876, relating to the average gauge of certain bottles, is hereby revoked.

 Secretary.

RATES OF TARE.**ARTICLE 1498, CUSTOMS REGULATIONS, 1908**

Almonds, in bales, $2\frac{1}{2}$ per cent; in bags, 2 per cent; in fralls, 8 per cent.

Alum, in casks, 10 per cent; in sacks, coarse or ground, 2 pounds per sack.

Barytes, 3 per cent.

Beans, castor, weight of pod.

Cheese, in casks or tubs, 10 per cent.

Chicory, in bags, 2 per cent.

China clay, in so-called half-ton casks, 72 pounds per cask.

Copperas, in casks, 10 per cent.

Figs in skeleton cases: Actual tare of skeleton cases, to which add 13 per cent of weight of inside wooden boxes and figs.

Gunny cloths, actual weight of ropes and covering allowed as tare.

Hay, weight of sticks and wire may be allowed for, and average tare may be calculated.

Hemp: Hamburg, Leghorn, Trieste, 5 pounds to each bale.

Hemp, Russia, weight of tow bands.

Iron rods: Bands of iron wire surrounding coiled iron rods may be allowed as tare when they consist of bands ordinarily used for such purpose and are of little or no commercial value.

Lemons: Allow 10 ounces per box for paper wrappings; actual tare of outside cases.

Nails, in bags, 2 per cent; in casks, 8 per cent.

Nitrate of soda, 2 per cent.

Ocher, dry, in casks, 8 per cent; in oil, in casks, 12 per cent.

Oranges: Allow 10 ounces per box for paper wrappings; actual tare of outside cases.

Ore, in sacks, 2 pounds for each sack.

Peruvian bark, in ceroons, 10 per cent.

Paris white, in casks, 10 per cent.

Raisins, 27 per cent; actual net weight to be ascertained by emptying and weighing the contents of a sufficient number of boxes of each chop-mark to get a just average.

Rice, in bags, 2 per cent.

Salt, fine, in sacks, 3 pounds for each sack; coarse or ground alum-salt, in sacks, 2 pounds per sack.

Spanish brown, in casks, dry, 10 per cent; in casks, in oil, 12 per cent.

Sugar, in tierces and hogsheads, actual tare; in barrels, 10 per cent; in boxes, 14 per cent; in bags, $1\frac{1}{2}$ per cent; melado, 9 per cent; actual tare on irregular packages, and on sugar in bags from Havana.

Tin, in boxes, actual net weight to be ascertained by emptying and weighing the contents of a sufficient number of boxes of each chop-mark or brand to get an average.

Tobacco: Leaf, in bales, not stemmed, 13 pounds each bale; Sumatra, $4\frac{1}{2}$ pounds on inside matting and cord, weight of second covering to be ascertained.

In any case where there is reason to believe that the invoiced tare of stemmed leaf tobacco in bales is excessive, the actual tare of at least 10 per cent of the number of bales of any importation should be ascertained.

Whiting, in casks, 10 per cent.

Zinc, sheet, weight of silos.

VALUES OF FOREIGN COINS

TREASURY DEPARTMENT, OFFICE OF THE SECRETARY

Washington, October 1, 1913.

In pursuance of the provisions of section 25 of the act of August 27, 1894, I hereby proclaim the following estimate by the Director of the Mint of the values of foreign coins to be the values of such coins in terms of the money of account of the United States, to be followed in estimating the value of all foreign merchandise exported to the United States during the quarter beginning October 1, 1913, expressed in any such metallic currencies.

Entries of merchandise liquidated upon the values proclaimed herein will be subject to reliquidation upon the order of the Secretary of the Treasury whenever satisfactory evidence shall be produced to him showing that the values in United States currency of the foreign money specified in the invoices were at the date of certification at least ten per centum more or less than the values herein proclaimed.

W. G. McADOO, Secretary

DRAWBACK

Drawback is a refund upon the exportation of imported merchandise, of the duties which have been paid thereon.

There are two kinds of drawback: 1st, that allowed upon imported goods exported in original packages; 2d, that allowed upon imported material used in this country in the manufacture or production of articles exported.

First. Drawback upon merchandise exported in customs custody relates to articles on which duty has been paid, remaining continuously in customs custody and exported directly therefrom, within three years from the date of importation. They are entitled to return duties, less one per centum, providing the duty paid was an amount of fifty dollars at least; and providing the articles are exported in the original casks, cases, chests, boxes, trunks or other packages in which they were imported. R. S. 2977, 3016.

Second. Articles manufactured or produced in this country and exported, made wholly or in part of imported material, are entitled on exportation to a drawback equal to the amount of duty paid on the imported material used in the manufacture or production, less one per cent.

In order that a proper rate of drawback may be established by the Secretary of the Treasury, application should be made before exportation of the goods so that the quantity of imported material used in the manufacture or production of the article to be exported may be ascertained and the rate prescribed by the Secretary of the Treasury.

WE MAKE A SPECIALTY OF THIS WORK.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

Confectionery, manufactured wholly or in part from imported refined sugar, or sugar refined from imported raw sugar; base allowance on quantity of such material used, provided that no domestic sugar has been used in the manufacture of the article.

The entry under which the merchandise is to be inspected and laden must show separately the kinds and quantities of the varieties of confectionery contained in each shipping package; and the manufacturer's declaration on the drawback entry must show the kind and quantity or percentage of refined sugar used in each variety of confectionery exported. Declarations of manufacturers and exporters shall be verified by official analysis of samples taken as ordered by the collector, and by weights ascertained by a United States weigher.

Before liquidation of entries for drawback on confectionery, a sworn statement of the manufacturer, showing formula and processes of manufacture of each kind on which drawback is claimed, must be filed with the collector, and verified by official inspection of methods of manufacture and official analysis of samples.

The manufacturer's declaration on the drawback entry must show that the articles covered thereby were made as set forth in such statement.

Corks: Drawback not allowed on imported corks used in bottling exported beer, after having been advanced in value by processes applied in the United States. T. D. 20404.

Corks, bottled beer: Imported corks were subjected to an elaborate process, consisting of sorting, branding, cleansing, steaming, drying, and chemical bathing and coating, this being done to fit them for use in the export of beer. Held that they are not "articles manufactured" from imported materials so as to be subject to drawback under section 30, tariff act of 1897. "Manufacture" implies change; but not every change is manufacture, though the result of treatment, labor, and manipulation. Something more is necessary. There must be a transformation; a new and different article must emerge, having a distinctive name, character, and use. And a cork which has been put through elaborate cleansing, antiseptic, and other improving processes, but which still remains a cork, is not "manufactured" within the meaning of section 30, tariff act of 1897. Under section 30, tariff act of 1897, permitting drawback "on the exportation of * * * articles manufactured [from] * * * imported materials." Held as to an exportation of bottled beer, in which the beer and the corks were made from imported materials, that beer alone, excluding the corks, is the "article" exported within the meaning of the law. Dynamite and other explosives, in the manufacture of which all the glycerin used was imported; base allowance on a quantity of glycerin so used, to be determined by allowing 46 2-10 pounds of the same for each 100 pounds of nitroglycerin contained in the exported articles.

The drawback entry must show the number and size of cartridges and other packages contained in each shipping case, the trade names or marks by which the several forms and grades of the explosives are designated, the quantity of each kind and grade, and the percentage of nitroglycerin contained in each grade, respectively.

The weights of the several kinds of uniform packages shown by the drawback entry shall be tested by a United States weigher when ordered by the collector, and on order of the collector, samples shall be taken for analysis and verification of the statements contained in the entry as to the percentage of nitroglycerin contained in the several kinds and grades of the exported article.

The samples shall be taken by an officer specially designated by the collector for that purpose, who shall take the same under instruction from the Government chemist by whom such samples are to be analyzed, as to manner of taking the same and the quantities to be taken. Before the liquidation of any such drawback entry, there must be filed with the collector at the port of exportation, a sworn formula or statement by the proprietor and foreman of the factory where the explosives were made, showing the percentages of nitroglycerin used in the manufacture of the several brands or grades of explosives made in such factory for exportation, and no drawback shall be allowed on any excess over the quantity shown in the manufacturer's formula so filed, without special instructions from the Department.

When the glycerin used has been refined from imported crude glycerin, the quantity of crude glycerin so used shall be determined by adding to the allowance of 46 2-10 pounds of glycerin for each 100 pounds of nitroglycerin contained in the exported article, 22 per cent of such allowance.

Lard compound, manufactured from imported oleostearin and domestic cotton seed oil, or from imported oleostearin and domestic cotton seed oil and lard; base allowance on quantity of such oleostearin used, to be determined under the following instructions:

Before allowance of drawback, the exporter must file with the collector of customs at the port from which the exportation is to be made, a sworn statement made by the manufacturer, showing the place, processes, and conditions of manufacture, and mode of packing for export, and also the formula, showing the materials and the proportions thereof entering into the manufacture of the compound, which statement shall be verified by the collector.

The collector with whom such manufacturer's statement was first filed shall furnish certified copies thereof on request of collectors at other ports from which exportations are made.

The entry for inspection and lading must show, separately, marks, numbers, and gross and net weights of packages, or must be accompanied by a certified invoice giving such particulars. Weights must be marked on packages and verified by a United States weigher by test of packages designated by the collector.

The quantity or percentage of oleostearin in the exported article must be shown by the manufacturer's declaration on the drawback entry, which declaration must be verified by official expert analysis of samples taken by the inspecting officer as ordered by the collector.

Quantity of oleostearin which may be taken as basis of liquidation shall in no case exceed quantity shown by formula filed, manufacturer's declaration on entry, or that found by official analysis. Manufacturer's declaration on entry must show that the exported article was made in accordance with sworn formula filed with collector.

Linseed oil: Regulations, T. D. 17355, applied in the liquidation of entries covering exportations of linseed oil made from linseed imported under act of 1897. T. D. 22405.

Linseed oil and linseed oil cake, the oil being expressed from seed imported under the tariff act of August 28, 1894, and the oil cake being composed of the solid substance of such seed, the refuse matter in the seed and a small percentage of oil not recoverable, the parts of the seed and the refuse being separated by the processes of crushing, steaming, and pressing; base allowance on quantities and values of materials used in the manufacture of the respective products, to be ascertained under the following instructions:

The manufacturer's and exporter's declarations on the drawback entry shall show the cost of the seed used per bushel of 56 pounds, and the wholesale market values of the oil per gallon of 7½ pounds, and of the oil cake per ton of 2,000 pounds, at the place of manufacture at the time of exportation; which declared cost and values shall be verified by the collector with whom the entry is lodged.

Nineteen and ninety-one hundredths pounds (2.654 gallons) of oil and 35.87 pounds of oil cake being the ascertained average product of 1 bushel (56 pounds) seed, such quantities, together with the cost and values above specified, shall be used as indicated in the following proportions, for the purpose of fixing the rate of drawback on each kind of product.

First, from the declared and verified values of oil and cake products and from the known quantities above noted, find the values of such products from 56 pounds seed.

To find the rate of drawback on oil, per gallon, say—

$$\left\{ \begin{array}{l} \text{Value of oil and} \\ \text{cake from 56} \\ \text{pounds seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of oil} \\ \text{from 56} \\ \text{pounds seed.} \end{array} \right\} :: \left\{ \begin{array}{l} \text{Value of} \\ \text{56 pounds} \\ \text{seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of material} \\ \text{for oil in 56} \\ \text{pounds seed.} \end{array} \right\}$$

and

$$\left\{ \begin{array}{l} \text{Value of} \\ \text{56 pounds} \\ \text{seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of material} \\ \text{for oil in 56} \\ \text{pounds seed.} \end{array} \right\} :: \left\{ \begin{array}{l} \text{Duty on 56} \\ \text{pounds seed} \\ \text{(20 cents).} \end{array} \right\} : \left\{ \begin{array}{l} \text{Duty on material} \\ \text{for oil in 56} \\ \text{pounds seed.} \end{array} \right\}$$

then

$$\left\{ \begin{array}{l} \text{Duty on material for} \\ \text{oil in 56 pounds seed} \\ \text{divided by 2.654.} \end{array} \right\} = \left\{ \begin{array}{l} \text{Duty paid on material} \\ \text{for one gallon oil.} \end{array} \right\} = \left\{ \begin{array}{l} \text{Rate of drawback} \\ \text{per gallon.} \end{array} \right\}$$

To find rate of drawback on oil cake per 100 pounds, say—

$$\left\{ \begin{array}{l} \text{Value of oil and} \\ \text{cake from 56} \\ \text{pounds seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of cake} \\ \text{from 56} \\ \text{pounds seed.} \end{array} \right\} :: \left\{ \begin{array}{l} \text{Value of 56} \\ \text{pounds seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of material} \\ \text{for cake in 56} \\ \text{pounds seed.} \end{array} \right\}$$

and

$$\left\{ \begin{array}{l} \text{Value of} \\ \text{56 pounds} \\ \text{seed.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Value of material} \\ \text{for cake in 56} \\ \text{pounds seed.} \end{array} \right\} :: \left\{ \begin{array}{l} \text{Duty on 56} \\ \text{pounds seed} \\ \text{20 cents.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Duty on material} \\ \text{for cake in 56} \\ \text{pounds seed.} \end{array} \right\}$$

then

$$\left\{ \begin{array}{l} \text{35.87} \\ \text{pounds.} \end{array} \right\} : \left\{ \begin{array}{l} \text{100 pounds.} \end{array} \right\} :: \left\{ \begin{array}{l} \text{Duty on material} \\ \text{for 35.87 pounds} \\ \text{of oil cake.} \end{array} \right\} : \left\{ \begin{array}{l} \text{Rate of drawback} \\ \text{on 100 pounds} \\ \text{of oil cake.} \end{array} \right\}$$

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

In case the dutiable quantity of imported seed used was ascertained on liquidation of the import entry, by deducting from the weight of the seed in condition as imported, an allowance for "draff" on account of dirt or other refuse matter therein, the rate of duty paid on such seed per bushel of 56 pounds may be determined by deducting from the tariff rate of 20 cents per bushel a percentage thereof corresponding to the percentage of weight allowance for draff; and the rates of allowance of drawback on the oil and oil cake products of such seed used without previous winnowing or cleaning may be found by substituting and using the duty rate found by such deduction (per bushel of 56 pounds) in place of the 20-cent duty rate used in the foregoing proportions and formulas.

Samples shall be taken as ordered by the collector, and quantities shall be ascertained by official weighing or gauging, as the case may require.

When such oil is weighed, the number of gallons shall be determined by allowing $7\frac{1}{2}$ pounds of oil per gallon.

Locomotive and other steam boilers, manufactured wholly or in part from imported boiler plates, brass and copper boiler tubes, etc.; base allowance on quantities of imported materials used, under the following instructions:

The drawback entry under which the boilers are to be inspected and laden must show the kind and description of boiler, giving dimensions of the same; also the number, size, shape, and gauge of the various parts made from imported materials on which drawback of duties is claimed. Such entry must be accompanied by a draft or diagram of the boiler, illustrating the description given in the entry by showing the measurements, number, and relative position of the different parts named in the entry, which description and measurements shall be verified by the inspecting officer.

The manufacturer's declaration shall show the quantity and kind of imported material used, describing the same by giving dimensions, gauge, and weight of plates and other parts in condition as imported, and indicating the parts of the completed boiler in which the same appear.

Such declaration shall also show, separately, the quantities and values of the different kinds of resultant scrap, and the value at the factory of the different kinds of imported material used in the manufacture.

In case it shall be found on liquidation of the drawback entry that the weights of the different materials identified are not separately shown in the entry under which the same were imported, reference may be had for verification of the manufacturer's statements to standard tables and rules for determining by measurement the weights of different kinds of boiler materials, which may be found in "Haswell's Engineers' and Mechanics' Pocket Book."

Locomotive and railway car wheels, manufactured wholly or in part from imported tires, centers, retaining bolts and retaining rings, and such imported wheels fitted and permanently attached to domestic axles; base allowance on quantity of imported materials used, under the following instructions:

The entry under which such wheels are to be inspected and laden must show, separately, the kinds of wheels, the dimensions of the same, and the dimensions and weights of the several parts on which drawback allowance must be made. The dimensions of tires given must include inside diameter, width on inside face, and thickness on "tread," and the given dimensions of centers must include outside diameter of rim, width of rim on face, and diameter and length of axle bore.

The entry must be accompanied by drawings of the wheels and parts, or refer to such drawings on file with the collector of the port from which exportation is to be made, illustrating the description given in such entry by showing the measurements of the wheels and parts, which description and measurements shall be verified by the inspecting officers. When practicable, the weights given in the entry of the several parts of the wheels shall be verified by a United States weigher.

The manufacturer's declaration on the drawback entry must show, separately, the kinds, dimensions, and weights of the imported materials used in the manufacture of the wheels, describing the material for each part of the finished wheel as the same was described in the invoice under which it was imported and in the drawing accompanying such invoice or referred to therein. Such declaration shall also show, separately, the quantities and values of the different kinds of resultant scrap or "waste," and the values at the factory of the respective kinds of imported material from which such "waste" is produced.

In determining the weight of imported material which shall be made the basis of allowance of drawback on the finished article, the weight of the material in condition as imported shall be reduced by a number of pounds equal in value to the value of the "waste" resulting from manufacture, according to the values of material and waste shown in the manufacturer's declaration.

Locomotives used prior to exportation: Drawback denied. (See Drawback denied.)

Locomotives, manufactured in part from imported materials; base allowance on quantities of imported materials so used, under the following instructions:

Lubricating oils, manufactured wholly from imported rape-seed oil and the products of domestic petroleum; base allowance on quantity of the imported rape-seed oil used, to be determined as follows:

The entry under which the merchandise is to be inspected and laden must show, separately, the number and kind of shipping packages, and the quantity and quality or kind of the manufactured article contained in each package.

In case the exported article is made under a standard formula the manufacturer must file with the collector, prior to the liquidation of the drawback entry, a sworn statement showing such formula, and the mode of manufacture and packing for shipment, and in all other cases the special formula of manufacture, together with a description of the mode of manufacture and packing, must accompany the drawback entry.

The drawback entry must show, separately, the quantity and quality or kind of the manufactured article contained in each package, and in the entire shipment; and the manufacturer's declaration on such entry must show the percentages and quantities of rape-seed oil appearing in each kind or quality, respectively.

Such declaration must further show, in addition to the usual averments, that the exported oils were manufactured and packed for shipment in manner as set forth in standard formulas and statements filed with the collector, referring thereto by date, or in special formulas and statements accompanying the drawback entry.

Samples shall be taken, as ordered by the collector, to be submitted to the appraiser for report of the percentage of rape-seed oil appearing therein.

In liquidating entries the quantity of rape-seed oil on which allowance of drawback may be based shall be determined for each kind of quality of oil by use of the minimum quantity

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

and percentage relating to each kind or quality, respectively, the declaration on the drawback entry, or by the appraiser's report of percentages and a United States gauger's report of quantities.

Sirup, manufactured wholly from molasses imported under the tariff of August 28, 1894, subject to duty at 2 cents per gallon; base allowance on quantity of material used, to be determined under the following rules:

The manufacturer's declaration on the drawback entry must show, in addition to the usual averments, the number of gallons of the molasses "boiled" and used in producing the sirup exported, the number of gallons and value per gallon of such sirup, and also the weight and the value per pound of the sugar product of such molasses.

The declared values of such sugar and sirup products must be their values exclusive of packages, at the refinery at the time of shipment for exportation; and such values and declared quantities must be verified by the collector before use in finding the duty paid on the material used in the manufacture of the sirup.

The amount of duty paid on such material shall be determined by use of such verified quantities and values as shown in the following proportion:

As the total value of the sugar and sirup products of a given quantity of molasses is to the value of the sirup product of such molasses, so is the duty paid on the molasses (the material for both products) to the duty paid on the material for the sirup.

The duty paid on the material "used" being so found, the proper rate of drawback per gallon of the exported sirup shall be determined by dividing such amount of duty paid by the number of gallons of the sirup product; but in no case shall drawback be allowed on any excess over 43 gallons of sirup for each 100 gallons of molasses "boiled" in the manufacture of the sirup, unless such allowance be specially authorized by the Secretary of the Treasury.

The quantity of the exported sirup shall be ascertained by a United States gauger, and samples shall be taken as ordered by the collector, to be submitted to the appraiser for expert official inspection and report.

Soap, Fels naptha, manufactured by Fels & Co., of Philadelphia, Pa., with the use of imported borax. T. D. 28069.

Soap, soap powders, and sapollos, manufactured in part from imported caustic soda and soda ash; base allowance on quantities of such caustic soda or soda ash, or both, used in the manufacture of the exported articles, provided always that no domestic material of the kind on which drawback is claimed shall have been used in the manufacture of the exported articles.

Before allowance of drawback the exporter must file with the collector, at port of exportation, a sworn statement showing place, processes, and conditions of manufacture, and mode of packing the article for export, and showing also the ingredients of the article to be exported, and the proportions thereof, which statement shall be verified by the collector.

The collector with whom such verified statement is filed shall, on application of collectors of other ports from which exportations are made, furnish certified copies thereof for use at such other ports.

The entry under which the merchandise is to be inspected and laden must show, separately, the quantities of the different kinds of merchandise, the marks, numbers, and sizes of the packages containing the same, and the gross and net weights of each package, or must be accompanied by a sworn copy of the invoice under which such merchandise was sold or consigned, giving such particulars. Statements of weights shall be verified by a United States weigher, who shall test weights of packages designated by the collector.

The quantities of caustic soda and of soda ash used, and on which claim for drawback is based, must be shown by the manufacturer's declaration on the drawback entry, which shall be verified by official analysis of samples taken as ordered by the collector. Such declaration must also show that the exported articles were made in accordance with the sworn statement and formula filed with the collector. Quantities used in liquidation of entries shall, in no case, exceed minimum quantities shown by sworn formula, declared on entry, or found by official analysis and weight.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

Sugars and sirups: T. D. 33062.

Sugars and sirups, refined, made wholly from imported raw sugars; base allowance on quantities of material used in the manufacture of each, respectively, as indicated in the following schedules and specifications.

When the exported sugars are "hard refined," of standard test, commercially known as loaf, cut loaf, cube, granulated, crushed or powdered, and are made wholly from imported raw cane sugars, the amount of drawback shall be determined by allowing for each 100 pounds of the exported article, the duties paid on the respective grades and quantities of material used as indicated in the following schedule:

Test of raw sugar used.	Allowance for 100 pounds hard refined.
Degrees.	Pounds.
99	101.87
98	103.73
97	105.60
96	107.47
95	109.34
94	111.20
93	113.07
92	114.94
91	116.81
90	118.67
89	120.54
88	122.41
87	124.27
86	126.14
85	128.01
84	129.88
83	131.74
82	133.61
81	135.48
80	137.35
79	139.21
78	141.08
77	142.95
76	144.82
75	146.68

When the "hard refined" sugars hereinbefore described are made wholly from imported raw beet sugars, the duty paid on the material used for each pound of the exported article may be determined by dividing the duty paid on 1 pound of the material by the decimal denoting the "net analysis" of such material, and then deducting from the amount so found, as an equivalent of the value of the material for the sirup product, the percentage of that amount corresponding to the polariscope test of the raw sugar used, indicated in the schedule on page 176.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

When "soft refined" sugars, made wholly from imported raw sugars, are exported with benefit of drawback, the drawback entry must show the respective values of such soft sugars and of standard granulated sugar on the same market; and the drawback per pound on the "soft refined" sugar shall be such part of the drawback per pound provided for "hard refined" sugar, made from the same kind and grade of material, as the value of such soft sugars is of the value of such granulated sugar.

The rate of drawback on the "soft refined" sugar may be fixed by use of the following proportion: As the value of 1 pound of standard granulated sugar is to the value of 1 pound of the "soft refined" sugar, so is the drawback provided for the pound of granulated sugar to the drawback allowable on the pound of "soft refined" sugar, made from like material.

The required values of the refined sugars, declared on the drawback entry, shall be verified by reference to standard market quotations on date of shipment.

The amount of drawback which may be allowed on the exported sirup products of raw sugar shall be determined by allowing for each gallon of the exported article, valued at 5 cents in condition as "thrown" from the "centrifugal," the duties paid on the respective grades and quantities of material used, as indicated in the schedule on page 177.

The value of the sirup, in condition as thrown from the centrifugal, shall be declared by the manufacturer on the drawback entry, which declaration shall be verified by the collector; and if the declaration so verified shows a value per gallon above or below 5 cents, the allowance shall be determined by increasing or reducing the schedule allowance in proportion to the increase or reduction above or below the 5 cents per gallon above specified; but in no case shall the allowance be based on a value of sirup exceeding 8 cents per gallon, without special authority from the Department.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

When imported raw cane and beet sugars are "blended" or mixed in the process of manufacturing refined sugars and sirups, the manufacturer's declaration must show, separately, the respective quantities of the different kinds and grades of the sugars so mixed. In liquidating entries covering portions or the products of such mixtures, drawback shall be based on proportionate quantities of material, corresponding to the quantities of the different kinds and grades of materials so mixed.

For a fraction of a degree of test of the raw sugar used in the manufacture of either refined sugar or sirup, the allowance of quantity of material shall be fixed by a proportionate division of the difference between the schedule allowances for the degrees next above and below such fraction.

The quantities of sugar and sirup exported shall be ascertained by United States weighers and gaugers, respectively; and samples shall be taken as ordered by the collector to be submitted to the appraiser, for report of polariscope test and such other expert inspection as may be requisite.

On requisition of collectors, appraising officers shall furnish polariscope tests, "net analyses," and other conditions of valuation of raw sugars, not found on the import invoice, for use in liquidation of drawback entries.

The manufacturer's declaration on the drawback entry must show the quantity or percentage of fine copper contained in the exported article, which declaration shall be verified by expert official analysis of samples to be taken from each lot exported. The quantity of copper which may be taken as the basis of liquidation of the entry may be determined by reference to such verified percentage and the weight of the exported article, as ascertained by a United States weigher.

Tin and terne plates, manufactured from imported "black plates" by the application of a tin or terne coating; base allowance on quantity of imported plates used.

The entry under which the merchandise is to be inspected and laden must show the number, brand, size, gauge, and weight of the finished plates in each package to be exported.

The manufacturer's declaration on the drawback entry must show the number, size, gauge, and weight of the imported black plates used in the manufacture of the exported tin or terne plates, and must also show the amount or percentage of increase in weight of the plates by reason of the addition of the tin or terne coating, which declaration, relative to gauge of black plates and increase of weight, shall be verified by expert official examination of samples to be taken as ordered by the collector.

The quantity of imported black plates used may be determined

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

by deducting such verified weight of coating from the weight of the exported article ascertained by a United States weigher.

Tin boxes, cans and "blanks" for cans, cups, cuspidors, lanterns, pails, pans, toilet sets, traps and all house-furnishing goods and tinware, manufactured wholly or in part from imported tin or terne plates, and not otherwise specially provided for; base allowance on quantity of imported plates used, to be determined under the following instructions:

When five-gallon, rectangular cans are made from a combination of two plates 14 by 19 $\frac{1}{4}$, with one plate 10 by 20 inches, the number of boxes of plates used shall be determined by allowing for each 100 cans exported, 1.664 boxes of 14 by 19 $\frac{1}{4}$ plates, 120 sheets per box, and .4432 of a box 10 by 20 plates, 225 sheets per box; and when cans of like size and form are made from a combination of two plates 14 by 18 $\frac{3}{4}$, with one plate 10 by 20 inches, the number of plates used shall be determined by allowing for each 100 cans exported, 1.6117 boxes 14 by 18 $\frac{3}{4}$ plates (52,460 square inches), 124 sheets per box, and .4432 of a box 10 by 20 plates (19,944 square inches), 225 sheets per box. The weight of plates used shall be determined by reference to number of boxes found as above and ascertained weight per box on importation.

The superficial quantity of tin or terne plates used in the manufacture of boxes or cans, other than the five-gallon cans above noted, or of other articles made from such plates, may be determined by measurement of the blanks or parts of which the box, can, or article is composed, and by the addition to surface quantity of the respective parts, to cover wastage in manufacture, of the following percentages:

	Per cent.
For rectangular blanks.....	3
For body pieces of frustum-shaped cans.....	7
For circular and oval blanks.....	15

The number of square inches of plate used being so found, the weight thereof may be determined by dividing such number of square inches by the number of square inches of plate in a box of the size identified by the manufacturer and multiplying the weight per box, on which duty was paid on importation, by the number of boxes so found.

In case blanks for cans, boxes, or other manufactures of tin or terne plate are in such form that the superficial quantity of plate therein cannot be readily determined by measurement, such superficial quantity may be found by weighing a measurable section cut from such blank, and comparing its weight with the weight of the blank. When a sample of the scrap resulting from the cutting of such blank is furnished with the sample blanks required for the use of the collector, the amount of plate used in the manufacture of the articles or parts in which such blanks appear may be determined by adding to the blanks, to cover wastage in manufacture, a quantity of plate equal to that part of the scrap resulting from cutting such blanks, which is rendered worthless for the ordinary uses of tin or terne plates, provided that such allowance shall in no case exceed 25 per cent of the weight of such blanks, except under special instruction from the Department.

Where articles are made from uncut plates, or rectangular

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

blanks cut from plates from which the rough edges have not been trimmed in process of manufacture, no allowance shall be made for wastage.

In case samples of cans or boxes and blanks (when blanks do not so appear in the finished articles that they may be measured) are not furnished by the exporter, the quantity of the material used may be determined by adding 5 per cent to the surface measurement of the finished article to cover seams and wastage in manufacture.

When articles entitled to drawback on exportation, made wholly from imported tin or terne plates, and on which no allowance for wastage is to be made, are exported in such condition that their weight may be determined by a United States weigher at the time of exportation, such weight shall be accepted as the basis for the liquidation of the drawback entry.

The foregoing instructions will apply to articles made from tin or terne plates manufactured in the United States from imported "black plates," and also to articles manufactured from imported black plates and subsequently tinned.

In case drawback is claimed on articles made from "black plates" so coated, the manufacturer's declaration on certificate of delivery (Form 128 C. R., 1892) or on the drawback entry must show the particulars of manufacture, subject to verification as in case of exportation of tin and terne plates made from such "black plates," which see.

Sample of articles shall be taken as ordered by the collector, for use in verification of manufacturer's and exporter's declarations.

Toilet waters, Cologne, Florida, and other, manufactured wholly from essential oils or other perfumes and imported alcohol; base allowance on quantity of imported alcohol used.

The entry under which the merchandise is to be inspected and laden must show, separately, the number and description of each kind of shipping case, the number and size of bottles, and the mode of packing in each case, the average quantity contained in each size and variety of bottles, and the quantity of the exported articles contained in each case and in the entire shipment.

In case the exported article is made under a fixed formula, the manufacturer must file with the collector, prior to the liquidation of the drawback entry, a sworn statement showing such formula and the mode of manufacture and of packing for shipment; and in all other cases the special formula of manufacture, together with a description of the mode of manufacture and packing, must accompany the drawback entry.

The manufacturer's declaration on the drawback entry must show, separately, the quantity of the manufactured article contained in each style of package, and the percentage of alcohol appearing in such article. Such declaration must show, in addition to the usual averments, that the exported article was manufactured and packed for shipment in manner as set forth in the fixed formula and statement filed with the collector, referring thereto by date, or as in the special formula and statement accompanying the drawback entry.

Samples shall be taken as ordered by the collector, to be submitted to the appraiser for report of the percentage of alcohol contained in the exported article, and for verification and report of the quantity of such article in the sample bottles, when the merchandise is packed in bottles. When the merchandise is exported in gaugeable packages the quantity shall be determined by a United States gauger.

In the liquidation of entries the quantity of alcohol on which allowance of drawback may be based shall be determined by

Wire rods, sheets, bars, etc., manufactured by United States Aluminum Co. T. D. 30978.

Wire rope, manufactured from imported iron or steel wire, or from wire entitled to drawback under this schedule, as "Wire, round, plain or galvanized," such wire rope being made with or without a vegetable fiber core; base allowance on quantities of imported materials used.

The manufacturer's declaration on the drawback entry must show, separately, the weight, length, and diameter of each rope, the number of wires of each kind and size or gauge of which the rope is composed, with the weight of each such kind and size, the kind and weight of the fiber core, if any, and the weight or percentage of paint or other coating added to the rope in process of manufacture.

Where the wire used in the manufacture of the rope was made in the United States, the declaration of the manufacturer of the rope must further show the particulars of the manufacture of the wire used, under provisions for "Wire, round, plain or galvanized."

The declarations of manufacturer and exporter as to weight of the exported article shall be verified by a United States weigher, and such declarations concerning relative quantities of the different kinds and sizes of wire used, and of core, coating, etc., shall be verified by expert official inspection of the exported article, or of samples to be taken when practicable as ordered by the collector.

Where the wire used in the manufacture of the rope is made from imported materials, the quantities of such materials used in the manufacture of the rope, on which drawback may be based, shall be determined by ascertaining the sum of the quantities used in the manufacture of the several kinds and sizes of the wire used, under provisions for "Wire, round, plain or galvanized."

Wire rope, manufactured by the Macomber & Whyte Rope Company, of Chicago, Ill., in part from imported wire. T. D. 24483.

Wire rope, manufactured by Pacific Wire Rope Co., Los Angeles, Cal. T. D. 31154.

Wire rope, manufactured by Williamsport Wire Rope Co., Williamsport, Pa. T. D. 31760.

Wire, round, plain or galvanized, manufactured wholly or in part from imported materials; base allowance on quantities of imported materials used, to be determined as indicated in the following schedules and specifications.

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

When such wire is made wholly from imported iron or steel blooms, billets, or bars, or from imported wire rods, the quantities of material used, on which allowance of drawback may be based, may not exceed the quantity found by adding to the weight of the exported wire, to cover wastage in manufacture, the percentages of such weight indicated in the following schedule, unless a greater percentage of allowance shall have been specially authorized by the Secretary of the Treasury:

When the exported wire is drawn from imported wire, allowance for wastage in drawing from size to size may be made for each such drawing, as indicated in the foregoing schedule, and to the weight of material so found there may be added eight-tenths of 1 per cent of such weight to cover waste incurred in the first annealing and pickling process.

When the exported wire is galvanized, the manufacturer's declaration on the drawback entry must show the quantity or percentage of spelter adhering to the different sizes of gauges of

(Note.—Accuracy and precision in customs proceedings are so essential to the interests of importers that the services of a competent broker are usually worth vastly more than the small cost of such services.)

the wire, respectively, and in case the wire is coated wholly with imported spelter on which drawback is claimed, the declaration on the drawback entry must also show the quantity and value of the spelter necessarily "worked" and exhausted in the process of galvanizing, the quantities and values of the resultant "dross" and "skimmings," and the quantity of total waste of spelter incident to such process of galvanizing.

Samples of the exported wire shall be taken as ordered by the collector, for expert official verification of the declarations of the manufacturer and exporter relative to kind and size of wire and quantity or percentage of spelter adhering thereto.

In liquidating entries for drawback on galvanized wire, the quantity of iron or steel wire used in the production of such galvanized wire may be determined by deducting the verified weight of the spelter coating from the weight of the exported article, as determined by a United States weigher, and adding to the quantity so found 1 per cent of such quantity to cover wastage in galvanizing.

In case the wire is coated wholly with imported spelter on which drawback is claimed, the quantity of spelter used and on which allowance of drawback may be based may be determined by deducting from the quantity of spelter identified as having been "worked" and "exhausted," a quantity equal in value to the resultant "dross" and "skimmings," expressed in terms of the spelter in condition as imported; provided that in no case shall the quantity of spelter taken as such basis of allowance exceed the quantity adhering to the wire by more than 46 per cent of such quantity, without special instructions from the Secretary of the Treasury.

Wire staples. (See Wire fencing.)

Wire, tinned. (See Tinned wire.)

AN ACT

To reduce tariff duties and to provide revenue for the Government, and for other purposes.

Be It enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That on and after the day following the passage of this Act, except as otherwise specially provided for in this Act, there shall be levied, collected, and paid upon all articles when imported from any foreign country into the United States or into any of its possessions (except the Philippine Islands and the islands of Guam and Tutuila) the rates of duty which are by the schedules and paragraphs of the dutiable list of this section prescribed, namely:

DUTIABLE LIST

Schedule A—Chemicals, Oils, and Paints

1. Acids: Boracic acid, $\frac{3}{4}$ cent per pound; citric acid, 5 cents per pound; formic acid, $1\frac{1}{2}$ cents per pound; gallic acid, 6 cents per pound; lactic acid, $1\frac{1}{2}$ cents per pound; oxalic acid, $1\frac{1}{2}$ cents per pound; pyrogallic acid, 12 cents per pound; salicylic acid, $2\frac{1}{2}$ cents per pound; tannic acid and tannin, 5 cents per pound; tartaric acid, $3\frac{1}{2}$ cents per pound; all other acids and acid anhydrides not specially provided for in this section, 15 per centum ad valorem.

2. Acetic anhydrid, $2\frac{1}{2}$ cents per pound.

3. Acetone, 1 cent per pound.

4. Dried egg albumen, 8 cents per pound.

5. Alkalies, alkaloids, and all chemical and medicinal compounds, preparations, mixtures and salts, and combinations thereof not specially provided for in this section, 15 per centum ad valorem.

6. Alumina, hydrate of, or refined bauxite; alum, alum cake, patent alum, sulphate of alumina, and aluminous cake, and all other manufactured compounds of alumina, not specially provided for in this section, 15 per centum ad valorem.

7. Ammonia, carbonate of, and muriate of, $\frac{3}{4}$ of 1 cent per pound; phosphate of, 1 cent per pound; liquid anhydrous, $2\frac{1}{2}$ cents per pound; ammoniacal gas liquor, 10 per centum ad valorem.

8. Argols or crude tartar or wine lees crude or partly refined, containing not more than 90 per centum of potassium bitartrate, 5 per centum ad valorem; containing more than 90 per centum

of potassium bitartrate, cream of tartar, and Rochelle salts or tartrate of soda and potassa, $2\frac{1}{2}$ cents per pound; calcium tartrate crude, 5 per centum ad valorem.

9. Balsams: Copaiba, fir or Canada, Peru, tolu, and all other balsams, which are natural and uncompounded and not suitable for the manufacture of perfumery and cosmetics, if in a crude state, not advanced in value or condition by any process or treatment whatever beyond that essential to the proper packing of the balsams and the prevention of decay or deterioration pending manufacture, all the foregoing not specially provided for in this section, 10 per centum ad valorem; if advanced in value or condition by any process or treatment whatever beyond that essential to the proper packing of the balsams and the prevention of decay or deterioration pending manufacture, all the foregoing not specially provided for in this section, 15 per centum ad valorem: **Provided**, That no article containing alcohol shall be classified for duty under this paragraph.

10. Barium, chloride of, $\frac{1}{4}$ cent per pound; dioxide of, $1\frac{1}{2}$ cents per pound; carbonate of, precipitated, 15 per centum ad valorem.

11. Blacking of all kinds, polishing powders, and all creams and preparations for cleaning or polishing, not specially provided for in this section, 15 per centum ad valorem: **Provided**, That no preparations containing alcohol shall be classified for duty under this paragraph.

12. Bleaching powder, or chloride of lime, $\frac{1}{10}$ cent per pound.

13. Caffein, \$1 per pound; compounds of caffein, 25 per centum ad valorem; impure tea, tea waste, tea siftings or sweepings, for manufacturing purposes in bond, pursuant to the provisions of the Act of May sixteenth, nineteen hundred and eight, 1 cent per pound.

14. Calomel, corrosive sublimate, and other mercurial preparations, 15 per centum ad valorem.

91. Spectacles, eyeglasses, and goggles, and frames for the same, or parts thereof, finished or unfinished, 35 per centum ad valorem.

92. Lenses of glass or pebble, molded or pressed, or ground and polished to a spherical, cylindrical, or prismatic form, and ground and polished plano or coquill glasses, wholly or partly manufactured, strips of glass, not more than three inches wide, ground or polished on one or both sides to a cylindrical or prismatic form, including those used in the construction of gauges, and glass slides for magic lanterns, 25 per centum ad valorem.

93. Opera and field glasses, optical instruments and frames and mountings for the same; all the foregoing not specially provided for in this section, 35 per centum ad valorem.

94. Surveying instruments, telescopes, microscopes, photographic and projection lenses, and frames and mountings for the same, 25 per centum ad valorem.

95. Stained or painted glass windows, or parts thereof, and all mirrors, not exceeding in size one hundred and forty-four square inches, with or without frames or cases; incandescent electric-light bulbs and lamps, with or without filaments; and all glass or manufactures of glass or paste or of which glass or paste is the component material of chief value, not specially provided for in this section, 30 per centum ad valorem.

96. Fusible and glass enamel, not specially provided for in this section, 20 per centum ad valorem; opal or cylinder glass tiles or tiling, 30 per centum ad valorem.

97. Marble, breccia, and onyx, in block, rough or squared

only, 50 cents per cubic foot; marble, breccia, and onyx, sawed or dressed, over two inches in thickness, 75 cents per cubic foot; slabs or paving tiles of marble or onyx, containing not less than four superficial inches, if not more than one inch in thickness, 6 cents per superficial foot; if more than one inch and not more than one and one-half inches in thickness, 8 cents per superficial foot; if more than one and one-half inches and not more than two inches in thickness, 10 cents per superficial foot; if rubbed in whole or in part, 2 cents per superficial foot in addition; mosaic cubes of marble or onyx, not exceeding two cubic inches in size, if loose, 20 per centum ad valorem; if attached to paper or other material, 35 per centum ad valorem.

98. Marble, breccia, onyx, alabaster, and jet, wholly or partly manufactured into monuments, benches, vases, and other articles, or of which these substances or either of them is the component material of chief value, and all articles composed wholly or in chief value of agate, rock crystal, or other semi-precious stones, except such as are cut into shapes and forms fitting them expressly for use in the construction of jewelry, not specially provided for in this section, 45 per centum ad valorem.

99. Freestone, granite, sandstone, limestone, lava, and all other stone suitable for use as monumental or building stone, except marble, breccia, and onyx, not specially provided for in this section, hewn, dressed, or polished, or otherwise manufactured, 25 per centum ad valorem; unmanufactured, or not dressed, hewn, or polished, 3 cents per cubic foot.

100. Grindstones, finished or unfinished, \$1.50 per ton.

101. Slates, slate chimney pieces, mantels, slabs for tables, roofing slates, and all other manufactures of slate, not specially provided for in this section, 10 per centum ad valorem.

Schedule C—Metals and Manufactures of

102. Chrome or chromium metal, ferrochrome or ferromolybdenum, ferromolybdenum, ferrophosphorus, ferrotitanium, ferrotungsten, ferrovandium, molybdenum, titanium, tantalum, tungsten or wolfram metal, and ferrosilicon, and other alloys used in the manufacture of steel, not specially provided for in this section, 15 per centum ad valorem.

103. Muck bars, bar iron, square iron, rolled or hammered, round iron, in coils or rods, bars or shapes of rolled or hammered iron not specially provided for in this section, 5 per centum ad valorem.

104. Beams, girders, joists, angles, channels, car-truck channels, T's, columns and posts or parts or sections of columns and posts, deck and bulb beams, sashes, frames, and building forms, together with all other structural shapes of iron or steel, whether plain, punched, or fitted for use, or whether assembled or manufactured, 10 per centum ad valorem.

105. Boiler or other plate iron or steel, and strips of iron or steel, not specially provided for in this section; sheets of iron or steel, common or black, of whatever dimensions, whether plain, corrugated or crimped, including crucible plate steel and saw plates, cut or sheared to shape or otherwise, or un-

sheared, and skelp iron or steel, whether sheared or rolled in grooves, or otherwise, 12 per centum ad valorem.

106. Iron or steel anchors or parts thereof; forgings of iron or steel, or of combined iron and steel, but not machined, tooled, or otherwise advanced in condition by any process or operation subsequent to the forging process, not specially provided for in this section, 12 per centum ad valorem; anti-friction balls, ball bearings, and roller bearings, of iron or steel or other metal, finished or unfinished, and parts thereof, 35 per centum ad valorem.

107. Hoop, band, or scroll iron or steel not otherwise provided for in this section, and barrel hoops of iron or steel, wholly or partly manufactured, 10 per centum ad valorem.

108. Railway fishplates or splice bars made of iron or steel, 10 per centum ad valorem.

109. All iron or steel sheets, plates, or strips, and all hoop, band, or scroll iron or steel, when galvanized or coated with zinc, spelter, or other metals, or any alloy of those metals; sheets or plates composed of iron, steel, copper, nickel, or other metal with layers of other metal or metals imposed thereon by forging, hammering, rolling, or welding; sheets of iron or steel, polished, planished, or glanced, by whatever name designated, including such as have been pickled or cleaned by acid, or by any other material or process, or which are cold rolled, smoothed only, not polished, and such as are cold hammered, blued, brightened, tempered, or polished by any process to such perfected surface finish or polish better than the grade of cold rolled, smoothed only; and sheets or plates of iron or steel, or taggers iron or steel, coated with tin or lead, or with a mixture of which these metals, or either of them is a component part, by the dipping or any other process, and commercially known as tin plates,terne plates, and taggers tin, and tin plates coated with metal, and metal sheets decorated in colors or coated with nickel or other metals by dipping, printing, stenciling, or other process, 15 per centum ad valorem.

110. Steel bars, and tapered or beveled bars; mill shafting; pressed, sheared, or stamped shapes, not advanced in value or condition by any process or operation subsequent to the process of stamping; hammer molds or swaged steel; gun-barrel molds not in bars; all descriptions and shapes of dry sand, loam, or iron molded steel castings, sheets, and plates; all the foregoing, if made by the Bessemer, Siemens-Martin, open-hearth, or similar processes, not containing alloys, such as nickel, cobalt, vanadium, chromium, tungsten or wolfram, molybdenum, titanium, iridium, uranium, tantalum, boron, and similar alloys, 8 per centum ad valorem; steel ingots, cogged ingots, blooms and slabs, die blocks or blanks; billets and bars and tapered or beveled bars; pressed, sheared, or stamped shapes not advanced in value or condition by any process or operation subsequent to the process of stamping; hammer molds or swaged steel; gun-barrel molds not in bars; alloys used as substitutes for steel in the manufacture of tools; all descriptions and shapes of dry sand, loam, or iron molded castings, sheets, and plates; rolled wire rods in coils or bars not smaller than twenty one-hundredths of one inch in diameter, and steel not

specially provided for in this section, all the foregoing when made by the crucible, electric, or cementation process, either with or without alloys, and finished by rolling, hammering, or otherwise, and all steels by whatever process made, containing alloys such as nickel, cobalt, vanadium, chromium, tungsten, wolfram, molybdenum, titanium, iridium, uranium, tantalum, boron, and similar alloys, 15 per centum ad valorem.

111. Steel wool or steel shavings, 20 per centum ad valorem.

112. Grit, shot, and sand made of iron or steel, that can be used as abrasives, 30 per centum ad valorem.

113. Rivet, screw, fence, nail, and other iron or steel wire rods, whether round, oval, or square, or in any other shape, and flat rods up to six inches in width ready to be drawn or rolled into wire or strips, all the foregoing in coils or otherwise, including wire rods and iron or steel bars, cold rolled, cold drawn, cold hammered, or polished in any way in addition to the ordinary process of hot rolling or hammering, not specially provided for in this section, 10 per centum ad valorem: Provided, That all round iron or steel rods smaller than twenty one-hundredths of one inch in diameter shall be classed and dutiable as wire.

114. Round iron or steel wire; wire composed of iron, steel, or other metal, except gold or silver, covered with cotton, silk, or other material; corset clasps, corset steels, dress steels, and all flat wires and steel in strips not thicker than number fifteen wire gauge and not exceeding five inches in width, whether in long or short lengths, in coils or otherwise, and whether rolled or drawn through dies or rolls, or otherwise produced; telegraph, telephone, and other wires and cables composed of metal and rubber, or of metal, rubber, and other materials; iron and steel wire coated by dipping, galvanizing, or similar process with zinc, tin, or other metal; all other wire not specially provided for in this section and articles manufactured wholly or in chief value of any wire or wires provided for in this section; all the foregoing 15 per centum ad valorem; wire heddles and healds, 25 per centum ad valorem; wire rope, 30 per centum ad valorem.

115. No article not specially provided for in this section, which is wholly or partly manufactured from tin plate, terne plate, or the sheet, plate, hoop, band, or scroll iron or steel herein provided for, or of which such tin plate, terne plate, sheet, plate, hoop, band, or scroll iron or steel shall be the material of chief value, shall pay a lower rate of duty than that imposed on the tin plate, terne plate, or sheet, plate, hoop, band, or scroll iron or steel from which it is made, or of which it shall be the component thereof of chief value.

116. No allowance or reduction of duties for partial loss or damage in consequence of rust or of discoloration shall be made upon any description of iron or steel, or upon any article wholly or partly manufactured of iron or steel, or upon any manufacture of iron or steel.

117. All metal produced from iron or its ores, which is cast and malleable, of whatever description or form, without regard to the percentage of carbon contained therein, whether produced by cementation, or converted, cast, or made from iron

or its ores, by the crucible, Bessemer, Clapp-Griffith, pneumatic, Thomas-Gilchrist, basic, Siemens-Martin, or open-hearth process, or by the equivalent of either, or by a combination of two or more of the processes, or their equivalents, or by any fusion or other process which produces from iron or its ores a metal either granular or fibrous in structure, which is cast and malleable, excepting what is known as malleable-iron castings, shall be classed and denominated as steel.

118. Anvils of iron or steel, or of iron and steel combined, by whatever process made, or in whatever stage of manufacture, 15 per centum ad valorem.

119. Automobiles, valued at \$2,000 or more, and automobile bodies, 45 per centum ad valorem; automobiles valued at less than \$2,000, 30 per centum ad valorem; automobile chassis, and finished parts of automobiles, not including tires, 30 per centum ad valorem.

120. Bicycles, motor cycles, and finished parts thereof, not including tires, 25 per centum ad valorem.

121. Axles, or parts thereof, axle bars, axle blanks, or forgings for axles, whether of iron or steel, without reference to the stage or state of manufacture, not otherwise provided for in this section, 10 per centum ad valorem: **Provided,** That when iron or steel axles are imported fitted in wheels, or parts of wheels, of iron or steel, they shall be dutiable at the same rate as the wheels in which they are fitted.

122. Blacksmiths' hammers, tongs, and sledges, track tools, wedges, and crowbars, whether of iron or steel, 10 per centum ad valorem.

123. Nuts or nut blanks, and washers, 5 per centum ad valorem; bolts of iron or steel, with or without threads or nuts, or bolt blanks, finished hinges or hinge blanks, 10 per centum ad valorem; spiral nut locks and lock washers, whether of iron or steel, 30 per centum ad valorem.

124. Card clothing not actually and permanently fitted to and attached to carding machines or to parts thereof at the time of importation, when manufactured with round iron or untempered round steel wire, 10 per centum ad valorem; when manufactured with tempered round steel wire, or with plated wire or other than round iron or steel wire, or with felt face, or wool face, or rubber face cloth containing wool, 35 per centum ad valorem.

125. Cast iron pipe of every description, cast-iron andirons, plates, stove plates, sadirons, tailor's irons, hatter's irons, and castings and vessels wholly of cast iron, including all castings of iron or cast-iron plates which have been chiseled, drilled, machined, or otherwise advanced in condition by processes or operations subsequent to the casting process but not made up into articles or finished machine parts; castings of malleable iron not specially provided for in this section; cast hollow ware, coated, glazed, or tinned, 10 per centum ad valorem.

126. Chain or chains of all kinds, made of iron or steel, not specially provided for in this section, 20 per centum ad valorem; sprocket and machine chains, 25 per centum ad valorem.

127. Lap-welded, butt-welded, seamed, or jointed iron or

steel tubes, pipes, flues, or stays; cylindrical or tubular tanks or vessels, for holding gas, liquids, or other material, whether full or empty; flexible metal tubing or hose, not specially provided for in this section, whether covered with wire or other material, or otherwise, including any appliances or attachments affixed thereto; welded cylindrical furnaces, tubes or flues made from plate metal, and corrugated, ribbed, or otherwise reenforced against collapsing pressure, and all other iron or steel tubes, finished, not specially provided for in this section, 20 per centum ad valorem.

128. Penknives, pocketknives, clasp knives, pruning knives, budding knives, erasers, manicure knives, and all knives by whatever name known, including such as are denominatively mentioned in this section, which have folding or other than fixed blades or attachments, and razors, all the foregoing, whether assembled but not fully finished or finished; valued at not more than \$1 per dozen, 35 per centum ad valorem; valued at more than \$1 per dozen, 55 per centum ad valorem: Provided, That blades, handles, or other parts of any of the foregoing knives, razors, or erasers shall be dutiable at not less than the rate herein imposed upon the knives, razors, and erasers, of which they are parts. Scissors and shears, and blades for the same, finished or unfinished, 30 per centum ad valorem: Provided further, That all articles specified in this paragraph shall, when imported, have the name of the maker or purchaser and beneath the same the name of the country of origin die-sunk conspicuously and indelibly on the blade, shank, or tang of at least one or, if practicable, each and every blade thereof.

129. Sword blades, and swords and side arms, irrespective of quality or use, in part of metal, 30 per centum ad valorem.

130. Table, butchers', carving, cooks', hunting, kitchen, bread, butter, vegetable, fruit, cheese, carpenters' bench, curriers', drawing, farriers', fleshing, hay, tanners', plumbers', painters', palette, artists', and shoe knives, forks and steels, finished or unfinished, without handles, 25 per centum ad valorem; with handles, 30 per centum ad valorem: Provided, That all the articles specified in this paragraph, when imported, shall have the name of the maker or purchaser, and beneath the same the name of the country of origin indelibly stamped or branded thereon in a place that shall not be covered thereafter.

131. Files, file blanks, rasps, and floats, of all cuts and kinds, 25 per centum ad valorem.

132. Muskets, air-rifles, muzzle-loading shotguns and rifles, and parts thereof, 15 per centum ad valorem.

133. Breech-loading shotguns and rifles, combination shotguns and rifles, and parts thereof and fittings therefor, including barrels further advanced than rough bored only; pistols, whether automatic, magazine, or revolving, or parts thereof and fittings therefor, 35 per centum ad valorem.

134. Table, kitchen, and hospital utensils or other similar hollow ware composed of iron or steel, enameled or glazed with vitreous glasses; table, kitchen, and hospital utensils or other similar hollow ware composed wholly or in chief value of

aluminum; all the foregoing not especially provided for in this section, 25 per centum ad valorem.

135. Needles for knitting or sewing machines, latch needles, crochet needles, and tape needles, knitting and all other needles not specially provided for in this section, bodkins of metal, and needle cases or needle books furnished with assortments of needles or combinations of needles and other articles, 20 per centum ad valorem; but no articles other than the needles which are specifically named in this section shall be dutiable as needles unless having an eye and fitted and used for carrying a thread.

136. Fishhooks, fishing rods and reels, artificial flies, artificial baits, snelled hooks, and all other fishing tackle or parts thereof, not specially provided for in this section, except fishing lines, fishing nets and seines, 30 per centum ad valorem: **Provided,** That any prohibition of the importation of feathers in this section shall not be construed as applying to artificial flies used for fishing.

137. Steel plates engraved, stereotype plates, electrotypes plates, halftone plates, photogravure plates, photo-engraved plates, and plates of other materials, engraved for printing, plates of iron or steel engraved or fashioned for use in the production of designs, patterns, or impressions on glass in the process of manufacturing plate or other glass, 15 per centum ad valorem; lithographic plates of stone or other material engraved, drawn, or prepared, and wet transfer paper or paper prepared wholly with glycerin, or glycerin combined with other materials, containing the imprints taken from lithographic plates, 25 per centum ad valorem.

138. Rivets, studs, and steel points, lathed, machined, or brightened, and rivets or studs for nonskidding automobile tires, and rivets of iron or steel, not specially provided for in this section, 20 per centum ad valorem.

139. Crosscut saws, mill saws, pit and drag saws, circular saws, steel band saws, finished or further advanced than tempered and polished, hand, back, and all other saws, not specially provided for in this section, 12 per centum ad valorem.

140. Screws, commonly called wood screws, made of iron or steel, 25 per centum ad valorem.

141. Umbrella and parasol ribs and stretchers, composed in chief value of iron, steel, or other metal, in frames or otherwise, and tubes for umbrellas, wholly or partially finished, 35 per centum ad valorem.

142. Wheels for railway purposes, or parts thereof, made of iron or steel, and steel-tired wheels for railway purposes, whether wholly or partly finished, and iron or steel locomotive, car, or other railway tires or parts thereof, wholly or partly manufactured, 20 per centum ad valorem: **Provided,** That when wheels for railway purposes, or parts thereof, of iron or steel, are imported with iron or steel axles fitted in them, the wheels and axles together shall be dutiable at the same rate as is provided for the wheels when imported separately.

143. Aluminum, aluminum scrap, and alloys of any kind in which aluminum is the component material of chief value, in crude form, 2 cents per pound; aluminum in plates, sheets, bars, strips, and rods, $3\frac{1}{2}$ cents per pound; barium, calcium, mag-

nesium, sodium, and potassium, and alloys of which said metals are the component material of chief value, 25 per centum ad valorem.

144. Antimony, as regulus or metal, and matte containing antimony but not containing more than 10 per centum of lead, 10 per centum ad valorem; antimony oxide, salts, and compounds of, 25 per centum ad valorem.

145. Argentine, albata, or German silver, unmanufactured, 15 per centum ad valorem.

146. Bronze powder, brocades, flitters, and metallics; bronze, or Dutch-metal or aluminum, in leaf, 25 per centum ad valorem.

147. Copper, in rolled plates, called braziers' copper, sheets, rods, strips, pipes, and copper bottoms, sheating or yellow metal of which copper is the component material of chief value, and not composed wholly or in part of iron ungalvanized, 5 per centum ad valorem.

148. Gold leaf, 35 per centum ad valorem.

149. Silver leaf, 30 per centum ad valorem.

150. Tinsel wire, lame or lahn, made wholly or in chief value of gold, silver, or other metal, 6 per centum ad valorem; bullions and metal threads, made wholly or in chief value of tinsel wire, lame or lahn, 25 per centum ad valorem; fabrics, ribbons, beltings, toys, or other articles, made wholly or in chief value of tinsel wire, lame or lahn, or of tinsel wire, lame, or lahn, and india rubber, bullions, or metal threads, not specially provided for in this section, 40 per centum ad valorem.

151. Belt buckles, trousers buckles, waistcoat buckles, snap fasteners and clasps by whatever name known, any of the foregoing made wholly or in chief value of iron or steel; hooks and eyes, metallic; steel trousers buttons, and metal buttons; all the foregoing and parts thereof, not otherwise specially provided for in this section, 15 per centum ad valorem.

152. Lead-bearing ores of all kinds containing more than 3 per centum of lead, $\frac{3}{4}$ cent per pound on the lead contained therein: **Provided**, That on all importations of lead-bearing ores the duties shall be estimated at the port of entry, and a bond given in double the amount of such estimated duties for the transportation of the ores by common carriers bonded for the transportation of appraised or unappraised merchandise to properly equipped sampling or smelting establishments, whether designated as bonded warehouses or otherwise. On the arrival of the ores at such establishments they shall be sampled according to commercial methods under the supervision of Government officers, who shall be stationed at such establishments, and who shall submit the samples thus obtained to a Government assayer, designated by the Secretary of the Treasury, who shall make a proper assay of the sample and report the result to the proper customs officers, and the import entries shall be liquidated thereon, except in case of ores that shall be removed to a bonded warehouse to be refined for exportation as provided by law. And the Secretary of the Treasury is authorized to make all necessary regulations to enforce the provisions of this paragraph.

153. Lead dross, lead bullion or base bullion, lead in pigs and bars, lead in any form not specially provided for in this

section, old refuse lead run into blocks and bars, and old scrap lead fit only to be remanufactured; lead in sheets, pipe, shot, glaziers' lead, and lead wire; all the foregoing, 25 per centum ad valorem, on the lead contained therein.

154. Metallic mineral substances in a crude state, and metals unwrought, whether capable of being wrought or not, not specially provided for in this section, 10 per centum ad valorem; monazite sand and thorite; thorium, oxide of and salts of; gas, kerosene, or alcohol mantles treated with chemicals or metallic oxides, 25 per centum ad valorem; and gas-mantle scrap consisting in chief value of metallic oxides, 10 per centum ad valorem.

155. Nickel, nickel oxide, alloy of any kind in which nickel is a component material of chief value, in pigs, ingots, bars, rods, or plates, 10 per centum ad valorem; sheets or strips, 20 per centum ad valorem.

156. Pens, metallic, not specially provided for in this section, 8 cents per gross; with nib and barrel in one piece, 12 cents per gross.

157. Penholder tips, penholders and parts thereof, gold pens, fountain pens, and stylographic pens; combination penholders, comprising penholder, pencil, rubber eraser, automatic stamp, or other attachment, 25 per centum ad valorem: **Provided**, That pens and penholders shall be assessed for duty separately.

158. Pins with solid heads, without ornamentation, including hair, safety, hat, bonnet, and shawl pins; any of the foregoing composed wholly of brass, copper, iron, steel, or other base metal, not plated with gold or silver, and not commonly known as jewelry, 20 per centum ad valorem.

159. Quicksilver, 10 per centum ad valorem. The flasks, bottles, or other vessels in which quicksilver is imported shall be subject to the same rate of duty as they would be subjected to if imported empty.

160. Type metal, and types, 15 per centum ad valorem.

161. Watch movements, whether imported in cases or not, watchcases and parts of watches, chronometers, box or ship, and parts thereof, lever clock movements having jewels in the escapement, and clocks containing such movements, all other clocks and parts thereof, not otherwise provided for in this section, whether separately packed or otherwise, not composed wholly or in chief value of china, porcelain, parian, bisque, or earthenware, 30 per centum ad valorem; all jewels for use in the manufacture of watches, clocks, or meters, 10 per centum ad valorem; time detectors, 15 per centum ad valorem; enameled dials and dial plates for watches or other instruments, 30 per centum ad valorem: **Provided**, That all watch and clock dials, whether attached to movements or not, shall have indelibly painted or printed thereon the name of the country of origin, and that all watch movements, and plates, lever clock movements with jewels in the escapement, whether imported assembled or knocked down for reassembling, and cases of foreign manufacture, shall have the name of the manufacturer and country of manufacture cut, engraved, or die-sunk conspicuously and indelibly on the plate of the movement and

the inside of the case, respectively, and the movements and plates shall also have marked thereon by one of the methods indicated the number of jewels and adjustments, said numbers to be expressed either in words or in Arabic numerals; and if the movement is not adjusted, the word "unadjusted" shall be marked thereon by one of the methods indicated; and none of the aforesaid articles shall be delivered to the importer unless marked in exact conformity to this direction.

162. Zinc-bearing ores of all kinds, including calamine, 10 per centum ad valorem upon the zinc contained therein: **Provided,** That on all importations of zinc-bearing ores the duties shall be estimated at the port of entry, and a bond given in double the amount of such estimated duties for the transportation of the ores by common carriers bonded for the transportation of appraised or unappraised merchandise to properly equipped sampling or smelting establishments, whether designated as bonded warehouses or otherwise. On the arrival of the ores at such establishments they shall be sampled according to commercial methods under the supervision of Government officers, who shall be stationed at such establishments, and who shall submit the samples thus obtained to a Government assayer, designated by the Secretary of the Treasury, who shall make a proper assay of the sample and report the result to the proper custom officers, and the import entries shall be liquidated thereon, except in case of ores that shall be removed to a bonded warehouse to be refined for exportation as provided by law. And the Secretary of the Treasury is authorized to make all necessary regulations to enforce the provisions of this paragraph.

163. Zinc in blocks, pigs, or sheets, and zinc dust; and old and worn-out zinc fit only to be remanufactured, 15 per centum ad valorem.

164. Bottle caps of metal, collapsible tubes, and sprinkler tops, if not decorated, colored, waxed, lacquered, enameled, lithographed, electroplated, or embossed in color, 30 per centum ad valorem; if decorated, colored, waxed, lacquered, enameled, lithographed, electroplated, or embossed in color, 40 per centum ad valorem.

165. All steam engines, steam locomotives, printing presses, and machine tools, 15 per centum ad valorem; embroidering machines, and lace-making machines, including machines for making lace curtains, nets, or nettings, 25 per centum ad valorem; machine tools as used in this paragraph shall be held to mean any machine operated by other than hand power which employs a tool for working on metal.

166. Nippers and pliers of all kinds wholly or partly manufactured, 30 per centum ad valorem.

167. Articles or wares not specially provided for in this section; if composed wholly or in part of platinum, gold, or silver, and articles or wares plated with gold or silver, and whether partly or wholly manufactured, 50 per centum ad valorem; if composed wholly or in chief value of iron, steel, lead, copper, brass, nickel, pewter, zinc, aluminum, or other metal, but not plated with gold or silver, and whether partly or wholly manufactured, 20 per centum ad valorem.

Schedule D—Wood and Manufactures of

168. Briar root or briar wood, ivy or laurel root, and similar wood unmanufactured, or not further advanced than cut into blocks suitable for the articles into which they are intended to be converted, 10 per centum ad valorem.

169. Cedar commercially known as Spanish cedar, *lignum-vitae*, lancewood, ebony, box, granadilla, mahogany, rosewood, and satinwood; all the foregoing when sawed into boards, planks, deals, or other forms, and not specially provided for in this section, and all cabinet woods not further manufactured than sawed, 10 per centum ad valorem; veneers of wood, 15 per centum ad valorem.

170. Paving posts, railroad ties, and telephone, trolley, electric-light, and telegraph poles of cedar or other woods, 10 per centum ad valorem.

171. Casks, barrels, and hogsheads (empty), sugar-box shooks, and packing boxes (empty), and packing-box shooks, of wood, not specially provided for in this section, 15 per centum ad valorem.

172. Boxes, barrels, or other articles containing oranges, lemons, limes, grapefruit, shaddocks, or pomelos, 15 per centum ad valorem: **Provided**, That the thin wood, so called, comprising the sides, tops and bottoms of fruit boxes of the growth and manufacture of the United States, exported as fruit box shooks, may be reimported in completed form, filled with fruit, without the payment of duty; but proof of the identity of such shooks shall be made under regulations to be prescribed by the Secretary of the Treasury.

173. Chair cane or reeds wrought or manufactured from rattans or reeds, 10 per centum ad valorem; osier or willow, including chip of and split willow, prepared for basket makers' use, 10 per centum ad valorem; manufactures of osier or willow and willow furniture, 25 per centum ad valorem.

174. Toothpicks of wood or other vegetable substance, 25 per centum ad valorem; butchers' and packers' skewers of wood, 10 cents per thousand.

175. Blinds, curtains, shades, or screens any of the foregoing in chief value of bamboo, wood, straw, or compositions of wood, not specially provided for in this section, 20 per centum ad valorem; if stained, dyed, painted, printed, polished, grained, or creosoted, and baskets in chief value of like material, 25 per centum ad valorem.

176. House or cabinet furniture wholly or in chief value of wood, wholly or partly finished, and manufactures of wood or bark, or of which wood or bark is the component material of chief value, not specially provided for in this section, 15 per centum ad valorem.

Section II

A. Subdivision 1. That there shall be levied, assessed, collected and paid annually upon the entire net income arising or accruing from all sources in the preceding calendar year to every citizen of the United States, whether residing at home or abroad, and to every person residing in the United States, though not a citizen thereof, a tax of 1 per centum per annum upon such income, except as hereinafter provided; and a like tax shall be assessed, levied, collected, and paid annually upon the entire net income from all property owned and of every business, trade, or profession carried on in the United States by persons residing elsewhere.

Subdivision 2. In addition to the income tax provided under this section (herein referred to as the normal income tax) there shall be levied, assessed, and collected upon the net income of every individual an additional income tax (herein referred to as the additional tax) of 1 per centum per annum upon the amount by which the total net income exceeds \$20,000 and does not exceed \$50,000, and 2 per centum per annum upon the amount by which the total net income exceeds \$50,000 and does not exceed \$75,000, 3 per centum per annum upon the amount by which the total net income exceeds \$75,000 and does not exceed \$100,000, 4 per centum per annum upon the amount by which the total net income exceeds \$100,000 and does not exceed \$250,000, 5 per centum per annum upon the amount by which the total net income exceeds \$250,000 and does not exceed \$500,000, and 6 per centum per annum upon the amount by which the total net income exceeds \$500,000. All the provisions of this section relating to individuals who are to be chargeable with the normal income tax, so far as they are applicable and are not inconsistent with this subdivision of paragraph A, shall apply to the levy, assessment, and collection of the additional tax imposed under this section. Every person subject to this additional tax shall, for the purpose of its assessment and collection, make a personal return of his total net income from all sources, corporate or otherwise, for the preceding calendar year, under rules and regulations to be prescribed by the Commissioner of Internal Revenue and approved by the Secretary of the Treasury. For the purpose of this additional tax the taxable income of any individual shall embrace the share to which he would be entitled of the gains and profits, if divided or distributed, whether divided or distributed or not, of all corporations, joint-stock companies, or associations however created or organized, formed or fraudulently availed of for the purpose of preventing the imposition of such tax through the medium of permitting such gains and profits to accumulate instead of being divided or distributed; and the fact that any such corporation, joint-stock company, or association, is a mere holding company, or that the gains and profits are permitted to accumulate beyond the reasonable needs of the business shall be prima facie evidence of a fraudulent purpose to escape such tax; but the fact that the gains and profits are in any case permitted to accumulate and become surplus shall not be construed as evidence of a purpose to escape the said tax in such case unless the Secretary of the Treasury shall certify that in his opinion such accumulation is unreasonable for the purposes of the business. When requested by the Commissioner of Internal Revenue, or any district collector of internal revenue, such corporation, joint-stock company, or association shall forward to him a correct statement of such profits and the names of the individuals who would be entitled to the same if distributed.

B. That, subject only to such exemptions and deductions as are hereinafter allowed, the net income of a taxable person shall include gains, profits, and income derived from salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations,

businesses, trade, commerce, or sales, or dealings in property, whether real or personal, growing out of the ownership or use of or interest in real or personal property, also from interest, rent, dividends, securities, or the transaction of any lawful business carried on for gain or profit, or gains or profits and income derived from any source whatever, including the income from but not the value of property acquired by gift, bequest, devise, or descent: **Provided**, That the proceeds of life insurance policies paid upon the death of the person insured or payments made by or credited to the insured, on life insurance, endowment, or annuity contracts, upon the return thereof to the insured at the maturity of the term mentioned in the contract, or upon surrender of contract, shall not be included as income.

That in computing net income for the purpose of the normal tax there shall be allowed as deductions: First, the necessary expenses actually paid in carrying on any business, not including personal, living, or family expenses; second, all interest paid within the year by a taxable person on indebtedness; third, all national, State, county, school, and municipal taxes paid within the year, not including those assessed against local benefits; fourth, losses actually sustained during the year, incurred in trade or arising from fires, storms, or shipwreck, and not compensated for by insurance or otherwise; fifth, debts due to the taxpayer actually ascertained to be worthless and charged off within the year; sixth, a reasonable allowance for the exhaustion, wear and tear of property arising out of its use or employment in the business, not to exceed, in the case of mines, 5 per centum of the gross value at the mine of the output for the year for which the computation is made, but no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made: **Provided**, That no deduction shall be allowed for any amount paid out for new buildings, permanent improvements, or betterments, made to increase the value of any property or estate; seventh, the amount received as dividends upon the stock or from the net earnings of any corporation, joint stock company, association, or insurance company which is taxable upon its net income as hereinafter provided; eighth, the amount of income, the tax upon which has been paid or withheld for payment at the source of the income, under the provisions of this section, provided that whenever the tax upon the income of a person is required to be withheld and paid at the source as hereinafter required, if such annual income does not exceed the sum of \$3,000 or is not fixed or certain, or is indefinite, or irregular as to amount or time of accrual, the same shall not be deducted in the personal return of such person.

The net income from property owned and business carried on in the United States by persons residing elsewhere shall be computed upon the basis prescribed in this paragraph and that part of paragraph G of this section relating to the computation of the net income of corporations, joint-stock and insurance companies, organized, created, or existing under the laws of foreign countries, in so far as applicable.

That in computing net income under this section there shall be excluded the interest upon the obligations of a State or any political subdivision thereof, and upon the obligations of the United States or its possessions; also the compensation of the present President of the United States during the term for which he has been elected, and of the judges of the supreme and inferior courts of the United States now in office, and the compensation of all officers and employees of a State or any political subdivision thereof except when such compensation is paid by the United States Government.

C. That there shall be deducted from the amount of the net income of each of said persons, ascertained as provided herein, the sum of \$3,000, plus \$1,000 additional if the person making the return be a married man with a wife living with him, or plus the sum of \$1,000 additional if the person making the return be a married woman with a husband living with her; but in no event shall this additional exemption of \$1,000 be deducted by both a husband and a wife: **Provided**, That only one deduction of \$4,000 shall be made from the aggregate income of both husband and wife when living together.

D. The said tax shall be computed upon the remainder of said net income of each person subject thereto, accruing during each preceding calendar year ending December thirty-first: **Provided**, however, That for the year ending December thirty-first, nineteen hundred and thirteen, said tax shall be computed on the net income accruing from March first to December thirty-first, nineteen hundred and thirteen, both dates inclusive, after deducting five-sixths only of the specific exemptions and deductions herein provided for. On or before the first day of March, nineteen hundred and fourteen, and the first day of March in each year thereafter, a true and accurate return, under oath or affirmation, shall be made by each person of lawful age, except as hereinafter provided, subject to the tax imposed by this section, and having a net income of \$3,000 or over for the taxable year, to the collector of internal revenue for the district in which such person resides or has his principal place of business, or, in the case of a person residing in a foreign country, in the place where his principal business is carried on within the United States, in such form as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe, setting forth specifically the gross amount of income from all separate sources and from the total thereof, deducting the aggregate items or expenses and allowance herein authorized; guardians, trustees, executors, administrators, agents, receivers, conservators, and all persons, corporations, or associations acting in any fiduciary capacity, shall make and render a return of the net income of the person for whom they act, subject to this tax, coming into their custody or control and management, and be subject to all the provisions of this section which apply to individuals: **Provided**, That a return made by one or two or more joint guardians, trustees, executors, administrators, agents, receivers, and conservators, or other persons acting in a fiduciary capacity, filed in the district where such person resides, or in the district where the will or other instrument under which he

acts is recorded, under such regulations as the Secretary of the Treasury may prescribe, shall be a sufficient compliance with the requirements of this paragraph; and also all persons, firms, companies, copartnerships, corporations, joint-stock companies or associations, and insurance companies, except as hereinafter provided, in whatever capacity acting, having the control, receipt, disposal, or payment of fixed or determinable annual or periodical gains, profits, and income of another person subject to tax, shall in behalf of such person deduct and withhold from the payment an amount equivalent to the normal income tax upon the same and make and render a return, as aforesaid, but separate and distinct, of the portion of the income of each person from which the normal tax has been thus withheld, and containing also the name and address of such person or stating that the name and address or the address, as the case may be, are unknown: **Provided**, That the provision requiring the normal tax of individuals to be withheld at the source of the income shall not be construed to require any of such tax to be withheld prior to the first day of November, nineteen hundred and thirteen: **Provided further**, That in either case above mentioned no return of income not exceeding \$3,000 shall be required: **Provided further**, That any persons carrying on business in partnership shall be liable for income tax only in their individual capacity, and the share of the profits of a partnership to which any taxable partner would be entitled if the same were divided, whether divided or otherwise, shall be returned for taxation and the tax paid, under the provisions of this section, and any such firm, when requested by the Commissioner of Internal Revenue, or any district collector, shall forward to him a correct statement of such profits and the names of the individuals who would be entitled to the same, if distributed: **Provided further**, That persons liable for the normal income tax only, on their own account or in behalf of another, shall not be required to make return of the income derived from dividends on the capital stock or from the net earnings of corporations, joint-stock companies or associations, and insurance companies taxable upon their net income as hereinafter provided. Any person for whom return has been made and the tax paid, or to be paid as aforesaid, shall not be required to make a return unless such person has other net income, but only one deduction of \$3,000 shall be made in the case of any such person. The collector or deputy collector shall require every list to be verified by the oath or affirmation of the party rendering it. If the collector or deputy collector have reason to believe that the amount of any income returned is understated, he shall give due notice to the person making the return to show cause why the amount of the return should not be increased, and upon proof of the amount understated may increase the same accordingly. If dissatisfied with the decision of the collector, such person may submit the case, with all the papers, to the Commissioner of Internal Revenue for his decision, and may furnish sworn testimony of witnesses to prove any relevant facts.

E. That all assessments shall be made by the Commissioner of Internal Revenue and all persons shall be notified of the

amount for which they are respectively liable on or before the first day of June of each successive year, and said assessments shall be paid on or before the thirtieth day of June, except in cases of refusal or neglect to make such return and in cases of false or fraudulent returns, in which cases the Commissioner of Internal Revenue shall, upon the discovery thereof, at any time within three years after said return is due, make a return upon information obtained as provided for in this section or by existing law, and the assessment made by the Commissioner of Internal Revenue thereon shall be paid by such person or persons immediately upon notification of the amount of such assessment; and to any sum or sums due and unpaid after the thirtieth day of June in any year, and for ten days after notice and demand thereof by the collector, there shall be added the sum of 5 per centum on the amount of tax unpaid, and interest at the rate of 1 per centum per month upon said tax from the time the same became due, except from the estates of insane, deceased, or insolvent persons.

All persons, firms, copartnerships, companies, corporations, joint-stock companies or associations, and insurance companies, in whatever capacity acting, including lessees or mortgagors of real or personal property, trustees acting in any trust capacity, executors, administrators, agents, receivers, conservators, employers, and all officers and employees of the United States having the control, receipt, custody, disposal, or payment of interest, rent, salaries, wages, premiums, annuities, compensation, remuneration, emoluments, or other fixed or determinable annual gains, profits, and income of another person, exceeding \$3,000 for any taxable year, other than dividends on capital stock, or from the net earnings of corporations and joint-stock companies or associations subject to like tax, who are required to make and render a return in behalf of another, as provided herein, to the collector of his, her, or its district, are hereby authorized and required to deduct and withhold from such annual gains, profits, and income such sum as will be sufficient to pay the normal tax imposed thereon by this section, and shall pay to the officer of the United States Government authorized to receive the same; and they are each hereby made personally liable for such tax. In all cases where the income tax of a person is withheld and deducted and paid or to be paid at the source, as aforesaid, such person shall not receive the benefit of the deduction and exemption allowed in paragraph C of this section except by an application for refund of the tax unless he shall, not less than thirty days prior to the day on which the return of his income is due, file with the person who is required to withhold and pay tax for him, a signed notice in writing claiming the benefit of such exemption and thereupon no tax shall be withheld upon the amount of such exemption: **Provided,** That if any person for the purpose of obtaining any allowance or reduction by virtue of a claim for such exemption, either for himself or for any other person, knowingly makes any false statement or false or fraudulent representation, he shall be liable to a penalty of \$300; nor shall any person under the foregoing conditions be allowed the benefit of any deduction provided for in subsection B of this section

unless he shall, not less than thirty days prior to the day on which the return of his income is due, either file with the person who is required to withhold and pay tax for him a true and correct return of his annual gains, profits, and income from all other sources, and also the deductions asked for, and the showing thus made shall then become a part of the return to be made in his behalf by the person required to withhold and pay the tax, or likewise make application for deductions to the collector of the district in which return is made or to be made for him: **Provided further,** That if such person is a minor or an insane person, or is absent from the United States, or is unable owing to serious illness to make the return and application above provided for, the return and application may be made for him or her by the person required to withhold and pay the tax, he making oath under the penalties of this Act that he has sufficient knowledge of the affairs and property of his beneficiary to enable him to make a full and complete return for him or her, and that the return and application made by him are full and complete: **Provided further,** That the amount of the normal tax hereinbefore imposed shall be deducted and withheld from fixed and determinable annual gains, profits, and income derived from interest upon bonds and mortgages, or deeds of trust or other similar obligations of corporations, joint-stock companies or associations, and insurance companies, whether payable annually or at shorter or longer periods, although such interest does not amount to \$3,000, subject to the provisions of this section requiring the tax to be withheld at the source and deducted from annual income and paid to the Government; and likewise the amount of such tax shall be deducted and withheld from coupons, checks, or bills of exchange for or in payment of interest upon bonds of foreign countries and upon foreign mortgages or like obligations (not payable in the United States), and also from coupons, checks, or bills of exchange for or in payment of any dividends upon the stock or interest upon the obligations of foreign corporations, associations, and insurance companies engaged in business in foreign countries; and the tax in each case shall be withheld and deducted for and in behalf of any person subject to the tax hereinbefore imposed, although such interest, dividends, or other compensation does not exceed \$3,000, by any banker or person who shall sell or otherwise realize coupons, checks, or bills of exchange drawn or made in payment of any such interest or dividends (not payable in the United States), and any person who shall obtain payment (not in the United States), in behalf of another of such dividends and interest by means of coupons, checks, or bills of exchange, and also any dealer in such coupons who shall purchase the same for any such dividends or interest (not payable in the United States), otherwise than from a banker or another dealer in such coupons; but in each case the benefit of the exemption and the deduction allowable under this section may be had by complying with the foregoing provisions of this paragraph.

All persons, firms, or corporations undertaking as a matter of business or for profit the collection of foreign payments of such interest or dividends by means of coupons, checks, or bills

of exchange shall obtain a license from the Commissioner of Internal Revenue, and shall be subject to such regulations enabling the Government to ascertain and verify the due withholding and payment of the income tax required to be withheld and paid as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe; and any person who shall knowingly undertake to collect such payments as aforesaid without having obtained a license therefor, or without complying with such regulations, shall be deemed guilty of a misdemeanor and for each offense be fined in a sum not exceeding \$5,000, or imprisoned for a term not exceeding one year, or both, in the discretion of the court.

Nothing in this section shall be construed to release a taxable person from liability for income tax, nor shall any contract entered into after this Act takes effect be valid in regard to any Federal income tax imposed upon a person liable to such payment.

The tax herein imposed upon annual gains, profits, and income not falling under the foregoing and not returned and paid by virtue of the foregoing shall be assessed by personal return under rules and regulations to be prescribed by the Commissioner of Internal Revenue and approved by the Secretary of the Treasury.

The provisions of this section relating to the deduction and payment of the tax at the source of income shall only apply to the normal tax hereinbefore imposed upon individuals.

F. That if any person, corporation, joint-stock company, association, or insurance company liable to make the return or pay the tax aforesaid shall refuse or neglect to make a return at the time or times hereinbefore specified in each year, such person shall be liable to a penalty of not less than \$20 nor more than \$1,000. Any person or any officer of any corporation required by law to make, render, sign, or verify any return who makes any false or fraudulent return or statement with intent to defeat or evade the assessment required by this section to be made shall be guilty of a misdemeanor, and shall be fined not exceeding \$2,000 or be imprisoned not exceeding one year, or both, at the discretion of the court, with the costs of prosecution.

G. (a) That the normal tax hereinbefore imposed upon individuals likewise shall be levied, assessed, and paid annually upon the entire net income arising or accruing from all sources during the preceding calendar year to every corporation, joint-stock company or association, and every insurance company, organized in the United States, no matter how created or organized, not including partnerships; but if organized, authorized, or existing under the laws of any foreign country, then upon the amount of net income accruing from business transacted and capital invested within the United States during such year: **Provided, however,** That nothing in this section shall apply to labor, agricultural, or horticultural organizations, or to mutual savings banks not having a capital stock represented by shares, or to fraternal beneficiary societies, orders, or associations operating under the lodge system or for the exclusive benefit of the members of a fraternity itself operating

under the lodge system, and providing for the payment of life, sick, accident, and other benefits to the members of such societies, orders, or associations and dependents of such members, nor to domestic building and loan associations, nor to cemetery companies, organized and operated exclusively for the mutual benefit of their members, nor to any corporation or association organized and operated exclusively for religious, charitable, scientific, or educational purposes, no part of the net income of which inures to the benefit of any private stockholder or individual, nor to business leagues, nor to chambers of commerce or boards of trade, not organized for profit or no part of the net income of which inures to the benefit of the private stockholder or individual; nor to any civic league or organization not organized for profit, but operated exclusively for the promotion of social welfare: **Provided further,** That there shall not be taxed under this section any income derived from any public utility or from the exercise of any essential governmental function accruing to any State, Territory, or the District of Columbia, or any political subdivision of a State, Territory, or the District of Columbia, nor any income accruing to the government of the Philippine Islands or Porto Rico, or of any political subdivision of the Philippine Islands or Porto Rico: **Provided,** That whenever any State, Territory, or the District of Columbia, or any political subdivision of a State or Territory, has, prior to the passage of this Act, entered in good faith into a contract with any person or corporation, the object and purpose of which is to acquire, construct, operate or maintain a public utility, no tax shall be levied under the provisions of this Act upon the income derived from the operation of such public utility, so far as the payment thereof will impose a loss or burden upon such State, Territory, or the District of Columbia, or a political subdivision of a State or Territory; but this provision is not intended to confer upon such person or corporation any financial gain or exemption or to relieve such person or corporation from the payment of a tax as provided for in this section upon the part or portion of the said income to which such person or corporation shall be entitled under such contract.

(b) Such net income shall be ascertained by deducting from the gross amount of the income of such corporation, joint-stock company or association, or insurance company, received within the year from all sources, (first) all the ordinary and necessary expenses paid within the year in the maintenance and operation of its business and properties, including rentals or other payments required to be made as a condition to the continued use or possession of property; (second) all losses actually sustained within the year and not compensated by insurance or otherwise, including a reasonable allowance for depreciation by use, wear and tear of property, if any; and in the case of mines a reasonable allowance for depletion of ores and all other natural deposits, not to exceed 5 per centum of the gross value at the mine of the output for the year for which the computation is made; and in case of insurance companies the net addition, if any, required by law to be made within the year to reserve funds and the sums other than dividends paid within the year on

policy and annuity contracts: **Provided**, That mutual fire insurance companies requiring their members to make premium deposits to provide for losses and expenses shall not return as income any portion of the premium deposits returned to their policyholders, but shall return as taxable income all income received by them from all other sources plus such portions of the premium deposits as are retained by the companies for purposes other than the payment of losses and expenses and reinsurance reserves: **Provided further**, That mutual marine insurance companies shall include in their return of gross income gross premiums collected and received by them less amounts paid for reinsurance, but shall be entitled to include in deductions from gross income amounts repaid to policyholders on account of premiums previously paid by them and interest paid upon such amounts between the ascertainment thereof and the payment thereof and life insurance companies shall not include as income in any year such portion of any actual premium received from any individual policyholder as shall have been paid back or credited to such individual policyholder, or treated as an abatement of premium of such individual policyholder, within such year; (third) the amount of interest accrued and paid within the year on its indebtedness to an amount of such indebtedness not exceeding one-half of the sum of its interest bearing indebtedness and its paid-up capital stock outstanding at the close of the year, or if no capital stock, the amount of interest paid within the year on an amount of its indebtedness not exceeding the amount of capital employed in the business at the close of the year: **Provided**, That in case of indebtedness wholly secured by collateral the subject of sale in ordinary business of such corporation, joint stock company, or association, the total interest secured and paid by such company, corporation, or association within the year on any such indebtedness may be deducted as a part of its expense of doing business: **Provided further**, That in the case of bonds or other indebtedness, which have been issued with a guaranty that the interest payable thereon shall be free from taxation, no deduction for the payment of the tax herein imposed shall be allowed; and in the case of a bank, banking association, loan, or trust company, interest paid within the year on deposits or on moneys received for investment and secured by interest-bearing certificates of indebtedness issued by such bank, banking association, loan or trust company; (fourth) all sums paid by it within the year for taxes imposed under the authority of the United States or of any State or Territory thereof, or imposed by the Government of any foreign country: **Provided**, That in the case of a corporation, joint-stock company or association, or insurance company, organized, authorized, or existing under the laws of any foreign country, such net income shall be ascertained by deducting from the gross amount of its income accrued within the year from business transacted and capital invested within the United States, (first) all the ordinary and necessary expenses actually paid within the year out of earnings in the maintenance and operation of its business and property within the United States, including rentals or other payments required to be made as a condition to the continued

use or possession of property; (second) all losses actually sustained within the year in business conducted by it within the United States and not compensated by insurance or otherwise, including a reasonable allowance for depreciation by use, wear and tear of property, if any, and in the case of mines a reasonable allowance for depletion of ores and all other natural deposits, not to exceed 5 per centum of the gross value at the mine of the output for the year for which the computation is made; and in case of insurance companies the net addition, if any, required by law to be made within the year to reserve funds and the sums other than dividends paid within the year on policy and annuity contracts: **Provided further,** That mutual fire insurance companies requiring their members to make premium deposits to provide for losses and expenses shall not return as income any portion of the premium deposits returned to their policyholders, but shall return as taxable income all income received by them from all other sources plus such portions of the premium deposits as are retained by the companies for purposes other than the payment of losses and expenses and reinsurance reserves: **Provided further,** That mutual marine insurance companies shall include in their return of gross income gross premiums collected and received by them less amounts paid for reinsurance, but shall be entitled to include in deductions from gross income amounts repaid to policyholders on account of premiums previously paid by them, and interest paid upon such amounts between the ascertainment thereof and the payment thereof and life insurance companies shall not include as income in any year such portion of any actual premium received from any individual policyholder as shall have been paid back or credited to such individual policyholder, or treated as an abatement of premium of such individual policyholder, within such year; (third) the amount of interest accrued and paid within the year on its indebtedness to an amount of such indebtedness not exceeding the proportion of one-half of the sum of its interest bearing indebtedness and its paid-up capital stock outstanding at the close of the year, or if no capital stock, the capital employed in the business at the close of the year which the gross amount of its income for the year from business transacted and capital invested within the United States bears to the gross amount of its income derived from all sources within and without the United States: **Provided,** That in the case of bonds or other indebtedness which have been issued with a guaranty that the interest payable thereon shall be free from taxation, no deduction for the payment of the tax herein imposed shall be allowed; (fourth) all sums paid by it within the year for taxes imposed under the authority of the United States or of any State or Territory thereof or the District of Columbia. In the case of assessment insurance companies, whether domestic or foreign, the actual deposit of sums with State or Territorial officers, pursuant to law, as additions to guarantee or reserve funds shall be treated as being payments required by law to reserve funds.

(c) The tax herein imposed shall be computed upon its entire net income accrued within each preceding calendar year ending

December thirty-first: **Provided, however,** That for the year ending December thirty-first, nineteen hundred and thirteen, said tax shall be imposed upon its entire net income accrued within that portion of said year from March first to December thirty-first, both dates inclusive, to be ascertained by taking five-sixths of its entire net income for said calendar year: **Provided further,** That any corporation, joint-stock company or association, or insurance company subject to this tax may designate the last day of any month in the year as the day of the closing of its fiscal year and shall be entitled to have the tax payable by it computed upon the basis of the net income ascertained as herein provided for the year ending on the day so designated in the year preceding the date of assessment instead of upon the basis of the net income for the calendar year preceding the date of assessment; and it shall give notice of the day it has thus designated as the closing of its fiscal year to the collector of the district in which its principal business office is located at any time not less than thirty days prior to the date upon which its annual return shall be filed. All corporations, joint-stock companies or associations, and insurance companies subject to the tax herein imposed, computing taxes upon the income of the calendar year, shall, on or before the first day of March, nineteen hundred and fourteen, and the first day of March in each year thereafter, and all corporations, joint-stock companies or associations, and insurance companies, computing taxes upon the income of a fiscal year which it may designate in the manner hereinbefore provided, shall render a like return within sixty days after the close of its said fiscal year, and within sixty days after the close of its fiscal year in each year thereafter, or in the case of a corporation, joint-stock company or association, or insurance company, organized or existing under the laws of a foreign country, in the place where its principal business is located within the United States, in such form as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe, shall render a true and accurate return under oath or affirmation of its president, vice president, or other principal officer, and its treasurer or assistant treasurer, to the collector of internal revenue for the district in which it has its principal place of business, setting forth (first) the total amount of its paid-up capital stock outstanding, or if no capital stock, its capital employed in business, at the close of the year; (second) the total amount of its bonded and other indebtedness at the close of the year; (third) the gross amount of its income, received during such year from all sources, and if organized under the laws of a foreign country the gross amount of its income received within the year from business transacted and capital invested within the United States; (fourth) the total amount of all its ordinary and necessary expenses paid out of earnings in the maintenance and operation of the business and properties of such corporation, joint-stock company or association, or insurance company within the year, stating separately all rentals or other payments required to be made as a condition to the continued use or possession of property, and if organized under the laws of a foreign country

the amount so paid in the maintenance and operation of its business within the United States; (fifth) the total amount of all losses actually sustained during the year and not compensated by insurance or otherwise, stating separately any amounts allowed for depreciation of property, and in case of insurance companies the net addition, if any, required by law to be made within the year to reserve funds and the sums other than dividends paid within the year on policy and annuity contracts: **Provided further,** That mutual fire insurance companies requiring their members to make premium deposits to provide for losses and expenses shall not return as income any portion of the premium deposits returned to their policyholders, but shall return as taxable income all income received by them from all other sources plus such portions of the premium deposits as are retained by the companies for purposes other than the payment of losses and expenses and reinsurance reserves: **Provided further,** That mutual marine insurance companies shall include in their return of gross income gross premiums collected and received by them less amounts paid for reinsurance, but shall be entitled to include in deductions from gross income amounts repaid to policyholders on account of premiums previously paid by them, and interest paid upon such amounts between the ascertainment thereof and the payment thereof and life insurance companies shall not include as income in any year such portion of any actual premium received from any individual policyholder as shall have been paid back or credited to such individual policyholder, or treated as an abatement of premium of such individual policyholder, within such year; and in case of a corporation, joint-stock company or association, or insurance company, organized under the laws of a foreign country, all losses actually sustained by it during the year in business conducted by it within the United States, not compensated by insurance or otherwise, stating separately any amounts allowed for depreciation of property, and in case of insurance companies the net addition, if any, required by law to be made within the year to reserve funds and the sums other than dividends paid within the year on policy and annuity contracts: **Provided further,** That mutual fire insurance companies requiring their members to make premium deposits to provide for losses and expenses shall not return as income any portion of the premium deposits returned to their policyholders, but shall return as taxable income all income received by them from all other sources plus such portions of the premium deposits as are retained by the companies for purposes other than the payment of losses and expenses and reinsurance reserves: **Provided further,** That mutual marine insurance companies shall include in their return of gross income gross premiums collected and received by them less amounts paid for reinsurance, but shall be entitled to include in deductions from gross income amounts repaid to policyholders on account of premiums previously paid by them and interest paid upon such amounts between the ascertainment thereof and the payment thereof and life insurance companies shall not include as income in any year such portion of any actual premium received from any individual policyholder as shall have been paid back or credited

to such individual policyholder, or treated as an abatement of premium of such individual policyholder, within such year; (sixth) the amount of interest accrued and paid within the year on its bonded or other indebtedness not exceeding one-half of the sum of its interest bearing indebtedness and its paid-up capital stock, outstanding at the close of the year, or if no capital stock, the amount of interest paid within the year on an amount of indebtedness not exceeding the amount of capital employed in the business at the close of the year, and in the case of a bank, banking association, or trust company, stating separately all interest paid by it within the year on deposits; or in case of a corporation, joint-stock company or association, or insurance company, organized under the laws of a foreign country, interest so paid on its bonded or other indebtedness to an amount of such bonded or other indebtedness not exceeding the proportion of its paid-up capital stock outstanding at the close of the year, or if no capital stock, the amount of capital employed in the business at the close of the year, which the gross amount of its income for the year from business transacted and capital invested within the United States bears to the gross amount of its income derived from all sources within and without the United States; (seventh) the amount paid by it within the year for taxes imposed under the authority of the United States and separately the amount so paid by it for taxes imposed by the Government of any foreign country; (eighth) the net income of such corporation, joint-stock company or association, or insurance company, after making the deductions in this subsection authorized. All such returns shall as received be transmitted forthwith by the collector to the Commissioner of Internal Revenue.

All assessments shall be made and the several corporations, joint-stock companies or associations, and insurance companies shall be notified of the amount for which they are respectively liable on or before the first day of June of each successive year, and said assessment shall be paid on or before the thirtieth day of June: Provided, That every corporation, joint-stock company or association, and insurance company, computing taxes upon the income of the fiscal year which it may designate in the manner hereinbefore provided, shall pay the taxes due under its assessment within one hundred and twenty days after the date upon which it is required to file its list or return of income for assessment; except in cases of refusal or neglect to make such return, and in cases of false or fraudulent returns, in which cases the Commissioner of Internal Revenue shall, upon the discovery thereof, at any time within three years after said return is due, make a return upon information obtained as provided for in this section or by existing law, and the assessment made by the Commissioner of Internal Revenue thereon shall be paid by such corporation, joint-stock company or association, or insurance company immediately upon notification of the amount of such assessment; and to any sum or sums due and unpaid after the thirtieth day of June in any year, or after one hundred and twenty days from the date on which the return of income is required to be made by the taxpayer, and after ten days notice and demand

thereof by the collector, there shall be added the sum of 5 per centum on the amount of tax unpaid and interest at the rate of 1 per centum per month upon said tax from the time the same becomes due.

(d) When the assessment shall be made, as provided in this section, the returns, together with any corrections thereof which may have been made by the commissioner, shall be filed in the office of the Commissioner of Internal Revenue and shall constitute public records and be open to inspection as such: **Provided**, That any and all such returns shall be open to inspection only upon the order of the President, under rules and regulations to be prescribed by the Secretary of the Treasury and approved by the President: **Provided further**, That the proper officers of any State imposing a general income tax may, upon the request of the governor thereof, have access to said returns or to an abstract thereof, showing the name and income of each such corporation, joint-stock company, association or insurance company, at such times and in such manner as the Secretary of the Treasury may prescribe.

If any of the corporations, joint-stock companies or associations, or insurance companies aforesaid, shall refuse or neglect to make a return at the time or times hereinbefore specified in each year, or shall render a false or fraudulent return, such corporation, joint-stock company or association, or insurance company shall be liable to a penalty of not exceeding \$10,000.

H. That the word "State" or "United States" when used in this section shall be construed to include any Territory, Alaska, the District of Columbia, Porto Rico, and the Philippine Islands, when such construction is necessary to carry out its provisions.

I. That sections thirty-one hundred and sixty-seven, thirty-one hundred and seventy-two, thirty-one hundred and seventy-three, and thirty-one hundred and seventy-six of the Revised Statutes of the United States as amended are hereby amended so as to read as follows:

"Sec. 3167. It shall be unlawful for any collector, deputy collector, agent, clerk, or other officer or employee of the United States to divulge or to make known in any manner whatever not provided by law to any person the operations, style of work, or apparatus of any manufacturer or producer visited by him in the discharge of his official duties, or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any income return by any person or corporation, or to permit any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; and it shall be unlawful for any person to print or publish in any manner whatever not provided by law any income return or any part thereof or the amount or source of income, profits, losses, or expenditures appearing in any income return; and any offense against the foregoing provision shall be a misdemeanor and be punished by a fine not exceeding \$1,000 or by imprisonment not exceeding one year, or both, at the discretion of the court; and if the offender be an officer

or employee of the United States he shall be dismissed from office and be incapable thereafter of holding any office under the Government.

"Sec. 3172. Every collector shall, from time to time, cause his deputies to proceed through every part of his district and inquire after and concerning all persons therein who are liable to pay any internal-revenue tax, and all persons owning or having the care and management of any objects liable to pay any tax, and to make a list of such persons and enumerate said objects.

"Sec. 3173. It shall be the duty of any person, partnership, firm, association, or corporation, made liable to any duty, special tax, or other tax imposed by law, when not otherwise provided for, in case of a special tax, on or before the thirty-first day of July in each year, in case of income tax on or before the first day of March in each year, and in other cases before the day on which the taxes accrue, to make a list or return, verified by oath or affirmation, to the collector or a deputy collector of the district where located, of the articles or objects, including the amount of annual income charged with a duty or tax, the quantity of goods, wares, and merchandise made or sold and charged with a tax, the several rates and aggregate amount, according to the forms and regulations to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, for which such person, partnership, firm, association, or corporation is liable: **Provided**, That if any person liable to pay any duty or tax, or owning, possessing, or having the care or management of property, goods, wares, and merchandise, articles or objects liable to pay any duty, tax, or license, shall fail to make and exhibit a list or return required by law, but shall consent to disclose the particulars of any and all the property, goods, wares, and merchandise, articles, and objects liable to pay any duty or tax, or any business or occupation liable to pay any tax as aforesaid, then, and in that case, it shall be the duty of the collector or deputy collector to make such list or return, which, being distinctly read, consented to, and signed and verified by oath or affirmation by the person so owning, possessing, or having the care and management as aforesaid, may be received as the list of such person: **Provided further**, That in case no annual list or return has been rendered by such person to the collector or deputy collector as required by law, and the person shall be absent from his or her residence or place of business at the time the collector or a deputy collector shall call for the annual list or return, it shall be the duty of such collector or deputy collector to leave at such place of residence or business, with some one of suitable age and discretion, if such be present, otherwise to deposit in the nearest post office, a note or memorandum addressed to such person, requiring him or her to render to such collector or deputy collector the list or return required by law within ten days from the date of such note or memorandum, verified by oath or affirmation. And if any person, on being notified or required as aforesaid, shall refuse or neglect to render such list or return within the time required

as aforesaid, or whenever any person who is required to deliver a monthly or other return of objects subject to tax fails to do so at the time required, or delivers any return which, in the opinion of the collector, is false or fraudulent, or contains any undervaluation or understatement, it shall be lawful for the collector to summon such person, or any other person having possession, custody, or care of books of account containing entries relating to the business of such person, or any other person he may deem proper, to appear before him and produce such books, at a time and place named in the summons, and to give testimony or answer interrogatories, under oath, respecting any objects liable to tax or the returns thereof. The collector may summon any person residing or found within the State in which his district lies; and when the person intended to be summoned does not reside and can not be found within such State, he may enter any collection district where such person may be found and there make the examination herein authorized. And to this end he may there exercise all the authority which he might lawfully exercise in the district for which he was commissioned.

"Sec. 3176. When any person, corporation, company, or association refuses or neglects to render any return or list required by law, or renders a false or fraudulent return or list, the collector or any deputy collector shall make, according to the best information which he can obtain, including that derived from the evidence elicited by the examination of the collector, and on his own view and information, such list or return, according to the form prescribed, of the income, property, and objects liable to tax owned or possessed or under the care or management of such person or corporation, company or association, and the Commissioner of Internal Revenue shall assess all taxes not paid by stamps, including the amount, if any, due for special tax, income or other tax, and in case of any return of a false or fraudulent list or valuation intentionally he shall add 100 per centum to such tax; and in case of a refusal or neglect, except in cases of sickness or absence, to make a list or return, or to verify the same as aforesaid, he shall add 50 per centum to such tax. In case of neglect occasioned by sickness or absence as aforesaid the collector may allow such further time for making and delivering such list or return as he may deem necessary, not exceeding thirty days. The amount so added to the tax shall be collected at the same time and in the same manner as the tax unless the neglect or falsity is discovered after the tax has been paid, in which case the amount so added shall be collected in the same manner as the tax; and the list or return so made and subscribed by such collector or deputy collector shall be held *prima facie* good and sufficient for all legal purposes."

J. That it shall be the duty of every collector of internal revenue, to whom any payment of any taxes other than the tax represented by an adhesive stamp or other engraved stamp is made under the provisions of this section, to give to the person making such payment a full written or printed receipt, expressing the amount paid and the particular account for which such payment was made; and whenever such payment is

made such collector shall, if required, give a separate receipt for each tax paid by any debtor, on account of payments made to or to be made by him to separate creditors in such form that such debtor can conveniently produce the same separately to his several creditors in satisfaction of their respective demands to the amounts specified in such receipts; and such receipts shall be sufficient evidence in favor of such debtor to justify him in withholding the amount therein expressed from his next payment to his creditor; but such creditor may, upon giving to his debtor a full written receipt, acknowledging the payment to him of whatever sum may be actually paid, and accepting the amount of tax paid as aforesaid (specifying the same) as a further satisfaction of the debt to that amount, require the surrender to him of such collector's receipt.

K. That jurisdiction is hereby conferred upon the district courts of the United States for the district within which any person summoned under this section to appear to testify or to produce books shall reside, to compel such attendance, production of books, and testimony by appropriate process.

L. That all administrative, special, and general provisions of law, including the laws in relation to the assessment, remission, collection, and refund of internal-revenue taxes not heretofore specifically repealed and not inconsistent with the provisions of this section, are hereby extended and made applicable to all the provisions of this section and to the tax herein imposed.

M. That the provisions of this section shall extend to Porto Rico and the Philippine Islands: Provided, That the administration of the law and the collection of the taxes imposed in Porto Rico and the Philippine Islands shall be by the appropriate internal-revenue officers of those governments, and all revenues collected in Porto Rico and the Philippine Islands thereunder shall accrue intact to the general governments, thereof, respectively: And provided further, That the jurisdiction in this section conferred upon the district courts of the United States shall, so far as the Philippine Islands are concerned, be vested in the courts of the first instance of said islands: And provided further, That nothing in this section shall be held to exclude from the computation of the net income the compensation paid any official by the governments of the District of Columbia, Porto Rico and the Philippine Islands or the political subdivisions thereof.

N. That for the purpose of carrying into effect the provisions of Section II of this Act, and to pay the expenses of assessing and collecting the income tax therein imposed, and to pay such sums as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may deem necessary, for information, detection, and bringing to trial and punishment persons guilty of violating the provisions of this section, or conniving at the same, in cases where such expenses are not otherwise provided for by law, there is hereby appropriated out of any money in the Treasury not otherwise appropriated for the fiscal year ending June thirtieth, nineteen hundred and fourteen, the sum of \$800,000, and the Commissioner of Internal Revenue, with the approval of the Secretary

of the Treasury, is authorized to appoint and pay from this appropriation all necessary officers, agents, inspectors, deputy collectors, clerks, messengers and janitors, and to rent such quarters, purchase such supplies, equipment, mechanical devices, and other articles as may be necessary for employment or use in the District of Columbia or any collection district in the United States, or any of the Territories thereof: **Provided**, That no agent paid from this appropriation shall receive compensation at a rate higher than that now received by traveling agents on accounts in the Internal Revenue Service, and no inspector shall receive a compensation higher than \$5 a day and \$3 additional in lieu of subsistence, and no deputy collector, clerk, messenger, or other employee shall be paid at a rate of compensation higher than the rate now being paid for the same or similar work in the Internal Revenue Service.

In the office of the Commissioner of Internal Revenue at Washington, District of Columbia there shall be appointed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury one additional deputy commissioner, at a salary of \$4,000 per annum; two heads of divisions, whose compensation shall not exceed \$2,500 per annum; and such other clerks, messengers, and employees, and to rent such quarters and to purchase such supplies as may be necessary: **Provided**, That for a period of two years from and after the passage of this Act the force of agents, deputy collectors, inspectors, and other employees not including the clerical force below the grade of chief of division employed in the Bureau of Internal Revenue in the city of Washington, District of Columbia authorized by this section of this Act shall be appointed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, under such rules and regulations as may be fixed by the Secretary of the Treasury to insure faithful and competent service, and with such compensation as the Commissioner of Internal Revenue may fix, with the approval of the Secretary of the Treasury, within the limitations herein prescribed: **Provided further**, That the force authorized to carry out the provisions of Section II of this Act, when not employed as herein provided, shall be employed on general internal-revenue work.

Section III

A. That the Act entitled "An Act to simplify the laws in relation to the collection of the revenues," approved June tenth, eighteen hundred and ninety, as amended, be further amended to read as follows:

"B. That all merchandise imported into the United States shall, for the purpose of this Act, be deemed and held to be the property of the person to whom the same is consigned; and the holder of a bill of lading duly indorsed by the consignee therein named, or, if consigned to order, by the consignor, shall be deemed the consignee thereof; and in case of the abandonment of any merchandise to the underwriters the latter may be recognized as the consignee.

"C. That all invoices of imported merchandise shall be made out in the currency of the place or country from whence the

importations shall be made, or, if purchased, or agreed to be purchased, in the currency actually paid, agreed upon, or to be paid therefor, shall contain a correct, complete, and detailed description of such merchandise and of the packages, wrappings, or other coverings containing it, and shall be made in triplicate or in quadruplicate in case of merchandise intended for immediate transportation without appraisement, and signed by the person owning or shipping the same, if the merchandise has been actually purchased, or price agreed upon, fixed, or determined, or by the manufacturer or owner thereof, if the same has been procured otherwise than by purchase, or agreement of purchase, or by the duly authorized agent of such purchaser, seller, manufacturer, or owner.

"D. That all such invoices shall, at or before the shipment of the merchandise, be produced to the consular officer of the United States of the consular district in which the merchandise was manufactured, or purchased, or contracted to be delivered from, or when purchases or agreements for purchase are made in several places, in the consular district where the merchandise is assembled for shipment, as the case may be, for export to the United States, and shall have indorsed thereon, when so produced, a declaration signed by the purchaser, seller, manufacturer, owner, or agent, setting forth that the invoice is in all respects correct and true and was made at the place from which the merchandise is to be exported to the United States; that it contains, if the merchandise was obtained by purchase, or agreement for purchase, a true and full statement of the time when, the place where, the person from whom the same was purchased, or agreed to be purchased, and the actual cost thereof, or price agreed upon, fixed, or determined, and of all charges thereon, as provided by this Act; and that no discounts, rebates, or commissions are contained in the invoice but such as have been actually allowed thereon, and that all drawbacks or bounties received or to be received are shown therein; and when obtained in any other manner than by purchase, or agreement of purchase, the actual market value or wholesale price thereof, at the time of exportation to the United States, in the principal markets of the country from whence exported; that such actual market value is the price at which the merchandise described in the invoice is freely offered for sale to all purchasers in said markets, and that it is the price which the manufacturer or owner making the declaration would have received, and was willing to receive, for such merchandise sold in the ordinary course of trade in the usual wholesale quantities, and that it includes all charges thereon as provided by this Act, and the actual quantity thereof; and that no different invoice of the merchandise mentioned in the invoice so produced has been or will be furnished to anyone. If the merchandise was actually purchased, or agreed to be purchased, the declaration shall also contain a statement that the currency in which such invoice is made out is that which was actually paid for the merchandise by the purchaser, or agreed to be paid, fixed, or determined.

"E. That, except in case of personal effects accompanying the passenger, no importation of any merchandise exceeding

\$100 in value shall be admitted to entry without the production of a duly certified invoice thereof as required by law, or of an affidavit made by the owner, importer, or consignee, before the collector or his deputy, showing why it is impracticable to produce such invoice; and no entry shall be made in the absence of a certified invoice, upon affidavit as aforesaid, unless such affidavit be accompanied by a statement in the form of an invoice, or otherwise, showing the actual cost of such merchandise, if purchased, or if obtained otherwise than by purchase, the actual market value or wholesale price thereof at the time of exportation to the United States in the principal markets of the country from which the same has been imported, which statement shall be verified by the oath of the owner, importer, consignee, or agent desiring to make entry of the merchandise, to be administered by the collector or his deputy, and it shall be lawful for the collector or his deputy to examine the deponent under oath, touching the sources of his knowledge, information, or belief in the premises, and to require him to produce any letter, paper, or statement of account in his possession, or under his control, which may assist the officers of customs in ascertaining the actual value of the importation or any part thereof, and in default of such production, when so requested, such owner, importer, consignee, or agent shall be thereafter debarred from producing any such letter, paper, or statement for the purpose of avoiding any additional duty, penalty, or forfeiture incurred under this Act, unless he shall show to the satisfaction of the court or the officers of the customs, as the case may be, that it was not in his power to produce the same when so demanded; and no merchandise shall be admitted to entry under the provisions of this section unless the collector shall be satisfied that the failure to produce a duly certified invoice is due to causes beyond the control of the owner, consignee, or agent thereof: **Provided, That the Secretary of the Treasury may make regulations by which books, magazines, and other periodicals published and imported in successive parts, numbers, or volumes, and entitled to be imported free of duty, shall require but one declaration for the entire series. And when entry of merchandise exceeding \$100 in value is made by a statement in the form of an invoice, the collector shall require a bond for the production of a duly certified invoice.**

"F. That whenever merchandise imported into the United States is entered by invoice, a declaration upon a form to be prescribed by the Secretary of the Treasury, according to the nature of the case, shall be filed with the collector of the port at the time of entry by the owner, importer, consignee, or agent, which declaration so filed shall be duly signed by the owner, importer, consignee, or agent before the collector, or before a notary public or other officer duly authorized by law to administer oaths and take acknowledgments, under regulations to be prescribed by the Secretary of the Treasury: **Provided, That if any of the invoices or bills of lading of any merchandise imported in any one vessel which should otherwise be embraced in said entry have not been received at the date of the entry the declaration may state the fact, and thereupon such mer-**

chandise, of which the invoices or bills of lading are not produced, shall not be included in such entry, but may be entered subsequently. That the Secretary of the Treasury and the Secretary of Commerce are hereby authorized and directed to establish from time to time for statistical purposes a list or enumeration of articles in such detail as in their judgment may be necessary comprehending all goods, wares, and merchandise imported into the United States, and that as a part of the declaration herein provided there shall be either attached thereto or included therein an accurate statement specifying, in the terms of the said detailed list or enumeration, the kinds and quantities of all merchandise imported, and the value of the total quantity of each kind of article, and it shall be the duty of the consular officer, to whom the invoice shall be produced, to require such information to be given.

"G. That if any consignor, seller, owner, importer, consignee, agent, or other person or persons, shall enter or introduce, or attempt to enter or introduce, into the commerce of the United States any imported merchandise by means of any fraudulent or false invoice, declaration, affidavit, letter, paper, or by means of any false statement, written or verbal, or by means of any false or fraudulent practice or appliance whatsoever, or shall make any false statement in the declarations provided for in paragraph F without reasonable cause to believe the truth of such statement, or shall aid or procure the making of any such false statement as to any matter material thereto without reasonable cause to believe the truth of such statement, or shall be guilty of any willful act or omission by means whereof the United States shall or may be deprived of the lawful duties, or any portion thereof, accruing upon the merchandise, or any portion thereof, embraced or referred to in such invoice, declaration, affidavit, letter, paper, or statement, or affected by such act or omission, such person or persons shall upon conviction be fined for each offense a sum not exceeding \$5,000, or be imprisoned for a time not exceeding two years, or both, in the discretion of the court: Provided, That nothing in this section shall be construed to relieve imported merchandise from forfeiture by reason of such false statement or for any cause elsewhere provided by law.

"H. That if any consignor, seller, owner, importer, consignee, agent, or other person or persons shall enter or introduce, or attempt to enter or introduce, into the commerce of the United States any imported merchandise by means of any fraudulent or false invoice, declaration, affidavit, letter, paper, or by means of any false statement, written or verbal, or by means of any false or fraudulent practice or appliance whatsoever, or shall make any false statement in the declarations provided for in paragraph F without reasonable cause to believe the truth of such statement, or shall aid or procure the making of any such false statement as to any matter material thereto without reasonable cause to believe the truth of such statement, or shall be guilty of any willful act or omission by means whereof the United States shall or may be deprived of the lawful duties or any portion thereof, accruing upon the merchandise or any portion thereof, embraced or referred to in such invoice, decla-

ration, affidavit, letter, paper, or statement, or affected by such act or omission, such merchandise, or the value thereof, to be recovered from such person or persons, shall be forfeited, which forfeiture shall only apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles of merchandise to which such fraud or false paper or statement relates. That the arrival within the territorial limits of the United States of any merchandise consigned for sale and remaining the property of the shipper or consignor, and the acceptance of a false or fraudulent invoice thereof by the consignee or the agent of the consignor, or the existence of any other facts constituting an attempted fraud, shall be deemed, for the purposes of this paragraph, to be an attempt to enter such merchandise notwithstanding no actual entry has been made or offered.

“I. That the owner, consignee, or agent of any imported merchandise may, at the time when he shall make entry of such merchandise, but not after either the invoice or the merchandise has come under the observation of the appraiser, make such addition in the entry to or such deduction from the cost or value given in the invoice or pro forma invoice or statement in form of an invoice, which he shall produce with his entry, as in his opinion may raise or lower the same to the actual market value or wholesale price of such merchandise at the time of exportation to the United States, in the principal markets of the country from which the same has been imported; and the collector within whose district any merchandise may be imported or entered, whether the same has been actually purchased or procured otherwise than by purchase, shall cause the actual market value or wholesale price of such merchandise to be appraised; and if the appraised value of any article of imported merchandise subject to an ad valorem duty or to a duty based upon or regulated in any manner by the value thereof shall exceed the value declared in the entry, there shall be levied, collected, and paid, in addition to the duties imposed by law on such merchandise, an additional duty of 1 per centum of the total appraised value thereof for each 1 per centum that such appraised value exceeds the value declared in the entry: **Provided**, That the additional duties shall only apply to the particular article or articles in each invoice that are so undervalued and shall not be imposed upon any article upon which the amount of duty imposed by law on account of the appraised value does not exceed the amount of duty that would be imposed if the appraised value did not exceed the entered value, and shall be limited to 75 per centum of the appraised value of such article or articles. Such additional duties shall not be construed to be penal, and shall not be remitted nor payment thereof in any way avoided except in cases arising from a manifest clerical error, nor shall they be refunded in case of exportation of the merchandise, or on any other account, nor shall they be subject to the benefit of drawback: **Provided**, That if the appraised value of any merchandise shall exceed the value declared in the entry by more than 75 per centum, except when arising from a manifest clerical error, such entry shall be held to be presumptively fraudulent, and

the collector of customs shall seize such merchandise and proceed as in case of forfeiture for violation of the customs laws, and in any legal proceeding other than a criminal prosecution that may result from such seizure, the undervaluation as shown by the appraisal shall be presumptive evidence of fraud, and the burden of proof shall be on the claimant to rebut the same, and forfeiture shall be adjudged unless he shall rebut such presumption of fraudulent intent by sufficient evidence. The forfeiture provided for in this section shall apply to the whole of the merchandise or the value thereof in the case or package containing the particular article or articles in each invoice which are undervalued: **Provided further,** That all additional duties, penalties, or forfeitures applicable to merchandise entered by a duly certified invoice shall be alike applicable to merchandise entered by a pro forma invoice or statement in the form of an invoice, and no forfeiture or disability of any kind incurred under the provisions of this section shall be remitted or mitigated by the Secretary of the Treasury. The duty shall not, however, be assessed in any case upon an amount less than the entered value, unless by direction of the Secretary of the Treasury in cases in which the importer certifies at the time of entry that the entered value is higher than the foreign market value and that the goods are so entered in order to meet advances by the appraiser in similar cases then pending on appeal for reappraisement, and the importer's contention shall subsequently be sustained by a final decision on reappraisement, and it shall appear that the action of the importer on entry was taken in good faith, after due diligence and inquiry on his part, and the Secretary of the Treasury shall accompany his directions with a statement of his conclusions and his reasons therefor.

"J. That when merchandise entered for customs duty has been consigned for sale by or on account of the manufacturer thereof, to a person, agent, partner, or consignee in the United States, such person, agent, partner, or consignee shall, at the time of the entry of such merchandise, present to the collector of customs at the port where such entry is made, as a part of such entry, and in addition to the certified invoice or statement in the form of an invoice required by law, a statement signed by such manufacturer, declaring the cost of production of such merchandise, such cost to include all the elements of cost as stated in paragraph L of this Act. When merchandise entered for customs duty has been consigned for sale by or on account of a person other than the manufacturer of such merchandise, to a person, agent, partner, or consignee in the United States, such person, agent, partner, or consignee shall at the time of the entry of such merchandise present to the collector of customs at the port where such entry is made, as a part of such entry, a statement signed by the consignor thereof, declaring that the merchandise was actually purchased by him or for his account, and showing the time when, the place where, and from whom he purchased the merchandise, and in detail the price he paid for the same: **Provided,** That the statements required by this section shall be made in triplicate, and shall bear the attestation of the consular officer of the United States resident

within the consular district wherein the merchandise was manufactured, if consigned by the manufacturer or for his account, or from whence it was imported when consigned by a person other than the manufacturer, one copy thereof to be delivered to the person making the statement, one copy to be transmitted with the triplicate invoice of the merchandise to the collector of the port in the United States to which the merchandise is consigned, and the remaining copy to be filed in the consulate.

“K. That it shall be the duty of the appraisers of the United States, and every of them, and every person who shall act as such appraiser, or of the collector, as the case may be, by all reasonable ways and means in his or their power to ascertain, estimate, and appraise (any invoice or affidavit thereto or statement of cost, or of cost of production to the contrary notwithstanding) the actual market value and wholesale price of the merchandise at the time of exportation to the United States, in the principal markets of the country whence the same has been imported, and the number of yards, parcels, or quantities, and actual market value or wholesale price of every of them, as the case may require.

“L. That when the actual market value, as defined by law, of any article of imported merchandise, wholly or partly manufactured and subject to an ad valorem duty, or to a duty based in whole or in part on value, can not be ascertained to the satisfaction of the appraising officer, such officer shall use all available means in his power to ascertain the cost of production of such merchandise at the time of exportation to the United States, and at the place of manufacture, such cost of production to include the cost of materials and of fabrication, and all general expenses to be estimated at not less than 10 per centum, covering each and every outlay of whatsoever nature incident to such production, together with the expense of preparing and putting up such merchandise ready for shipment, and an addition of not less than 8 nor more than 50 per centum upon the total cost as thus ascertained; and in no case shall such merchandise be appraised upon original appraisal or reappraisement at less than the total cost of production as thus ascertained. The actual market value or wholesale price, as defined by law, of any imported merchandise which is consigned for sale in the United States, or which is sold for exportation to the United States, and which is not actually sold or freely offered for sale in usual wholesale quantities in the open market of the country of exportation to all purchasers, shall not in any case be appraised at less than the wholesale price at which such or similar imported merchandise is actually sold or freely offered for sale in usual wholesale quantities in the United States in the open market, due allowance by deduction being made for estimated duties thereon, cost of transportation, insurance and other necessary expenses from the place of shipment to the place of delivery, and a commission not exceeding 6 per centum, if any has been paid or contracted to be paid on consigned goods, or profits not to exceed 8 per centum and a reasonable allowance for general expenses (not to exceed 8 per centum) on purchased goods.

“M. That the appraiser shall revise and correct the reports

of the assistant appraisers as he may judge proper, and the appraiser, or, at ports where there is no appraiser, the person acting as such, shall report to the collector his decision as to the value of the merchandise appraised. At ports where there is no appraiser the certificate of the customs officer to whom is committed the estimating and collection of duties, of the dutiable value of any merchandise required to be appraised, shall be deemed and taken to be the appraisement of such merchandise. If the collector shall deem the appraisement of any imported merchandise too low, he may, within sixty days thereafter, appeal to reappraisement, which shall be made by one of the general appraisers, or if the importer, owner, agent, or consignee of such merchandise shall deem the appraisement thereof too high, and shall have complied with the requirements of law with respect to the entry and appraisement of merchandise, he may within ten days thereafter appeal for reappraisement by giving notice thereof to the collector in writing. Such appeal shall be deemed to be finally abandoned and waived unless within two days from the date of filing thereof the person who filed such notice shall deposit with the collector of customs a fee of \$1 for each entry. Such fee shall be deposited and accounted for as miscellaneous receipts, and in case the appeal in connection with which such fee was deposited shall be finally sustained, in whole or in part, such fee shall be refunded to the importer, with the duties found to be collected in excess, from the appropriation for the refund to importers of excess of deposits. The decision of the general appraiser in cases of reappraisement shall be final and conclusive as to the dutiable value of such merchandise against all parties interested therein, unless the importer, owner, consignee, or agent of the merchandise shall deem the reappraisement of the merchandise too high, and shall, within five days thereafter, give notice to the collector, in writing, of an appeal, or unless the collector shall deem the reappraisement of the merchandise too low, and shall within ten days thereafter appeal for reappraisement; in either case the collector shall transmit the invoice and all the papers appertaining thereto to the board of nine general appraisers, to be by rule thereof duly assigned for determination. In such cases the general appraiser and boards of general appraisers shall proceed by all reasonable ways and means in their power to ascertain, estimate, and determine the dutiable value of the imported merchandise, and in so doing may exercise both judicial and inquisitorial functions. In such cases the general appraisers and the Boards of General Appraisers shall give reasonable notice to the importer and the proper representative of the Government of the time and place of each and every hearing at which the parties or their attorneys shall have opportunity to introduce evidence and to hear and cross-examine the witnesses for the other party, and to inspect all samples and all documentary evidence or other papers offered. Affidavits of persons whose attendance can not be procured may be admitted in the discretion of the general appraiser or Board of General Appraisers. The decision of the appraiser, or the person acting as such (in case where no objection is made thereto, either by the collector or by the im-

porter, owner, consignee, or agent), or the single general appraiser in case of no appeal, or of the board of three general appraisers, in all reappraisement cases, shall be final and conclusive against all parties and shall not be subject to review in any manner for any cause in any tribunal or court, and the collector or the person acting as such shall ascertain, fix, and liquidate the rate and amount of the duties to be paid on such merchandise, and the dutiable costs and charges thereon, according to law; and no reappraisement or re-reappraisement shall be considered invalid because of the absence of the merchandise or samples thereof before the officer or officers making the same, where no party in interest had demanded the inspection of such merchandise or samples, and where the merchandise or samples were reasonably accessible for inspection.

"N. That the decision of the collector as to the rate and amount of duties chargeable upon imported merchandise, or upon merchandise on which duty shall have been assessed, including all dutiable costs and charges, and as to all fees and exactions of whatever character (except duties on tonnage), shall be final and conclusive against all persons interested therein, unless the owner, importer, consignee, or agent of such merchandise, or the person paying such fees, charges, and exactions other than duties, shall, within thirty days after but not before such ascertainment and liquidation of duties, as well in cases of merchandise entered in bond as for consumption, or within fifteen days after the payment of such fees, charges, and exactions, if dissatisfied with such decision imposing a higher rate of duty, or a greater charge, fee, or exaction, than he shall claim to be legally payable, file a protest or protests in writing with the collector, setting forth therein distinctly and specifically, and in respect to each entry or payment, the reasons for his objections thereto, and if the merchandise is entered for consumption shall pay the full amount of the duties and charges ascertained to be due thereon. Such protest shall be deemed to be finally abandoned and waived unless within thirty days from the date of filing thereof the person who filed such notice or protest shall have deposited with the collector of customs a fee of \$1 with respect to each protest. Such fee shall be deposited and accounted for as miscellaneous receipts, and in case the protest in connection with which such fee was deposited shall be finally sustained in whole or in part, such fee shall be refunded to the importer, with the duties found to be collected in excess, from the appropriation for the refund to importers of excess of deposits. No agreement for a contingent fee in respect to recovery or refund under protest shall be lawful. Compliance with this provision shall be a condition precedent to the validity of the protest and to any refund thereunder, and a violation of this provision shall be punishable by a fine not exceeding \$500, or imprisonment for not more than one year, or both.

"Upon such payment of duties, protest, and deposit of protest fee, the collector shall transmit the invoice and all the papers and exhibits connected therewith to the board of nine general appraisers, for due assignment and determination as provided by law; such determination shall be final and con-

clusive upon all persons interested therein, and the record shall be transmitted to the proper collector or person acting as such, who shall liquidate the entry accordingly, except in cases where an appeal shall be filed in the United States Court of Customs Appeals within the time and in the manner provided for by law.

"O. That the general appraisers, or any of them, are hereby authorized to administer oaths, and said general appraisers, the boards of general appraisers, the local appraisers, or the collectors, as the case may be, may cite to appear before them, and examine upon oath any owner, importer, agent, consignee, or other person touching any matter or thing which they, or either of them, may deem material respecting any imported merchandise then under consideration or previously imported within one year, in ascertaining the classification or dutiable value thereof or the rate or amount of duty; and they, or either of them, may require the production of any letters, accounts, contracts, or invoices relating to said merchandise, and may require such testimony to be reduced to writing, and when so taken it shall be filed and preserved for use or reference until the final decision of the collector, appraiser, or said board of appraisers shall be made respecting the valuation or classification of said merchandise, as the case may be; and such evidence shall be given consideration in all subsequent proceedings relating to such merchandise.

"P. That if any person so cited to appear shall neglect or refuse to attend, or shall decline to answer, or shall refuse to answer in writing any interrogatories, and subscribe his name to his deposition, or to produce such papers when so required by a general appraiser, or a board of general appraisers, or a local appraiser, or a collector, he shall be liable to a penalty of not less than \$20 nor more than \$500; and if such person be the owner, importer, or consignee, the appraisement which the Board of General Appraisers or local appraiser, or collector where there is no appraiser, may make of the merchandise shall be final and conclusive; and any person who shall willfully and corruptly swear falsely on an examination before any general appraiser, or Board of General Appraisers, or local appraiser or collector, shall be deemed guilty of perjury; and if he is the owner, importer, or consignee, the merchandise shall be forfeited, or the value thereof may be recovered from him.

"Q. That all decisions of the general appraisers and of the boards of general appraisers, respecting values and rates of duty, shall be preserved and filed, and shall be open to inspection under proper regulations to be prescribed by the Secretary of the Treasury. All decisions of the general appraisers shall be reported forthwith to the Secretary of the Treasury and to the Board of General Appraisers on duty at the port of New York, and the report to the board shall be accompanied, whenever practicable, by samples of the merchandise in question, and it shall be the duty of the said board, under the direction of the Secretary of the Treasury, to cause an abstract to be made and published of such decisions of the appraisers as they or he may deem important, to be published either in full, or if full publication shall not be requested by the Secretary or by

the board, then by an abstract containing a general description of the merchandise in question, a statement of the facts upon which the decision is based, and of the value and rate of duty fixed in each case, with reference, whenever practicable, by number or other designation, to samples deposited in the place of samples at New York, and such abstracts shall be issued from time to time, at least once in each week, for the information of customs officers and the public.

"R. That whenever imported merchandise is subject to an ad valorem rate of duty, or to a duty based upon or regulated in any manner by the value thereof, the duty shall be assessed upon the actual market value or wholesale price thereof, at the time of exportation to the United States, in the principal markets of the country from whence exported; that such actual market value shall be held to be the price at which such merchandise is freely offered for sale to all purchasers in said markets, in the usual wholesale quantities, and the price which the seller, shipper, or owner would have received, and was willing to receive, for such merchandise when sold in the ordinary course of trade in the usual wholesale quantities, including the value of all cartons, cases, crates, boxes, sacks, casks, barrels, hogsheads, bottles, jars, demijohns, carboys, and other containers or coverings, whether holding liquids or solids, and all other costs, charges, and expenses incident to placing the merchandise in condition, packed ready for shipment to the United States, and if there be used for covering or holding imported merchandise, whether dutiable or free, any unusual article or form designed for use otherwise than in the bona fide transportation of such merchandise to the United States, additional duty shall be levied and collected upon such material or article at the rate to which the same would be subjected if separately imported. That the words "value," or "actual market value," or "wholesale price," whenever used in this Act, or in any law relating to the appraisement of imported merchandise, shall be construed to be the actual market value or wholesale price of such, or similar merchandise comparable in value therewith, as defined in this Act.

"S. Any merchandise deposited in any public or private bonded warehouse may be withdrawn for consumption within three years from the date of original importation, on payment of the duties and charges to which it may be subject by law at the time of such withdrawal: **Provided**, That nothing herein shall affect or impair existing provisions of law in regard to the disposal of perishable or explosive articles.

"T. That in all suits or informations brought, where any seizure has been made pursuant to any Act providing for or regulating the collection of duties on imports or tonnage, if the property is claimed by any person, the burden of proof shall lie upon such claimant, and in all actions or proceedings for the recovery of the value of merchandise imported contrary to any Act providing for or regulating the collection of duties on imports or tonnage, the burden of proof shall be upon the defendant: **Provided**, That probable cause is shown for such prosecution, to be judged of by the court.

"U. That if any person, persons, corporations, or other

bodies, selling, shipping, consigning, or manufacturing merchandise exported to the United States, shall fail or refuse to submit to the inspection of a duly accredited investigating officer of the United States, when so requested to do, any or all of his books, records, or accounts pertaining to the value or classification of such merchandise, then the Secretary of the Treasury, in his discretion, is authorized while such failure or refusal continues to levy an additional duty of 15 per centum ad valorem on all such merchandise when imported into the United States: **Provided, however, That such additional duties shall not be imposed in case the laws of the country of exportation provide for the administration, by its duly authorized officers, of oaths to invoices, or statements of cost, before certification by consuls, and for punishment for false swearing under said oaths, whenever consuls are directed by the Secretary of State, under section twenty-eight hundred and sixty-two of the Revised Statutes, to require such oaths before certification of the invoices.**

“V. That if any person, persons, corporations, or other bodies, engaged in the importation of merchandise into the United States or engaged in dealing with such imported merchandise, shall fail or refuse to submit to the inspection of a duly accredited investigating officer of the United States, upon request so to do from the chief officer of customs at the port where such merchandise is entered, any or all of his books, records, or accounts pertaining to the value or classification of any such imported merchandise, then the Secretary of the Treasury, in his discretion, is authorized while such failure or refusal continues, to assess additional duty of 15 per centum on all merchandise consigned to or imported by, or shipped, or intended for delivery, to such person, persons, corporations, or other bodies so failing or refusing.

“W. That where merchandise purchased or manufactured in different consular districts in the same country is assembled for shipment and embraced in a single invoice and consulated at the shipping point, such invoice shall have attached thereto the original bills or invoices or statements in the nature of such, showing the prices actually paid, contracted to be paid, fixed, or determined, and in connection with each such purchase or consignment the invoice shall state all charges and expenses as provided in paragraph R of this section.

“X. No allowance shall be made in the estimation and liquidation of duties for shortage or nonimportation caused by decay, destruction, or injury to fruit or other perishable articles imported into the United States whereby their commercial value has been destroyed, unless under regulations prescribed by the Secretary of the Treasury. Proof to ascertain such destruction or nonimportation shall be lodged with the collector of customs of the port where such merchandise has been landed, or the person acting as such, within ten days after the landing of such merchandise. The provisions hereof shall apply whether or not the merchandise has been entered, and whether or not the duties have been paid or secured to be paid, and whether or not a permit of delivery has been granted to the owner or consignee. Nor shall any allowance be made for damage, but the

importers may within ten days after entry abandon to the United States all or any portion of goods, wares, or merchandise of every description included in any invoice and be relieved from the payment of duties on the portion so abandoned: Provided, That the portion so abandoned shall amount to 10 per centum or more of the total value or quantity of the invoice. The right of abandonment herein provided for may be exercised whether the goods, wares, or merchandise have been damaged or not, or whether or not the same have any commercial value: Provided further, That section twenty-eight hundred and ninety-nine of the Revised Statutes, relating to the return of packages unopened for appraisement, shall in no wise prohibit the right of importers to make all needful examinations to determine whether the right to abandon accrues, or whether by reason of total destruction there is a nonimportation in whole or in part. All merchandise abandoned to the Government by the importers shall be delivered by the importers thereof at such place within the port of arrival as the chief officer of customs may direct, and on the failure of the importers to comply with the direction of the collector or the chief officer of customs, as the case may be, the abandoned merchandise shall be disposed of by the customs authorities under such regulations as the Secretary of the Treasury may prescribe, at the expense of such importers. Where imported fruit or perishable goods have been condemned at the port of original entry within ten days after landing, by health officers or other legally constituted authorities, the importers or their agents shall, within twenty-four hours after such condemnation, lodge with the collector, or the person acting as collector, of said port, notice thereof in writing, together with an invoice description and the quantity of the articles condemned, their location, and the name of the vessel in which imported. Upon receipt of said notice the collector, or person acting as collector, shall at once cause an investigation and a report to be made in writing by at least two customs officers touching the identity and quantity of fruit or perishable goods condemned, and unless proof to ascertain the shortage or nonimportation of fruit or perishable goods shall have been lodged as herein required, or if the importer or his agent fails to notify the collector of such condemnation proceedings as herein provided, proof of such shortage or nonimportation shall not be deemed established and no allowance shall be made in the liquidation of duties chargeable thereon.

“Y. That whenever it shall be shown to the satisfaction of the Secretary of the Treasury that, in any case of unascertained or estimated duties, or payments made upon appeal, more money has been paid to or deposited with a collector of customs than, as has been ascertained by final liquidation thereof, the law required to be paid or deposited, the Secretary of the Treasury shall direct the Treasurer to refund and pay the same out of any money in the Treasury not otherwise appropriated. The necessary moneys therefor are hereby appropriated, and this appropriation shall be deemed a permanent indefinite appropriation; and the Secretary of the Treasury is hereby authorized to correct manifest clerical errors in any entry or liquida-

tion for or against the United States, at any time within one year of the date of such entry, but not afterwards: **Provided,** That the Secretary of the Treasury shall, in his annual report to Congress, give a detailed statement of the various sums of money refunded under the provisions of this Act or of any other Act of Congress relating to the revenue, together with copies of the rulings under which repayments were made.

"Z. That from and after the taking effect of this Act, no collector or other officer of the customs shall be in any way liable to any owner, importer, consignee, or agent of any merchandise, or any other person, for or on account of any rulings or decisions as to the classification of said merchandise or the duties charged thereon, or the collection of any dues, charges, or duties on or on account of said merchandise, or any other matter or thing as to which said owner, importer, consignee, or agent of such merchandise might, under this Act, be entitled to appeal from the decision of said collector or other officer, or from any board of appraisers.

"AA. That any person who shall give, or offer to give, or promise to give, any money or thing of value, directly or indirectly, to any officer or employee of the United States in consideration of or for any act or omission contrary to law in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise, including herein any baggage or of the liquidation of the entry thereof, or shall by threats or demands or promises of any character attempt to improperly influence or control any such officer or employee of the United States as to the performance of his official duties shall, on conviction thereof, be fined not exceeding \$2,000, or be imprisoned at hard labor not more than one year, or both, in the discretion of the court; and evidence of such giving, or offering, or promising to give, satisfactory to the court in which such trial is had, shall be regarded as prima facie evidence that such giving or offering or promising was contrary to law, and shall put upon the accused the burden of proving that such act was innocent and not done with an unlawful intention.

"BB. That any officer or employee of the United States who shall, excepting for lawful duties or fees, solicit, demand, exact, or receive from any person, directly or indirectly, any money or thing of value in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of goods, wares, or merchandise, including herein any baggage or liquidation of the entry thereof, on conviction thereof shall be fined not exceeding \$5,000, or be imprisoned at hard labor not more than two years, or both, in the discretion of the court; and evidence of such soliciting, demanding, exacting, or receiving, satisfactory to the court in which such trial is had, shall be regarded as prima facie evidence that such soliciting, demanding, exacting, or receiving was contrary to law, and shall put upon the accused the burden of proving that such act was innocent and not with an unlawful intention.

"CC. That any baggage or personal effects arriving in the United States in transit to any foreign country may be delivered by the parties having it in charge to the collector of the proper

district, to be by him retained, without the payment or exaction of any import duty, or to be forwarded by such collector to the collector of the port of departure and to be delivered to such parties on their departure for their foreign destination, under such rules and regulations as the Secretary of the Treasury may prescribe."

Section IV

A. That for the purpose of readjusting the present duties on importations into the United States and at the same time to encourage the export trade of this country, the President of the United States is authorized and empowered to negotiate trade agreements with foreign nations wherein mutual concessions are made looking toward freer trade relations and further reciprocal expansion of trade and commerce: **Provided, however,** That said trade agreements before becoming operative shall be submitted to the Congress of the United States for ratification or rejection.

B. That nothing in this Act contained shall be so construed as to abrogate or in any manner impair or affect the provisions of the treaty of commercial reciprocity concluded between the United States and the Republic of Cuba on the eleventh day of December, nineteen hundred and two, or the provisions of the Act of Congress heretofore passed for the execution of the same except as to the proviso of article eight of said treaty, which proviso is hereby abrogated and repealed.

C. That there shall be levied, collected, and paid upon all articles coming into the United States from the Philippine Islands the rates of duty which are required to be levied, collected, and paid upon like articles imported from foreign countries: **Provided,** That all articles, the growth or product of or manufactured in the Philippine Islands from materials the growth or product of the Philippine Islands or of the United States, or of both, or which do not contain foreign materials to the value of more than 20 per centum of their total value, upon which no drawback of customs duties has been allowed therein, coming into the United States from the Philippine Islands shall hereafter be admitted free of duty: **Provided, however,** That in consideration of the exemptions aforesaid, all articles, the growth, product, or manufacture of the United States, upon which no drawback of customs duties has been allowed therein, shall be admitted to the Philippine Islands from the United States free of duty: **And provided further,** That the free admission, herein provided, of such articles, the growth, product, or manufacture of the United States, into the Philippine Islands, or of the growth, product, or manufacture, as hereinbefore defined, of the Philippine Islands into the United States, shall be conditioned upon the direct shipment thereof, under a through bill of lading, from the country of origin to the country of destination: **Provided,** That direct shipments shall include shipments in bond through foreign territory contiguous to the United States: **Provided, however,** That if such articles become unpacked while en route by accident, wreck, or other casualty, or so damaged as to necessitate their repacking, the same shall be admitted

free of duty upon satisfactory proof that the unpacking occurred through accident or necessity and that the merchandise involved is the identical merchandise originally shipped from the United States or the Philippine Islands, as the case may be, and that its condition has not been changed except for such damage as may have been sustained: And provided, That there shall be levied, collected, and paid, in the United States, upon articles, goods, wares, or merchandise coming into the United States from the Philippine Islands, a tax equal to the internal-revenue tax imposed in the United States upon the like articles, goods, wares, or merchandise of domestic manufacture; such tax to be paid by internal-revenue stamp or stamps, to be provided by the Commissioner of Internal Revenue, and to be affixed in such manner and under such regulations as he, with the approval of the Secretary of the Treasury, shall prescribe; and such articles, goods, wares, or merchandise, shipped from said islands to the United States, shall be exempt from the payment of any tax imposed by the internal-revenue laws of the Philippine Islands: And provided further, That there shall be levied, collected, and paid in the Philippine Islands, upon articles, goods, wares, or merchandise going into the Philippine Islands from the United States, a tax equal to the internal-revenue tax imposed in the Philippine Islands upon the like articles, goods, wares, or merchandise of Philippine Islands manufacture; such tax to be paid by internal-revenue stamps or otherwise, as provided by the laws in the Philippine Islands; and such articles, goods, wares, or merchandise going into the Philippine Islands from the United States shall be exempt from the payment of any tax imposed by the internal-revenue laws of the United States: And provided further, That in addition to the customs taxes imposed in the Philippine Islands, there shall be levied, collected, and paid therein upon articles, goods, wares, or merchandise imported into the Philippine Islands from countries other than the United States, the internal-revenue tax imposed by the Philippine Government on like articles manufactured and consumed in the Philippine Islands or shipped thereto for consumption therein, from the United States: And provided further, That from and after the passage of this Act all internal revenues collected in or for account of the Philippine Islands shall accrue intact to the general government thereof and be paid into the insular treasury: And provided further, That section thirteen of "An Act to raise revenue for the Philippine Islands, and for other purposes," approved August fifth, nineteen hundred and nine, is hereby repealed.

D. That articles, goods, wares, or merchandise going into Porto Rico from the United States shall be exempted from the payment of any tax imposed by the internal-revenue laws of the United States.

E. That whenever any country, dependency, colony, province, or other political subdivision of government shall pay or bestow, directly or indirectly, any bounty or grant upon the exportation of any article or merchandise from such country, dependency, colony, province, or other political subdivision of government, and such article or merchandise is dutiable under

the provisions of this Act, then upon the importation of any such article or merchandise into the United States, whether the same shall be imported directly from the country of production or otherwise, and whether such article or merchandise is imported in the same condition as when exported from the country of production or has been changed in condition by remanufacture or otherwise, there shall be levied and paid, in all such cases, in addition to the duties otherwise imposed by this Act, an additional duty equal to the net amount of such bounty or grant, however the same be paid or bestowed. The net amount of all such bounties or grants shall be from time to time ascertained, determined, and declared by the Secretary of the Treasury, who shall make all needful regulations for the identification of such articles and merchandise and for the assessment and collection of such additional duties.

F. Subsection 1. That all articles of foreign manufacture or production, which are capable of being marked, stamped, branded, or labeled, without injury, shall be marked, stamped, branded, or labeled in legible English words, in a conspicuous place that shall not be covered or obscured by any subsequent attachments or arrangements, so as to indicate the country of origin. Said marking, stamping, branding, or labeling shall be as nearly indelible and permanent as the nature of the article will permit.

All packages containing imported articles shall be marked, stamped, branded, or labeled so as to indicate legibly and plainly, in English words, the country of origin and the quantity of their contents, and until marked in accordance with the directions prescribed in this section no articles or packages shall be delivered to the importer.

Should any article or package of imported merchandise be marked, stamped, branded, or labeled so as not accurately to indicate the quantity, number, or measurement actually contained in such article or package, no delivery of the same shall be made to the importer until the mark, stamp, brand, or label, as the case may be, shall be changed so as to conform to the facts of the case.

The Secretary of the Treasury shall prescribe the necessary rules and regulations to carry out the foregoing provision.

F. Subsection 2. If any person shall fraudulently violate any of the provisions of this Act relating to the marking, stamping, branding, or labeling of any imported articles or packages; or shall fraudulently deface, destroy, remove, alter, or obliterate any such marks, stamps, brands, or labels with intent to conceal the information given by or contained in such marks, stamps, brands, or labels, he shall upon conviction be fined in any sum not exceeding \$5,000, or be imprisoned for any time not exceeding one year, or both.

G. Subsection 1. That all persons are prohibited from importing into the United States from any foreign country any obscene book, pamphlet, paper, writing, advertisement, circular, print, picture, drawing, or other representation, figure, or image on or of paper or other material, or any cast, instrument, or other article of an immoral nature, or any drug or medicine, or any article whatever for the prevention of conception or

for causing unlawful abortion, or any lottery ticket, or any advertisement of any lottery. No such articles, whether imported separately or contained in packages with other goods entitled to entry, shall be admitted to entry; and all such articles shall be proceeded against, seized, and forfeited by due course of law. All such prohibited articles and the package in which they are contained in the course of importation shall be detained by the officer of customs, and proceedings taken against the same as hereinafter prescribed, unless it appears to the satisfaction of the collector of customs that the obscene articles contained in the package were inclosed therein without the knowledge or consent of the importer, owner, agent, or consignee: **Provided**, That the drugs hereinbefore mentioned, when imported in bulk and not put up for any of the purposes hereinbefore specified, are excepted from the operation of this subsection.

G. Subsection 2. That whoever, being an officer, agent, or employee of the Government of the United States, shall knowingly aid or abet any person engaged in any violation of any of the provisions of law prohibiting importing, advertising, dealing in, exhibiting, or sending or receiving by mail obscene or indecent publications or representations, or means for preventing conception or procuring abortion, or other articles of indecent or immoral use or tendency, shall be deemed guilty of a misdemeanor, and shall for every offense be punishable by a fine of not more than \$5,000, or by imprisonment at hard labor for not more than ten years, or both.

G. Subsection 3. That any circuit or district judge of the United States, within the proper district, before whom complaint in writing of any violation of the two preceding sections is made, to the satisfaction of such judge, and founded on knowledge or belief, and if upon belief, setting forth the grounds of such belief, and supported by oath or affirmation of the complainant, may issue, conformably to the Constitution, a warrant directed to the marshal or any deputy marshal in the proper district, directing him to search for, seize, and take possession of any such article or thing mentioned in the two preceding sections, and to make due and immediate return thereof, to the end that the same may be condemned and destroyed by proceedings, which shall be conducted in the same manner as other proceedings in the case of municipal seizure, and with the same right of appeal or writ of error.

H. Subsection 1. That the importation of neat cattle and the hides of neat cattle from any foreign country into the United States is prohibited: **Provided**, That the operation of this section shall be suspended as to any foreign country or countries, or any parts of such country or countries, whenever the Secretary of the Treasury shall officially determine, and give public notice thereof, that such importation will not tend to the introduction or spread of contagious or infectious diseases among the cattle of the United States; and the Secretary of the Treasury is hereby authorized and empowered, and it shall be his duty, to make all necessary orders and regulations to carry this section into effect, or to suspend the same as herein provided, and to send copies thereof to the proper officers in the

United States and to such officers or agents of the United States in foreign countries as he shall judge necessary.

H. Subsection 2. That any person convicted of a willful violation of any of the provisions of the preceding subsection shall be fined not exceeding \$500, or imprisonment not exceeding one year, or both, in the discretion of the court.

I. That all goods, wares, articles, and merchandise manufactured wholly or in part in any foreign country by convict labor shall not be entitled to entry at any of the ports of the United States, and the importation thereof is hereby prohibited, and the Secretary of the Treasury is authorized and directed to prescribe such regulations as may be necessary for the enforcement of this provision.

J. Subsection 1. That a discriminating duty of 10 per centum ad valorem, in addition to the duties imposed by law, shall be levied, collected, and paid on all goods, wares, or merchandise which shall be imported in vessels not of the United States, or which being the production or manufacture of any foreign country not contiguous to the United States, shall come into the United States from such contiguous country; but this discriminating duty shall not apply to goods, wares, or merchandise which shall be imported in vessels not of the United States entitled at the time of such importation by treaty or convention or Act of Congress to be entered in the ports of the United States on payment of the same duties as shall then be payable on goods, wares, and merchandise imported in vessels of the United States, nor to such foreign products or manufactures as shall be imported from such contiguous countries in the usual course of strictly retail trade.

J. Subsection 2. That no goods, wares, or merchandise, unless in cases provided for by treaty, shall be imported into the United States from any foreign port or place, except in vessels of the United States, or in such foreign vessels as truly and wholly belong to the citizens or subjects of that country of which the goods are the growth, production, or manufacture, or from which such goods, wares, or merchandise can only be, or most usually are, first shipped for transportation. All goods, wares, or merchandise imported contrary to this section, and the vessel wherein the same shall be imported, together with her cargo, tackle, apparel, and furniture, shall be forfeited to the United States; and such goods, wares, or merchandise, ship, or vessel, and cargo shall be liable to be seized, prosecuted, and condemned in like manner, and under the same regulations, restrictions, and provisions as have been heretofore established for the recovery, collection, distribution, and remission of forfeitures to the United States by the several revenue laws.

J. Subsection 3. That the preceding subsection shall not apply to vessels or goods, wares, or merchandise imported in vessels of a foreign nation which does not maintain a similar regulation against vessels of the United States.

J. Subsection 4. That machinery or other articles to be altered or repaired, molders' patterns for use in the manufacture of castings intended to be and actually exported within six months from the date of importation thereof, models of women's wearing apparel imported by manufacturers for use

as models in their own establishments, and not for sale, samples solely for use in taking orders for merchandise, articles intended solely for experimental purposes, and automobiles, motor cycles, bicycles, aeroplanes, airships, balloons, motor boats, racing shells, teams, and saddle horses, and similar vehicles and craft brought temporarily into the United States by nonresidents for touring purposes or for the purpose of taking part in races or other specific contests, may be admitted without the payment of duty under bond for their exportation within six months from the date of importation and under such regulations and subject to such conditions as the Secretary of the Treasury may prescribe: **Provided**, That no article shall be entitled to entry under this section that is intended for sale or which is imported for sale on approval.

J. Subsection 5. That all materials of foreign production which may be necessary for the construction of naval vessels or other vessels of the United States, vessels built in the United States for foreign account and ownership, or for the purpose of being employed in the foreign or domestic trade, and all such materials necessary for the building of their machinery, and all articles necessary for their outfit and equipment, may be imported in bond under such regulations as the Secretary of the Treasury may prescribe; and upon proof that such materials have been used for such purposes no duties shall be paid thereon.

J. Subsection 6. That all articles of foreign production needed for the repair of naval vessels of, or other vessels owned or used by, the United States and vessels now or hereafter registered under the laws of the United States may be withdrawn from bonded warehouses free of duty, under such regulations as the Secretary of the Treasury may prescribe.

J. Subsection 7. That a discount of 5 per centum on all duties imposed by this Act shall be allowed on such goods, wares, and merchandise as shall be imported in vessels admitted to registration under the laws of the United States: **Provided**, That nothing in this subsection shall be so construed as to abrogate or in any manner impair or affect the provisions of any treaty concluded between the United States and any foreign nation.

K. The privilege of purchasing supplies from public warehouses, free of duty, and from bonded manufacturing warehouses, free of duty or of internal-revenue tax, as the case may be, shall be extended, under such regulations as the Secretary of the Treasury shall prescribe, to the vessels of war of any nation in ports of the United States which may reciprocate such privileges toward the vessels of war of the United States in its ports.

L. That whenever any vessel laden with merchandise, in whole or in part subject to duty, has been sunk in any river, harbor, bay, or waters subject to the jurisdiction of the United States, and within its limits, for the period of two years, and is abandoned by the owner thereof, any person who may raise such vessel shall be permitted to bring any merchandise recovered therefrom into the port nearest to the place where such vessel was so raised free from the payment of any duty there-

upon, but under such regulations as the Secretary of the Treasury may prescribe.

M. That all articles manufactured in whole or in part of imported materials, or of materials subject to internal-revenue tax, and intended for exportation without being charged with duty, and without having an internal-revenue stamp affixed thereto, shall, under such regulations as the Secretary of the Treasury may prescribe, in order to be so manufactured and exported, be made and manufactured in bonded warehouses similar to those known and designated in Treasury Regulations as bonded warehouses, class six: Provided, That the manufacturer of such articles shall first give satisfactory bonds for the faithful observance of all the provisions of law and of such regulations as shall be prescribed by the Secretary of the Treasury: Provided further, That the manufacture of distilled spirits from grain, starch, molasses, or sugar, including all dilutions or mixtures of them or either of them, shall not be permitted in such manufacturing warehouses.

Whenever goods manufactured in any bonded warehouse established under the provisions of the preceding paragraph shall be exported directly therefrom or shall be duly laden for transportation and immediate exportation under the supervision of the proper officer who shall be duly designated for that purpose, such goods shall be exempt from duty and from the requirements relating to revenue stamps.

Any materials used in the manufacture of such goods, and any packages, coverings, vessels, brands, and labels used in putting up the same may, under the regulations of the Secretary of the Treasury, be conveyed without the payment of revenue tax or duty into any bonded manufacturing warehouse, and imported goods may, under the aforesaid regulations, be transferred without the exaction of duty from any bonded warehouse into any bonded manufacturing warehouse; but this privilege shall not be held to apply to implements, machinery, or apparatus to be used in the construction or repair of any bonded manufacturing warehouse or for the prosecution of the business carried on therein.

No articles or materials received into such bonded manufacturing warehouse shall be withdrawn or removed therefrom except for direct shipment and exportation or for transportation and immediate exportation in bond to foreign countries or to the Philippine Islands under the supervision of the officer duly designated therefor by the collector of the port, who shall certify to such shipment and exportation, or lading for transportation, as the case may be, describing the articles by their mark or otherwise, the quantity, the date of exportation, and the name of the vessel: Provided, That the waste material or by-products incident to the processes of manufacture, including waste derived from cleaning rice in bonded warehouses under Act of March twenty-fourth, eighteen hundred and seventy-four, in said bonded warehouses may be withdrawn for domestic consumption on the payment of duty equal to the duty which would be assessed and collected, by law, if such waste or by-products were imported from a foreign country. All labor per-

formed and services rendered under these provisions shall be under the supervision of a duly designated officer of the customs and at the expense of the manufacturer.

A careful account shall be kept by the collector of all merchandise delivered by him to any bonded manufacturing warehouse, and a sworn monthly return, verified by the customs officers in charge, shall be made by the manufacturers containing a detailed statement of all imported merchandise used by him in the manufacture of exported articles.

Before commencing business the proprietor of any manufacturing warehouse shall file with the Secretary of the Treasury a list of all the articles intended to be manufactured in such warehouse, and state the formula of manufacture and the names and quantities of the ingredients to be used therein.

Articles manufactured under these provisions may be withdrawn under such regulations as the Secretary of the Treasury may prescribe for transportation and delivery into any bonded warehouse at an exterior port for the sole purpose of immediate export therefrom: **Provided**, That cigars manufactured in whole of tobacco imported from any one country, made and manufactured in such bonded manufacturing warehouses, may be withdrawn for home consumption upon the payment of the duties on such tobacco in its condition as imported under such regulations as the Secretary of the Treasury may prescribe, and the payment of the internal-revenue tax accruing on such cigars in their condition as withdrawn, and the boxes or packages containing such cigars shall be stamped to indicate their character, origin of tobacco from which made, and place of manufacture.

The provisions of Revised Statutes thirty-four hundred and thirty-three shall, so far as may be practicable, apply to any bonded manufacturing warehouse established under this Act and to the merchandise conveyed therein.

N. Subsection 1. That the works of manufacturers engaged in smelting or refining, or both, of ores and crude metals, may upon the giving of satisfactory bonds be designated as bonded smelting warehouses. Ores or crude metals may be removed from the vessel or other vehicle in which imported, or from a bonded warehouse, into a bonded smelting warehouse without the payment of duties thereon and there smelted or refined, or both, together with ores or crude metals of home or foreign production: **Provided**, That the bonds shall be charged with the amount of duties payable upon such ores and crude metals at the time of their importation, and the several charges against such bonds may be canceled upon the exportation or delivery to a bonded manufacturing warehouse established under paragraph M of this section of an amount of the same kind of metal equal to the actual amount of dutiable metal producible from the smelting or refining, or both, of such ores or crude metals as determined from time to time by the Secretary of the Treasury: **And provided further**, That the said metals so producible, or any portion thereof, may be withdrawn for domestic consumption, or transferred to a bonded customs warehouse, and withdrawn therefrom, and the several charges against the bonds canceled upon the payment of the duties chargeable

against an equivalent amount of ores or crude metals from which said metal would be producible in their condition as imported: And provided further, That on the arrival of the ores and crude metals at such establishments they shall be sampled and assayed according to commercial methods under the supervision of Government officers, to be appointed by the Secretary of the Treasury and at the expense of the manufacturer: Provided further, That antimonial lead produced in said establishments may be withdrawn for consumption upon the payment of the duties chargeable against it as type metal under existing law and the charges against the bonds canceled in a similar sum: Provided further, That all labor performed and services rendered pursuant to this section shall be under the supervision of an officer of the customs, to be appointed by the Secretary of the Treasury, and at the expense of the manufacturer: Provided further, That all regulations for the carrying out of this section shall be prescribed by the Secretary of the Treasury.

Subsection 2. That from and after the first day of January, nineteen hundred and fourteen, under such regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury may prescribe, any farmer or association of farmers, any fruit grower or association of fruit growers, or other person or persons may manufacture alcohol free of tax for denaturization only, out of any of the products of farms, fruit orchards, or any substance whatever, on condition that such alcohol shall be directly conveyed from the still by continuous closed pipes to locked and sealed receptacles in which the same may be rendered unfit for use as an intoxicating beverage by an admixture of such denaturing materials as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe, or where such alcohol is of insufficient proof to be denatured, the same may be transferred in bond from such locked and sealed receptacles to a central distilling and denaturing plant as hereinafter provided.

That the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may authorize the establishment of central distilling and denaturing plants to which alcohol produced under the provisions of this Act, free of tax, may be transferred, redistilled and denatured under such regulations, and upon the execution of such notices and bonds as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe.

That any central distilling and denaturing plant provided for in section two of this Act may, in addition to the spirits produced under section one of this Act, use any of the products of farms, fruit orchards, or any substance whatever, for the manufacture of alcohol for denaturation only: Provided, That at such distilleries the use of cisterns or tanks of such size and construction as may be deemed expedient shall be permitted in lieu of distillery bonded warehouses under such rules and regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe.

That any person who under the provisions of this Act shall fail to register, or shall falsely register, any still or distilling

apparatus used by him, or who shall fraudulently remove or conceal any distilled spirits produced by him, or who shall fail to comply with all the requirements of this Act, or any regulations issued pursuant thereto, respecting the production and denaturization of distilled spirits; and any person who shall recover or attempt to recover by redistillization or by any other process or means, any distilled spirits after the same has been denatured, shall, on conviction, for each offense, be fined not more than \$5,000 or be imprisoned for not more than five years, or both, and shall in addition thereto forfeit to the United States all real and personal property used in connection therewith.

That subsection two of section thirty-two hundred and forty-four of the Revised Statutes of the United States shall not apply to stills and worms manufactured for use in distilling, provided for in section one of this Act, but the manufacturer or owner of such distilling apparatus shall give notice to the collector of internal revenue of the district in which the said apparatus is made or to which it is removed, of each still, or worm, manufactured, sold, used, or exchanged under such regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe.

Section four of the Act of March second, nineteen hundred and seven, amendatory of the Act of June seventh, nineteen hundred and six, is hereby repealed, and the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall exempt distillers operating under this Act from the provisions of sections thirty-two hundred and eighty-three and thirty-three hundred and nine of the Revised Statutes of the United States, and from such other provisions of existing laws relating to distilleries, including the giving of bonds, as may be deemed expedient by said officials: **Provided, however,** That the Commissioner of Internal Revenue shall assess and collect the tax on any spirits unlawfully produced or produced and not accounted for by any such distiller.

O. That upon the exportation of articles manufactured or produced in the United States by the use of imported merchandise or materials upon which customs duties have been paid, the full amount of such duties paid upon the quantity of materials used in the manufacture or production of the exported product shall be refunded as drawback, less 1 per centum of such duties: **Provided,** That where a principal product and a by-product result from the manipulation of imported material and only the by-product is exported, the proportion of the drawback distributed to such by-product shall not exceed the duty assessable under this Act on a similar by-product of foreign origin if imported into the United States. Where no duty is assessable upon the importation of a corresponding by-product, no drawback shall be payable on such by-product produced from the imported material; if, however, the principal product is exported, then on the exportation thereof there shall be refunded as drawback the whole of the duty paid on the imported material used in the production of both the principal and the by-product, less 1 per cent, as hereinbefore provided: **Provided further,** That when the articles exported are manufactured in part

from domestic materials, the imported materials or the parts of the articles manufactured from such materials, shall so appear in the completed articles that the quantity or measure thereof may be ascertained: And provided further, That the drawback on any article allowed under existing law shall be continued at the rate herein provided. That the imported materials used in the manufacture or production of articles entitled to drawback of customs duties when exported shall, in all cases where drawback of duties paid on such materials is claimed, be identified, the quantity of such materials used and the amount of duties paid thereon shall be ascertained, the facts of the manufacture or production of such articles in the United States and their exportation therefrom shall be determined, and the drawback due thereon shall be paid to the manufacturer, producer, or exporter, to the agent of either or to the person to whom such manufacturer, producer, exporter, or agent shall in writing order such drawback paid, under such regulations as the Secretary of the Treasury shall prescribe.

That on the exportation of flavoring extracts, medicinal or toilet preparations (including perfumery) hereafter manufactured or produced in the United States in part from domestic alcohol on which an internal-revenue tax has been paid, there shall be allowed a drawback equal in amount to the tax found to have been paid on the alcohol so used: Provided, That no other than domestic tax-paid alcohol shall have been used in the manufacture or production of such preparations. Such drawback shall be determined and paid under such rules and regulations, and upon the filing of such notices, bonds, bills of lading, and other evidence of payment of tax and exportation, as the Secretary of the Treasury shall prescribe.

That the provisions of this section shall apply to materials used in the construction and equipment of vessels built for foreign account and ownership, or for the government of any foreign country, notwithstanding that such vessels may not within the strict meaning of the term be articles exported.

P. That upon the reimportation of articles once exported, of the growth, product, or manufacture of the United States, upon which no internal tax has been assessed or paid, or upon which such tax has been paid and refunded by allowance or drawback, there shall be levied, collected, and paid a duty equal to the tax imposed by the internal-revenue laws upon such articles, except articles manufactured in bonded warehouses and exported pursuant to law, which shall be subject to the same rate of duty as if originally imported, but proof of the identity of such articles shall be made under general regulations to be prescribed by the Secretary of the Treasury.

Q. That on and after the day when this Act shall go into effect all goods, wares, and merchandise previously imported, for which no entry has been made, and all goods, wares, and merchandise previously entered without payment of duty and under bond for warehousing, transportation, or any other purpose, for which no permit of delivery to the importer or his agent has been issued, shall be subjected to the duties imposed by this Act and to no other duty, upon the entry or the withdrawal thereof: Provided, That when duties are based upon

the weight of merchandise deposited in any public or private bonded warehouse, said duties shall be levied and collected upon the weight of such merchandise at the time of its entry.

R. That the President shall cause to be ascertained each year, the amount of imports and exports of the articles enumerated in the various paragraphs in section one of this Act and cause an estimate to be made of the amount of the domestic production and consumption of said articles, and where it is ascertained that the imports under any paragraph amount to less than 5 per centum of the domestic consumption of the articles enumerated he shall advise the Congress as to the facts and his conclusions by special message, if deemed important in the public interest.

S. That, except as hereinafter provided, sections one to forty-two both inclusive, of an Act entitled "An Act to provide revenue, equalize duties, and encourage the industries of the United States, and for other purposes," approved August fifth, nineteen hundred and nine, and all Acts and parts of Acts inconsistent with the provisions of this Act, are hereby repealed: **Provided**, That nothing in this Act shall be construed to permit any oaths to be demanded or fees to be charged except as provided in this Act or in section twenty-eight hundred and sixty-two of the Revised Statutes of the United States, nor to repeal or in any manner affect the following numbered sections of the aforesaid Act approved August fifth, nineteen hundred and nine, viz: Subsection twenty-nine of section twenty-eight and subsequent laws and amendments relating to the establishment and continuance of a Customs Court, subsection thirty of section twenty-eight, providing for additional attorneys, subsection twelve of section twenty-eight and subsequent provisions establishing a Board of General Appraisers of merchandise, sections thirty, thirty-one, thirty-two, thirty-three, and thirty-five, imposing an internal revenue tax upon tobacco, section thirty-six, providing for a tonnage duty, section thirty-nine, authorizing the Secretary of the Treasury to borrow on the credit of the United States to defray expenditures on account of the Panama Canal, section forty, authorizing the Secretary of the Treasury to borrow to meet public expenditures: **Provided further**, That all excise taxes upon corporations imposed by section thirty-eight, that have accrued or have been imposed for the year ending December thirty-first, nineteen hundred and twelve, shall be returned, assessed, and collected in the same manner, and under the same provisions, liens, and penalties as if section thirty-eight continued in full force and effect: **And provided further**, That a special excise tax with respect to the carrying on or doing of business, equivalent to 1 per centum upon their entire net income, shall be levied, assessed, and collected upon corporations, joint stock companies or associations, and insurance companies, of the character described in section thirty-eight of the Act of August fifth, nineteen hundred and nine, for the period from January first to February twenty-eighth, nineteen hundred and thirteen, both dates inclusive, which said tax shall be computed upon one-sixth of the entire net income of said corporations, joint stock companies or associations, and insurance companies, for said

year, said net income to be ascertained in accordance with the provisions of subsection G of section two of this Act: Provided further, That the provisions of said section thirty-eight of the Act of August fifth, nineteen hundred and nine, relative to the collection of the tax therein imposed shall remain in force for the collection of the excise tax herein provided, but for the year nineteen hundred and thirteen it shall not be necessary to make more than one return and assessment for all the taxes imposed herein upon said corporations, joint stock companies or associations, and insurance companies, either by way of income or excise, which return and assessment shall be made at the times and in the manner provided in this Act; but the repeal of existing laws or modifications thereof embraced in this Act shall not affect any act done, or any right accruing or accrued, or any suit or proceeding had or commenced in any civil case before the said repeal or modification; but all rights and liabilities under said laws shall continue and may be enforced in the same manner as if said repeal or modifications had not been made. Any offenses committed and all penalties or forfeitures or liabilities incurred prior to the passage of this Act under any statute embraced in or changed, modified, or repealed by this Act may be prosecuted or punished in the same manner and with the same effect as if this Act had not been passed. No Acts of limitation now in force, whether applicable to civil causes and proceedings or to the prosecution of offenses or for the recovery of penalties or forfeitures embraced in or modified, changed, or repealed by this Act shall be affected thereby so far as they affect any suits, proceedings, or prosecutions, whether civil or criminal, for causes arising or acts done or committed prior to the passage of this Act, which may be commenced and prosecuted within the same time and with the same effect as if this Act had not been passed.

T. If any clause, sentence, paragraph, or part of this Act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of said Act, but shall be confined in its operation to the clause, sentence, paragraph, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

U. That unless otherwise herein specially provided, this Act shall take effect on the day following its passage.

Approved, 9.10 p. m. October 3, 1913.

**THE FOLLOWING NUMBERED SECTIONS OF THE ACT,
APPROVED AUGUST 5, 1909, ARE NOT REPEALED BY
THE ACT OF OCTOBER 3, 1913:**

"Sec. 28 (Sub Sec. 12). That there shall be appointed by the President, by and with the advice and consent of the Senate, nine general appraisers of merchandise. Not more than five of such general appraisers shall be appointed from the same political party. They shall not be engaged in any other business, avocation, or employment. That the office of said general appraisers shall be at the port of New York, and three of them shall be on duty at that port daily as a board of general appraisers.

"All of the general appraisers of merchandise heretofore or hereafter appointed under the authority of said Act shall hold their office during good behavior, but may, after due hearing, be removed by the President for the following causes, and no other: Neglect of duty, malfeasance in office, or inefficiency.

"That hereafter the salary of each of the general appraisers of merchandise shall be at the rate of nine thousand dollars per annum.

"That the boards of general appraisers and the members thereof shall have and possess all the powers of a circuit court of the United States in preserving order, compelling the attendance of witnesses, and the production of evidence, and in punishing for contempt.

"All notices in writing to collectors of dissatisfaction of any decision thereof, as to the rate or amount of duties chargeable upon imported merchandise, including all dutiable costs and charges, and as to all fees and exactions of whatever character (except duties on tonnage), with the invoice and all papers and exhibits, shall be forwarded to the board of nine general appraisers of merchandise at New York to be by rule thereof assigned for hearing or determination, or both. The President of the United States shall designate one of the board of nine general appraisers of merchandise as president of said board and others in order to act in his absence. Said general appraisers of merchandise shall be divided into three boards of three members each, to be denominated respectively Board 1, Board 2, and Board 3. The president of the board shall assign three general appraisers to each of said boards and shall designate one member of each of said boards as chairman thereof, and such assignment or designation may be by him changed from time to time, and he may assign or designate all boards of three general appraisers where it is now or heretofore was provided by law that such might be assigned or designated by the Secretary of the Treasury. The president of the board shall be competent to sit as a member of any

board, or assign one or two other members thereto, in the absence or inability of any one or two members of such board. Each of the boards of three general appraisers, or a majority thereof, shall have full power to hear and determine all cases and questions arising therein or assigned thereto; and the general board of nine general appraisers, each of the boards of three general appraisers, and each of the general appraisers of merchandise, shall have all the jurisdiction and powers and proceed as now, heretofore, and herein provided. The said board of nine general appraisers shall have power to establish from time to time such rules of evidence, practice and procedure, not inconsistent with the statutes, as may be deemed necessary for the conduct and uniformity of its proceedings and decisions and the proceedings and decisions of the boards of three thereof; and for the production, care, and custody of samples and records of said board. The president of the board shall have control of the fiscal affairs and the clerical force of the board, make all recommendations for appointment, promotion, and otherwise affecting said clerical force; he may at any time before trial under the rules of said board assign or reassign any case for hearing, determination, or both, and shall designate a general appraiser or a board of general appraisers, and, if necessary, a clerk thereto, to proceed to any port within the jurisdiction of the United States for the purpose of hearing, or determining if authorized by law, causes assigned for hearing at such port, and shall cause to be prepared and duly promulgated dockets therefor. No member of any of said boards shall sit to hear or decide any case on appeal in the decision of which he may have previously participated. The board of three general appraisers, or a majority of them, who decided the case, may, upon motion of either party made within thirty days next after their decision, grant a rehearing or retrial of said case when in their opinion the ends of justice may require it.

"Sec. 28 (Sub Sec. 29). That a United States Court of Customs Appeals is hereby created, and said court shall consist of a presiding judge and four associate judges appointed by the President, by and with the advice and consent of the Senate, each of whom shall receive a salary of ten thousand dollars per annum. It shall be a court of record, with jurisdiction as hereinafter established and limited.

"Said court shall prescribe the form and style of its seal and the form of its writs and other process and procedure and exercise such powers conferred by law as may be conformable and necessary to the exercise of its jurisdiction. It shall have the services of a marshal, with the same duties and powers, under the regulations of the court, as are now provided for the marshal of the Supreme Court of the United States, so far as the same may be applicable. Said services within the District of Columbia shall be performed by a marshal at a salary of three thousand dollars per annum, to be appointed by and hold office during the pleasure of said court; said services outside the District of Columbia to be performed by the United States marshals in and for the districts where sessions of said court may be held, and to this end said marshals shall be the marshals of said Court of Customs Appeals. The court shall

appoint a clerk, whose office shall be in the city of Washington, District of Columbia, and who shall perform and exercise the same duties and powers in regard to all matters within the jurisdiction of said court as are now exercised and performed by the clerk of the Supreme Court of the United States, so far as the same may be applicable. The salary of the clerk shall be four thousand dollars per annum, which sum shall be in full payment for all service rendered by such clerk, and all fees of any kind whatever, and all costs shall be by him turned into the United States Treasury. Said clerk shall not be appointed by the court or any judge thereof as a commissioner, master, receiver, or referee. The costs and fees in the said court shall be fixed and established by said court in a table of fees to be adopted and approved by the Supreme Court of the United States within four months after the organization of said court: Provided, That the costs and fees so fixed shall not, with respect to any item, exceed the costs and fees charged in the Supreme Court of the United States; and the same shall be expended, accounted for, and paid over to the Treasury of the United States. The court shall have power to establish all rules and regulations for the conduct of the business of the court and as may be needful for the uniformity of decisions within its jurisdiction as conferred by law.

"The said Court of Customs Appeals shall always be open for the transaction of business, and sessions thereof may, in the discretion of the court, be held by the said court, in the several judicial circuits, and at such places as said court may from time to time designate.

"The presiding judge of said court shall be so designated in order of appointment and in the commission issued him by the President, and the associate judges shall have precedence according to the date of their commissions. Any three of the members of said court shall constitute a quorum, and the concurrence of three members of said court shall be necessary to any decision thereof.

"The said court shall organize and open for the transaction of business in the city of Washington, District of Columbia, within ninety days after the judges, or a majority of them, shall have qualified.

"After the organization of said court no appeal shall be taken or allowed from any Board of United States General Appraisers to any other court, and no appellate jurisdiction shall thereafter be exercised or allowed by any other courts in cases decided by said Board of United States General Appraisers; but all appeals allowed by law from such Board of General Appraisers shall be subject to review only in the Court of Customs Appeals hereby established, according to the provisions of this Act: Provided, That nothing in this Act shall be deemed to deprive the Supreme Court of the United States of jurisdiction to hear and determine all customs cases which have heretofore been certified to said court from the United States circuit courts of appeals on applications for writs of certiorari or otherwise, nor to review by writ of certiorari any customs case heretofore decided or now pending and hereafter decided by any circuit court of appeals, provided application for said writ be made within six months after the passage of this Act:

And provided further, That all customs cases heretofore decided by a circuit or district court of the United States or a court of a Territory of the United States and which have not been removed from said courts by appeal or writ of error, and all such cases heretofore submitted for decision in said courts and remaining undecided may be reviewed on appeal at the instance of either party by the United States Court of Customs Appeals, provided such appeal be taken within one year from the date of the entry of the order, judgment or decree sought to be reviewed.

"The Court of Customs Appeals established by this Act shall exercise exclusive appellate jurisdiction to review by appeal, as provided by this Act, final decisions by a Board of General Appraisers in all cases as to the construction of the law and the facts respecting the classification of merchandise and the rate of duty imposed thereon under such classification, and the fees and charges connected therewith, and all appealable questions as to the jurisdiction of said board, and all appealable questions as to the laws and regulations governing the collection of the customs revenues; and the judgment or decrees of said Court of Customs Appeals shall be final in all such cases.

"Any judge who, in pursuance of the provisions of this Act, shall attend a session of the Court of Customs Appeals held at any place other than the city of Washington, District of Columbia, shall be paid, upon his written and itemized certificate, by the marshal of the district in which the court shall be held, his actual and necessary expenses incurred for travel and attendance, and the actual and necessary expenses of one stenographic clerk who may accompany him, and such payments shall be allowed the marshal in the statement of his accounts with the United States.

"The marshal of said court for the District of Columbia and the marshals of the several districts in which said Court of Customs Appeals may be held shall, under the direction of the Attorney-General of the United States and with his approval, provide such rooms in the public buildings of the United States as may be necessary for said court: Provided, however, That in case proper rooms can not be provided in such buildings, then the said marshals, with the approval of the Attorney-General of the United States, may, from time to time, lease such rooms as may be necessary for said court. The bailiffs and messengers of said court shall be allowed the same compensation for their respective services as are allowed for similar services in the existing circuit courts; and in no case shall said marshals secure other rooms than those regularly occupied by existing circuit courts of appeals, circuit courts, or district courts, or other public officers, except where such can not, by reason of actual occupancy or use, be occupied or used by said Court of Customs Appeals.

"If the importer, owner, consignee, or agent of any imported merchandise, or the collector or Secretary of the Treasury, shall be dissatisfied with the decision of the Board of General Appraisers as to the construction of the law and the facts respecting the classification of such merchandise and the rate of duty imposed thereon under such classification, or with any

other appealable decision of said board, they, or either of them, may, within sixty days next after the entry of such decree or judgment, and not afterwards, apply to the Court of Customs Appeals for a review of the questions of law and fact involved in such decision: **Provided, That in Alaska and in the insular and other outside possessions of the United States ninety days shall be allowed for making such application to the Court of Customs Appeals. Such application shall be made by filing in the office of the clerk of said court a concise statement of errors of law and fact complained of, and a copy of such statement shall be served on the collector, or on the importer, owner, consignee, or agent, as the case may be. Thereupon the court shall immediately order the Board of General Appraisers to transmit to said court the record and evidence taken by them, together with the certified statement of the facts involved in the case and their decision thereon; and all the evidence taken by and before said board shall be competent evidence before said Court of Customs Appeals. The decision of said Court of Customs Appeals shall be final, and such cause shall be remanded to said Board of General Appraisers for further proceedings to be taken in pursuance of such determination.**

"Immediately upon the organization of the Court of Customs Appeals all cases within the jurisdiction of that court pending and not submitted for decision in any of the United States circuit courts of appeals, United States circuit, territorial or district courts, shall, with the record and samples therein, be certified by said courts to said Court of Customs Appeals for further proceedings in accordance herewith: **Provided, That where orders for the taking of further testimony before a referee have been made in any of such cases, the taking of such testimony shall be completed before such certification.**

"That in case of a vacancy or the temporary inability or disqualification for any reason of one or two judges of said Court of Customs Appeals, the President of the United States may, upon the request of the presiding judge of said court, designate any qualified United States circuit or district judge or judges to act in his or their place, and such United States judge or judges shall be duly qualified to so act.

"Said Court of Customs Appeals shall have power to review any decision or matter within its jurisdiction and may affirm, modify, or reverse the same and remand the case with such orders as may seem to it proper in the premises, which shall be executed accordingly.

"Immediately upon receipt of any record transmitted to said court for determination the clerk thereof shall place the same upon the calendar for hearing and submission; and such calendar shall be called and all cases thereupon submitted, except for good cause shown, at least once every sixty days.

"In addition to the clerk of said court the court may appoint an assistant clerk at a salary of two thousand five hundred dollars per annum, five stenographic clerks at a salary of two thousand four hundred dollars per annum each, and one stenographic reporter at a salary of two thousand five hundred dollars per annum, and a messenger at a salary of nine hundred dollars per annum, all payable in equal monthly installments, and all of whom, including the clerk, shall hold office

during the pleasure of and perform such duties as are assigned them by the court. Said reporter shall prepare and transmit to the Secretary of the Treasury once a week in time for publication in the Treasury Decisions copies of all decisions rendered to that date by said court, and prepare and transmit, under the direction of said court, at least once a year, reports of said decisions rendered to that date, constituting a volume, which shall be printed by the Treasury Department in such numbers and distributed or sold in such manner as the Secretary of the Treasury shall direct. The marshal of said court for the District of Columbia is hereby authorized to purchase, under the direction of the presiding judge, such books, periodicals, and stationery as may be necessary for the use of said court, and such expenditures shall be allowed and paid by the Secretary of the Treasury upon claim duly made and approved by said presiding judge.

"Sec. 28 (Sub Sec. 80). That there shall be appointed by the President, by and with the advice and consent of the Senate, an Assistant Attorney-General, who shall exercise the functions of his office under the supervision and control of the Attorney-General of the United States, and who shall be paid a salary of ten thousand dollars per annum; and there shall also be appointed by the Attorney-General of the United States a Deputy Assistant Attorney-General, who shall be paid a salary of seven thousand five hundred dollars per annum, and four attorneys, who shall be paid salaries of five thousand dollars per annum each. Said attorneys shall act under the immediate direction of said Assistant Attorney-General, or, in case of his absence or a vacancy in his office, under the direction of said Deputy Assistant Attorney-General, and said Assistant Attorney-General, Deputy Assistant Attorney-General, and attorneys shall have charge of the interests of the Government in all matters of reappraisal and classification of imported goods and of all litigation incident thereto, and shall represent the Government in all the courts and before all tribunals wherein the interests of the Government require such representation.

"But the Attorney-General may, whenever in his opinion the public interest requires it, employ and retain, in the name of the United States, such special attorneys and counselors at law in the conduct of customs cases as he may think necessary to assist said Assistant Attorney-General in the discharge of any of the duties incumbent upon him and his said subordinates, and shall stipulate with such attorneys and counsel the amount of compensation and shall have supervision of their conduct and proceedings."

Sec. 80. That section thirty-three hundred and sixty-two of the Revised Statutes of the United States, as amended, be, and the same is hereby amended so as to read as follows:

"Sec. 8362. All manufactured tobacco shall be put up and prepared by the manufacturer for sale, or removal for sale or consumption, in packages of the following description and in no other manner:

"All smoking tobacco, snuff, fine-cut chewing tobacco, all cut and granulated tobacco, all shorts, the refuse of fine-cut chewing, which has passed through a riddle of thirty-six meshes to the square inch, and all refuse scraps, clippings, cuttings, and

sweepings of tobacco, and all other kinds of tobacco not otherwise provided for, in packages containing one-half ounce, three-fourths of an ounce, and further packages with a difference between each package and the one next smaller of one-fourth of an ounce up to and including four ounces, and packages of six ounces, seven ounces, eight ounces, ten ounces, twelve ounces, fourteen ounces, and sixteen ounces: **Provided, That snuff may, at the option of the manufacturer, be put up in bladders and in jars containing not exceeding twenty pounds.**

"All cavendish, plug, and twist tobacco, in wooden packages not exceeding two hundred pounds net weight.

"And every such wooden package shall have printed or marked thereon the manufacturer's name and place of manufacture, the registered number of the manufactory, and the gross weight, the tare, and the net weight of the tobacco in each package: **Provided, That these limitations and descriptions of packages shall not apply to tobacco and snuff transported in bond for exportation and actually exported: And provided further, That perique tobacco, snuff flour, fine-cut shorts, the refuse of fine-cut chewing tobacco, refuse scraps, clippings, cuttings, and sweepings of tobacco, may be sold in bulk as material, and without the payment of tax, by one manufacturer directly to another manufacturer, or for export, under such restrictions, rules, and regulations as the Commissioner of Internal Revenue may prescribe: And provided further, That wood, metal, paper, or other materials may be used separately or in combination for packing tobacco, snuff, and cigars, under such regulations as the Commissioner of Internal Revenue may establish."**

Sec. 81. That section thirty-three hundred and sixty-eight of the Revised Statutes of the United States, as amended, be, and the same is hereby amended so as to read as follows:

"Sec. 8368. Upon tobacco and snuff manufactured and sold, or removed for consumption or use, there shall be levied and collected the following taxes:

"On snuff, manufactured of tobacco or any substitute for tobacco, ground, dry, damp, pickled, scented, or otherwise, of all descriptions, when prepared for use, a tax of eight cents per pound. And snuff flour, when sold, or removed for use or consumption, shall be taxed as snuff, and shall be put up in packages and stamped in the same manner as snuff.

"On all chewing and smoking tobacco, fine-cut, cavendish, plug, or twist, cut or granulated, of every description; on tobacco twisted by hand or reduced into a condition to be consumed, or in any manner other than the ordinary mode of drying and curing, prepared for sale or consumption, even if prepared without the use of any machine or instrument, and without being pressed or sweetened; and on all fine-cut shorts and refuse scraps, clippings, cuttings, and sweepings of tobacco, a tax of eight cents per pound."

Sec. 82. That section thirty-three hundred and ninety-two of the Revised Statutes of the United States, as amended by section thirty-two of the Act of October first, eighteen hundred and ninety, be amended to read as follows:

"Sec. 8892. All cigars weighing more than three pounds per thousand shall be packed in boxes not before used for that

purpose containing, respectively, five, ten, twelve, thirteen, twenty-five, fifty, one hundred, two hundred, two hundred and fifty, or five hundred cigars each; and every person who sells, or offers for sale, or delivers, or offers to deliver, any cigars in any other form than in new boxes as above described, or who packs in any box any cigars in excess of or less than the number provided by law to be put in each box, respectively, or who falsely brands any box, or affixes a stamp on any box denoting a less amount of tax than that required by law, shall be fined for each offense not more than one thousand dollars, and be imprisoned not more than two years: **Provided, That nothing in this section shall be construed as preventing the sale of cigars at retail by retail dealers from boxes packed, stamped, and branded in the manner prescribed by law: And provided further, That every manufacturer of cigarettes shall put up all the cigarettes that he manufactures or has manufactured for him and sells or removes for consumption or use, in packages or parcels containing five, eight, ten, fifteen, twenty, fifty, or one hundred cigarettes each, and shall securely affix to each of said packages or parcels a suitable stamp denoting the tax thereon, and shall properly cancel the same prior to such sale or removal for consumption or use, under such regulations as the Commissioner of Internal Revenue shall prescribe; and all cigarettes imported from a foreign country shall be packed, stamped, and the stamps canceled in like manner, in addition to the import stamp indicating inspection of the custom-house before they are withdrawn therefrom."**

Sec. 33. That section thirty-three hundred and ninety-four of the Revised Statutes of the United States, as amended, be, and the same is hereby amended so as to read as follows:

"Sec. 3394. Upon cigars and cigarettes which shall be manufactured and sold, or removed for consumption or sale, there shall be assessed and collected the following taxes, to be paid by the manufacturer thereof: On cigars of all descriptions made of tobacco or any substitute therefor and weighing more than three pounds per thousand, three dollars per thousand; on cigars made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, seventy-five cents per thousand; on cigarettes, made of tobacco, or any substitute therefor, and weighing more than three pounds per thousand, three dollars and sixty cents per thousand; on cigarettes, made of tobacco, or any substitute therefor, and weighing not more than three pounds per thousand, one dollar and twenty-five cents per thousand: **Provided, That all rolls of tobacco, or any substitute therefor, wrapped with tobacco, shall be classed as cigars; and all rolls of tobacco, or any substitute therefor, wrapped in paper or any substance other than tobacco, shall be classed as cigarettes.**

"And the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall provide dies and stamps for cigars weighing not more than three pounds per thousand; and for cigarettes at the rates of tax imposed by this section: **Provided, That such stamps shall be in denominations of five, eight, ten, fifteen, twenty, fifty, and one hundred; and the laws and regulations governing the packing and re-**

moval for sale of cigarettes, and the affixing and canceling of the stamps on the packages thereof, shall apply to cigars weighing not more than three pounds per thousand.

"No packages of manufactured tobacco, snuff, cigars, or cigarettes, prescribed by law, shall be permitted to have packed in, or attached to, or connected with, them, nor affixed to, branded, stamped, marked, written, or printed upon them, any paper, certificate, or instrument purporting to be or represent a ticket, chance, share or interest in, or dependent upon, the event of a lottery, nor any indecent or immoral picture, representation, print, or words; and any violation of the provisions of this paragraph shall subject the offender to the penalties and punishments provided by section thirty-four hundred and fifty-six of the Revised Statutes."

Sec. 85. That unstemmed leaf tobacco in the natural leaf, in the hand, and not manufactured or altered in any manner, raised and grown in the United States, shall not be subject to any internal-revenue tax or charge of any kind whatsoever, and it shall be lawful for any person to buy and sell such unstemmed tobacco in the leaf, in the hand, without payment of tax of any kind: Provided, That any person, other than the farmer or producer of leaf tobacco, who sells leaf tobacco to manufacturers of tobacco, snuff or cigars shall be deemed and considered a dealer in leaf tobacco, and become subject to all the provisions of section thirty-two hundred and forty-four, as amended by section fourteen, Act of March first, eighteen hundred and seventy-nine, and also as amended by the Act of March third, eighteen hundred and eighty-three, and, further, shall be subject to all the provisions of section thirty-three hundred and sixty, as amended by section fourteen, Act of March first, eighteen hundred and seventy-nine, and of sections thirty-three hundred and fifty-nine and thirty-three hundred and ninety-one, United States Revised Statutes.

Every person shall be regarded as a retail dealer in leaf tobacco whose business it is to sell leaf tobacco in quantities of less than an original hogshead, case or bale; or who shall sell directly to consumers or to persons other than dealers in leaf tobacco or to manufacturers of tobacco, snuff or cigars, or to persons who purchase in original packages for export.

Every such retail dealer in leaf tobacco shall register with the collector of the district his name or style, place of residence, trade or business, and the place where such trade or business is to be carried on; and a failure to register as herein required shall subject such person to a penalty of fifty dollars; and every retail dealer in leaf tobacco shall also keep a book and enter therein daily his purchases of leaf tobacco and his sales, where such sales amount to two pounds or more to one person in one day. Such record shall be kept written up to date and shall be in such form and contain such entries as shall be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, and such books shall be open at all times for the inspection of any internal-revenue officer or agent.

Any person who has duly qualified as a retail dealer in leaf tobacco may sell natural leaf tobacco grown or raised in the

United States in its condition as cured on the farm, in the hand, and not manufactured in any way, except to manufacturers of tobacco, snuff or cigars, without the payment of any tax on such leaf tobacco whatsoever, and so much of section sixty-nine, Tariff Act of August twenty-seventh, eighteen hundred and ninety-four, which took effect the following day, and section thirty-two hundred and forty-four, United States Revised Statutes, or any other existing law, as is inconsistent with the provisions of this Act, is hereby repealed.

And it shall be the duty of every retail dealer in leaf tobacco, as herein described, under regulations to be prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, to furnish on demand to any internal-revenue officer or other authorized agent of the Treasury Department a true and correct statement, verified by his oath or affirmation, of all his sales of leaf tobacco in quantities of ten pounds or more to any one person in any one day, with the name and residence in each instance of the person to whom sold, and any such retail dealer in leaf tobacco who shall willfully refuse to furnish such information or keep the book as required herein, or who shall knowingly make any false statements or false entries in such book as to any of the facts aforesaid, shall be guilty of a misdemeanor, and on conviction shall be liable to a fine of fifty dollars for each offense: And provided further, That nothing in this Act shall be construed as imposing any restrictions whatsoever upon the farmers or growers of leaf tobacco in regard to the sales of their leaf tobacco.

Sec. 36. That a tonnage duty of two cents per ton, not to exceed in the aggregate ten cents per ton in any one year, is hereby imposed at each entry on all vessels which shall be entered in any port of the United States from any foreign port or place in North America, Central America, the West India Islands, the Bahama Islands, the Bermuda Islands, or the coast of South America bordering on the Caribbean Sea, or Newfoundland, and a duty of six cents per ton, not to exceed thirty cents per ton per annum, is hereby imposed at each entry on all vessels which shall be entered in any port of the United States from any other foreign port, not, however, to include vessels in distress or not engaged in trade.

This section shall not be construed to amend or repeal section twenty-seven hundred and ninety-two of the Revised Statutes as amended by section one of chapter two hundred and twelve of the laws of nineteen hundred and eight, approved May twenty-eighth, nineteen hundred and eight, or section five of the said chapter two hundred and twelve of the laws of nineteen hundred and eight, or section twenty-seven hundred and ninety-three of the Revised Statutes.

Section forty-two hundred and thirty-two of the Revised Statutes, and sections eleven and twelve of chapter four hundred and twenty-one of the laws of eighteen hundred and eighty-six, approved June nineteenth, eighteen hundred and eighty-six, and so much of section forty-two hundred and nineteen of the Revised Statutes as conflicts with this section, are hereby repealed.

This section shall take effect sixty days after the approval of this Act.

Sec. 39. That the Secretary of the Treasury is hereby authorized to borrow on the credit of the United States from time to time, as the proceeds may be required to defray expenditures on account of the Panama Canal and to reimburse the Treasury for such expenditures already made and not covered by previous issues of bonds, the sum of two hundred and ninety million five hundred and sixty-nine thousand dollars (which sum together with the eighty-four million six hundred and thirty-one thousand nine hundred dollars already borrowed upon issues of two per cent bonds under section eight of the Act of June twenty-eight, nineteen hundred and two, equals the estimate of the Isthmian Canal Commission to cover the entire cost of the Canal from its inception to its completion), and to prepare and issue therefor coupon or registered bonds of the United States in such form as he may prescribe, and in denominations of one hundred dollars, five hundred dollars, and one thousand dollars, payable fifty years from the date of issue, and bearing interest payable quarterly in gold coin at a rate not exceeding three per centum per annum; and the bonds herein authorized shall be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal, or local authority: Provided, That said bonds may be disposed of by the Secretary of the Treasury at not less than par, under such regulations as he may prescribe, giving to all citizens of the United States an equal opportunity to subscribe therefor, but no commissions shall be allowed or paid thereon; and a sum not exceeding one-tenth of one per centum of the amount of the bonds herein authorized is hereby appropriated, out of any money in the Treasury not otherwise appropriated, to pay the expenses of preparing, advertising, and issuing the same; and the authority contained in section eight of the Act of June twenty-eighth, nineteen hundred and two, for the issue of bonds bearing interest at two per centum per annum, is hereby repealed.

Sec. 40. That section thirty-two of an Act, entitled, "An Act providing ways and means to meet war expenditures, and for other purposes," approved June thirteenth, eighteen hundred and ninety-eight, be, and the same is hereby, amended to read as follows:

"That the Secretary of the Treasury is authorized to borrow from time to time, at a rate of interest not exceeding three per centum per annum, such sum or sums as, in his judgment, may be necessary to meet public expenditures, and to issue therefor certificates of indebtedness in such form as he may prescribe and in denominations of fifty dollars or some multiple of that sum; and each certificate so issued shall be payable, with the interest accrued thereon, at such time, not exceeding one year from the date of its issue, as the Secretary of the Treasury may prescribe: Provided, That the sum of such certificates outstanding shall at no time exceed two hundred millions of dollars; and the provisions of existing law respecting counterfeiting and other fraudulent practices are hereby extended to the bonds and certificates of indebtedness authorized by this Act."

Vandegrift's Tariff Schedules

Articles mentioned eo nomine in the Tariff Act are set forth in these schedules under their respective rates of duty. Articles not mentioned eo nomine in the Act are herein classified on the basis of material of chief value, of similitude or of conformity with the latest decisions.

By reference to any published schedule of the Tariff of 1913 the relative rates of duty can be compared.

We give each article and the rate of duty and paragraph of the law in order that you may refer to the paragraph under which we classify the article for duty.

We do not hold ourselves responsible for any errors of judgment or typographical errors which may have occurred in classifying the articles for duty.

The publishers intend the book to become a reliable guide for those making entry of imported goods at the custom house, and will cheerfully consider any suggestions as to desirable changes or additions in subsequent editions.

Sec. III., Par. K.	Appraisement of merchandise. Appraisers ascertain, estimate, and appraise (any invoice or affidavit to the contrary notwithstanding) the actual market value and wholesale price of imported merchandise at the time of exportation to the United States, in the principal markets of the country whence the same has been imported.	
Sec. III., Par. M.	If the importer deems the appraisement by the Appraiser too high, he may within 10 days file an appeal in writing with the Collector for a reappraisement, which will be made by a General Appraiser. A fee of \$1 must be paid as to each entry within 2 days from the date of filing the notice of appeal, or same will be regarded as abandoned and waived. If the importer is dissatisfied with the decision of the General Appraiser, he may within 5 days appeal for a re-reappraisement, which will be made by a Board of three General Appraisers. The notice of appeal must be filed with the Collector in writing. The decision of the Appraiser not appealed from, or of the single General Appraiser in case of no appeal, is final and conclusive. The decision of the Board of three General Appraisers is not subject to review. The Collector may appeal from the decision of the Appraiser within 60 days, if he deems the appraisement of the merchandise too low, and from the decision of the single General Appraiser within 10 days.

IMPORTED OLEOMARGARINE.

Treasury Department, February 10, 1912.

To Collectors and Other Officers of the Customs:

The following extract from Internal Revenue Regulations No. 9, as revised July, 1907, concerning imported oleomargarine, is published for your information and guidance.

Any oleomargarine or articles suspected of being oleomargarine that may be imported, should be reported immediately to the Department, and also to the internal-revenue agent, if any, or if none, to the collector of internal revenue at the port of importation, to whom such samples shall be furnished as he may request, and the shipment detained pending instructions from the Department.

FRANKLIN MAC VEAGH, Secretary.

Imported Oleomargarine.

Section 10 of the Act of August 2, 1886, provides as follows:

That all oleomargarine imported from foreign countries shall, in addition to any import duty imposed on the same, pay an internal-revenue tax of fifteen cents per pound, such tax to be represented by coupon stamps as in the case of oleomargarine manufactured in the United States. The stamps shall be affixed and cancelled by the owner or importer of the oleomargarine while it is in the custody of the proper custom house officers; and the oleomargarine shall not pass out of the custody of said officers until the stamps have been so affixed and cancelled, but shall be put up in wooden packages, each containing not less than ten pounds, as prescribed in this Act for oleomargarine manufactured in the United States, before the stamps are affixed; and the owner or importer of such oleomargarine shall be liable to all the penal provisions of this Act prescribed for manufacturers of oleomargarine manufactured in the United States. Whenever it is necessary to take any oleomargarine so imported to any place other than the public stores of the United States for the purpose of affixing and cancelling such stamps, the collector of customs of the port where such oleomargarine is entered shall designate a bonded warehouse to which it shall be taken under the control of such customs officer as such collector may direct; and every officer of customs who permits any such oleomargarine to pass out of his custody or control without compliance by the owner or importer thereof with the provisions of this section relating thereto, shall be guilty of a misdemeanor and shall be fined not less than one thousand dollars nor more than five thousand dollars, and imprisoned not less than six months nor more than three years. Every person who sells or offers for sale any imported oleomargarine, or oleomargarine purporting or claimed to have been imported, not put up in packages and stamped as provided by this Act, shall be fined not less than five hundred dollars nor more than five thousand dollars, and be imprisoned not less than six months nor more than two years.

**Imported Oleomargarine Not to Be Stamped Unless Withdrawn
for Consumption.**

Oleomargarine imported from foreign countries is not required to have the internal-revenue stamps affixed thereto and cancelled unless it is withdrawn from the custom house for consumption or sale in the United States.

Upon oleomargarine of the manufacture of the United States once exported free of tax and afterwards returned from the foreign port to the United States, there shall be paid a duty equal to the internal-revenue tax imposed upon oleomargarine of the class to which such returned goods properly belong. (See Treas. Dec. No. 669, dated June 16, 1903.)

Section 10 of the Act of August 2, 1886, provides that all oleomargarine imported from foreign countries shall have the proper stamps affixed and cancelled by the owner or importer thereof while it is in the custody of the proper custom house officers. Stamps for this purpose will be sold to the owners or consignees of such imported oleomargarine by the collector of internal revenue for the district in which the custom house is situated, upon the requisition of the proper custom house officer having the custody of such oleomargarine. The requisition will be substantially in the following form:

Office of the Collector of Customs,

....., 191...

Sir: This is to certify that the following described oleomargarine, viz:

Marks.	No. of packages.	Import vessel.	Date of importation.	Pounds.

is now in my custody, and you are therefore requested to sell and deliver to, the owner or consignee thereof, the proper kind and quantity of stamps to stamp the same, as required by law.

(Signed), Collector.

(Collector's seal.)

To, Esq.,
Collector, District of

Imported Goods Withdrawn for Consumption.

All oleomargarine imported from foreign countries, in addition to import duties, is made liable to an internal-revenue tax of 15 cents per pound, and to have the appropriate stamps affixed thereto and cancelled.

In case the tax is not paid by stamp at the time and in the manner provided by law, its collection may be enforced by assessment.

Imported oleomargarine is not required to have affixed to each box or other package a label and caution notice as provided in the case of domestic manufactured oleomargarine.

(T. D. 33211.)

**IMPORTATION AND INSPECTION OF TEA UNDER ACT
APPROVED MARCH 2, 1897.**

Treasury Department, February 24, 1913.

To Officers of the Customs and Others Concerned:

The appended copy of an Act entitled "An Act to prevent the importation of impure and unwholesome tea," approved March 2, 1897, and of the regulations hereby adopted thereunder, are published for your information and guidance.

Particular attention is invited to Regulation 18 and to changes in the "Read method," with additions and modifications, for the detection of artificial coloring and facing matter (Regulation 22). Minor changes will be found in Regulations 7, 21, 33, 34, and 42.

These regulations will take effect on May 1, 1913, except as to teas shipped from abroad prior to that date, which will be governed by the regulations for the year 1912.

FRANKLIN MAC VEAGH, Secretary.

An Act to prevent the importation of impure and unwholesome tea.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after May first, eighteen hundred and ninety-seven, it shall be unlawful for any person or persons or corporation to import or bring into the United States any merchandise as tea which is inferior in purity, quality, and fitness for consumption to the standards provided in section three of this Act, and the importation of all such merchandise is hereby prohibited.

Sec. 2. That immediately after the passage of this Act, and on or before February fifteenth of each year thereafter, the Secretary of the Treasury shall appoint a board to consist of seven members, each of whom shall be an expert in teas, and who shall prepare and submit to him standard samples of tea; that the persons so appointed shall be at all times subject to removal by the said Secretary, and shall serve for the term of one year; that vacancies in the said board occurring by removal, death, resignation, or any other cause shall be forthwith filled by the Secretary of the Treasury by appointment, such appointee to hold for the unexpired term; that said board shall appoint a presiding officer, who shall be the medium of all communications to or from such board; that each member of said board shall receive as compensation the sum of fifty dollars per annum, which, together with all necessary expenses while engaged upon the duty herein provided, shall be paid out of the appropriation for "expenses of collecting the revenue from customs."

Sec. 3. That the Secretary of the Treasury, upon the recommendation of the said board, shall fix and establish uniform standards of purity, quality, and fitness for consumption of all kinds of teas imported into the United States, and shall procure and deposit in the custom houses of the ports of New

York, Chicago, San Francisco, and such other ports as he may determine, duplicate samples of such standards; that said Secretary shall procure a sufficient number of other duplicate samples of such standards to supply T. D. 17994, the importers and dealers in tea at all ports de- 18131, 18960. siring the same at cost. All teas, or merchandise described as tea, of inferior purity, quality, and fitness for consumption to such standards shall be deemed within the prohibition of the first section hereof.

Sec. 4. That on making entry at the custom house of all teas, or merchandise described as tea, imported into the United States the importer or consignee shall give a bond to the Collector of the Port that such merchandise T. D. 18591. shall not be removed from the warehouse until released by the collector, after it shall have been duly examined with reference to its purity, quality, and fitness for consumption; that for the purpose of such examination samples of each line in every invoice of tea shall be submitted by the importer or consignee to the examiner, together with the sworn statement of such importer or consignee that such samples represent the true quality of each and every part of the invoice and accord with the specifications therein contained; or, in the discretion of the Secretary of the Treasury, such samples shall be obtained by the examiner and compared by him with the standards established by this Act; and in cases where said tea, or merchandise described as tea, is entered at ports where there is no qualified examiner as provided in section seven, the consignee or importer shall in the manner aforesaid furnish under oath a sample of each line of tea to the collector or other revenue officer to whom is committed the collection of duties, and said officer shall also draw or cause to be drawn samples of each line in every invoice and shall forward the same to a duly qualified examiner as provided in section seven: Provided, however, That the bond above required shall also be conditioned for the payment of all custom house charges which may attach to such merchandise prior to its being released or destroyed (as the case may be), under the provision of this Act.

Sec. 5. That if, after an examination as provided in section four, the tea is found by the examiner to be equal in purity, quality, and fitness for consumption to the standards hereinbefore provided, and no reexamination shall be demanded by the collector as provided in section six, a permit shall at once be granted to the importer or consignee declaring the tea free from the control of the customs authorities; but if on examination, such tea, or merchandise described as tea, is found, in the opinion of the examiner, to be inferior in purity, quality, and fitness for consumption to the said standards, the importer or consignee shall be immediately notified, and the tea, or merchandise described as tea, shall not be released by the custom house, unless on a reexamination called for by the importer or consignee the finding of the examiner shall be found to be erroneous: Provided, That should a portion of the invoice be passed by the examiner, a permit shall be granted for that portion and the remainder held for further examination, as provided in section six.

Sec. 6. That in case the collector, importer, or consignee shall protest against the finding of the examiner, the matter in dispute shall be referred for decision to a board T. D. 18177, of three United States general appraisers, to be 19142, 21387. designated by the Secretary of the Treasury, and if such board shall, after due examination, find the tea in question to be equal in purity, quality, and fitness for consumption to the proper standards, a permit shall be issued by the collector for its release and delivery to the importer; but if upon such final reexamination by such board the tea shall be found to be inferior in purity, quality, and fitness for consumption to the said standards, the importer or consignee shall give a bond, with security satisfactory to the collector, to export said tea, or merchandise described as tea, out of the limits of the United States within a period of six months after such final reexamination; and if the same shall not have been exported within the time specified, the collector, at the expiration of that time, shall cause the same to be destroyed.

Sec. 7. That the examination herein provided for shall be made by a duly qualified examiner at a port where standard samples are established, and where the merchandise is entered at ports where there is no qualified examiner, the examination shall be made at that one of said ports which is nearest the port of entry, and that for this purpose samples of the merchandise, obtained in the manner prescribed by section four of this Act, shall be forwarded to the proper port by the collector or chief officer at the port of entry; that in all cases of examination or reexamination of teas, or merchandise described as tea, by examiners or boards of United States general appraisers under the provisions of this Act, the purity, quality, and fitness for consumption of the same shall be tested according to the usages and customs of the tea trade, including the testing of an infusion of the same in boiling water, and, if necessary, chemical analysis.

Sec. 8. That in cases of reexamination of teas, or merchandise described as teas, by a board of United States general appraisers in pursuance of the provisions hereof, samples of the tea, or merchandise described as tea, in dispute, for transmission to such board for its decision, shall be put up and sealed by the examiner in the presence of the importer or consignee if he so desires, and transmitted to such board, together with a copy of the finding of the examiner, setting forth the cause of condemnation and the claim or ground of the protest of the importer relating to the same, such samples and the papers therewith to be distinguished by such mark that the same may be identified that the decision of such board shall be in writing, signed by them, and transmitted together with the record and samples, within three days after the rendition thereof, to the collector, who shall forthwith furnish the examiner and the importer or consignee with a copy of said decision or finding. The board of United States general appraisers herein provided for shall be authorized to obtain the advice, when necessary, of persons skilled in the examination of teas, who shall each receive for his services in any particular case a compensation not exceeding five dollars.

Sec. 9. That no imported teas which have been rejected by a customs examiner or by a board of United States T. D. 19322. general appraisers, and exported under the provisions of this Act shall be reimported into the United States under the penalty of forfeiture for a violation of this prohibition.

Sec. 10. That the Secretary shall have the power to enforce the provisions of this Act by appropriate regulations.

Sec. 11. That teas actually on shipboard for shipment to the United States at the time of the passage of this Act shall not be subject to the prohibition hereof, but the provisions of the Act entitled "An Act to prevent the importation of adulterated and spurious teas," approved March second, eighteen hundred and eighty-three, shall be applicable thereto.

Sec. 12. That the Act entitled "An Act to prevent the importation of adulterated and spurious teas," approved March second, eighteen hundred and eighty-three, is hereby repealed, such repeal to take effect on the date on which this Act goes into effect.

Approved, March 2, 1897.

REGULATIONS.

1. The importation of any merchandise as tea which is inferior in purity, quality, and fitness for consumption to the standards fixed and established by the Secretary of the Treasury, in accordance with Section 3 of the Tea Act, is prohibited.

Importations of tea may be entered either for consumption, transit to foreign countries, or for immediate transportation without appraisement, and all T. D. 21913, entries must be on the regular forms, and the 22250. regular serial numbers for both bonds and entries should be used.

Tea entered for consumption must be stored as provided in Article 12, pending examination, and special bond must be taken by the collector as provided in T. D. 21913. Section 4, Act of March 2, 1897.

A bond shall be taken from the importer that such tea shall not be removed from the warehouse until released by the collector. This bond (Cat. No. 3893—old No. 821) shall be under a penalty equal to one-fourth the T. D. 24582. invoice value of the tea, and shall also be conditioned for the payment of all custom house charges which may attach to the merchandise prior to its being released, exported, or destroyed, as the case may be, under the provisions of law.

This bond shall be cancelled upon the issuance of a permit for release (Cat. No. 4341—old No. 822) or upon the filing of a new bond for the exportation of the tea as provided in Section 6 of the Act, or upon the destruction of the merchandise as provided for hereinafter.

2. The examination of teas shall be made by means of samples to be drawn from packages designated by the collector and to be furnished by the importer, or of samples to be obtained by the examiner. The importer shall T. D. 25903. furnish a sworn statement that any samples sub-

mitted by him to the examiner are drawn from packages designated by the collector and covered by his entry (naming the vessel), and that to the best of his knowledge and belief they represent the true qualities of each and every part of the invoice (including the proportion of dust), and accord with the specifications therein contained. The importer shall submit with his entry a chop list or specification of the several lines included in the invoice, and the collector shall select for examination packages representing the different lines. The examination and report upon such samples shall be made in accordance with the provisions of Section 7 of the above Act, and the result of this examination noted on the invoice and entry before liquidation of the entry.

3. Imported teas entered at an exterior port destined for immediate transportation to an interior port shall be forwarded without detention.

In case an entry of imported tea shall be made at a port or subport where there shall be no duly qualified examiner, samples shall be furnished by the importer to the chief

T. D. 18062. officer of the customs at such port, in the manner above set forth, and duplicate samples shall be obtained by such chief officer, all of which shall be forwarded by him to the appraiser at the nearest port of entry at which a qualified examiner shall have been designated by the Secretary of the Treasury, and such samples shall be

T. D. 21515. examined by the examiner, whereupon the appraiser shall notify the chief officer at the proper port of entry at once by mail, except in cases where, by reason of distance or special urgency, the use of the telegraph may appear to be necessary, as to the report of the examination on the samples so submitted, and such chief officer shall take action accordingly. Qualified examiners are stationed at the ports of New York, Boston, Chicago, San Francisco, St. Paul, Tacoma, and Honolulu.

4. Samples sent from ports of importation to ports where tea examiners are stationed for the purpose of examination shall be packed in perfectly clean, new tin cans, cylindrical in shape, $2\frac{1}{2}$ inches deep, 3 inches in diameter, of a capacity of 4 ounces, with tight slip covers, properly labeled, properly "seasoned," according to the custom of trade, and accompanied in each instance with an extract from the invoice, giving

T. D. 21439. marks and numbers of packages, invoice number, name of consignee, name of importing vessel, date of importation, etc., in order that the importation may be identified by the examiner, and to the end that, in case of rejection and exportation, should an attempt be made to reenter the teas at another port, their identity can be established.

In all cases samples drawn by the importer and by the customs officer should be forwarded, and the name of the importer or customs officer drawing the samples should appear on the label.

5. If, after examination, the tea is found not to be prohibited under the Act, a permit shall at once be granted to the importer declaring the tea free from control of the
T. D. 18092. customs authorities; but if, on examination, such tea, or merchandise described as tea, is found, in the opinion of the examiner to come within the prohibitions of

the law and of these regulations, the importer shall be immediately notified, and the tea, or merchandise described as tea, so returned, shall not be released by the custom house authorities, unless on a reexamination called for by the importer the return of the examiner shall be found erroneous. Should a portion of the invoice be passed by the examiner as correct, a permit of delivery shall be granted for that portion and the remainder be held as provided in Section 6 of the Act. Any portion of an importation of tea entered for consumption which may be rejected will be held under the special tea bond until it is either destroyed or exported according to law, and the entry is not to be accounted for to the Treasury Department in the warehouse and bond account.

6. In case the collector, importer, or consignee shall protest against the finding of the examiner, the matter in dispute shall be referred for decision to a board of three United States general appraisers, designated by the Secretary of the Treasury, and if such board shall, after due examination, find the tea in question to be equal in purity, quality, and fitness for consumption, as compared with the proper standards, a permit shall be issued by the collector for its release and delivery to the importer; but if upon such final reexamination by such board the tea shall be found to be inferior in purity, quality, and fitness for consumption, as compared with the said standards, the importer or consignee shall give a bond, with security satisfactory to the collector, to export said tea, as provided in these regulations.

7. The collector shall promptly notify the importer of the return of the examiner on his importation, and if the importer desires the same to be reviewed by a board of three general appraisers, as provided in Section 6 of the said Act, he shall, within fifteen days after he has been notified of such return, file a written application with the collector in the form Cat. No. 4345.

The collector will thereupon forward such application to the board of three general appraisers designated by the Secretary of the Treasury for review of the matters in dispute, and the proceedings shall be according to Section 8 of the Act.

The reexamination of tea samples must be restricted to the samples put up and sealed by the examiner in the presence of the importer or consignee, if he so desires, and transmitted to the board, together with a copy of the finding of the examiner, setting forth the cause of condemnation.

8. No teas found on final examination to be unlawful importations under this Act shall be released from bond except for the purpose of immediate exportation or for destruction, as the case may be.

9. Whenever a bond is given to export any condemned tea in pursuance of the Act, it will be cancelled upon the filing of an outward bill of lading and a duly authenticated certificate of clearance from the customs officer supervising the lading thereof, as in the case of rejected foods and drugs (T. D. 28841), and all accrued charges must be paid before issuance of permit for exportation.

10. Whenever condemned tea is to be destroyed it must be conveyed to some suitable place, and proper means, to be prescribed by the examiner, must be used for its effectual destruction, which shall be effected in the presence of an officer of the customs, detailed by the collector for the purpose. Before the tea is destroyed a particular description or statement of the same must be prepared containing the name of the importer or owner, the date of importation, the name of the vessel, and the place from which imported, with the character and quantity of the tea and the invoice value. The fact of its destruction must be certified on said statement by the officer detailed as aforesaid, which statement must be filed in the custom house.

11. The examination of tea by examiners or boards of United States General Appraisers in comparison with the standards under this Act shall be made according to the usages and customs of the tea trade, including the testing of an infusion in boiling water, and "the Read method with additions and modifications for the detection of artificial coloring and facing." (See Regulation 22.)

12. Warehouses for the storage of tea will be designated by the collector, and the proprietor will be required to give a bond in the form prescribed. (Cat. No. 3891.)
T. D. 18281. Teas not stored in such designated warehouses will be placed in general order store or in public store pending examination and re- T. D. 22184, lease on proper permit. In the absence of proper 23456. storage facilities at custom houses, teas may be retained in locked cars as constructive warehouses, under proper supervision, pending examination.

The importer's premises may be designated as warehouses for the storage of tea on the filing of the bond provided for by these regulations, but whenever, in the discretion of the collector, it shall be considered desirable a storekeeper shall be assigned to the supervision of such premises at the importer's expense while the teas shall remain under bond therein.

13. When tea under examination is stored in any warehouse, it must be so placed as to be separate from other merchandise, and so as to allow convenient supervision by customs officers. At ports where there are no bonded warehouses, Class 2 or 3, the chief officer at the port will, when necessary, procure suitable premises for the temporary storage of any tea arriving at his port. The re-packing of tea in warehouse for export purposes is not allowed.

T. D. 23327. All expenses of storage, cartage, and labor must be paid by the importer.

14. Teas to be exported for the reason that they are within the prohibition of the statute will be entered for exportation in accordance with the following form, and bond shall be given for their exportation in a penal sum T. D. 21844. equal to double the value of the tea, under form Cat. No. 3575, modified to conform to the evidence of exportation specified in Regulations 9, supra.

Entry for Exportation of Impure and Unwholesome Teas.

Entry for the exportation of the following-described teas imported into the United States by, in the, from, on the day of,, and now deposited in, No. Street, intended to be exported by, on board the, master:

Marks and Numbers.	Description of merchandise.	Quantity.	Value.	Remarks.

The tea must be laden for export under the supervision of a customs officer in the usual manner.

15. At interior ports the export entry shall be made for transportation and immediate exportation in bond.

16. No imported teas which have been rejected by a customs examiner, or by a Board of United States General Appraisers, and exported under the provisions of this Act, shall be reimported into the United States under the penalty of forfeiture for a violation of this prohibition. Customs officers will make seizure of any tea so reimported.

17. Chief officers of customs may order such an examination of packages containing tea as will satisfy them that no dutiable goods are packed therein. For this purpose the customary designation should be made of packages for examination in public store.

18. For the purpose of securing uniformity in the treatment of imported tea each tea examiner will send to the supervising tea examiner one pound samples of the teas rejected by him; also such other samples of teas as the supervising tea examiner may direct. To each sample a label (Customs Cat. 6489) shall be affixed.

In case a tea examiner is in doubt as to whether an importation of tea should be passed or rejected, he should forward a sample thereof to the supervising tea examiner for advice.

When so directed by the department, the supervising tea examiner will visit the various ports at which tea examiners are stationed, in order to observe and report upon the methods of examination which are in operation, the instruments and apparatus used therefor, and the keeping of the records pertaining thereto.

He will also investigate and report upon such matters and perform such duties in connection with the enforcement of the Tea Act as may hereafter be assigned to him by the Secretary of the Treasury.

19. The following are the standards selected by the board of tea experts, which are hereby fixed and established as standards under this Act for the year 1913:

1. Formosa Oolong.
2. Foochow Oolong.
3. Congou.
4. India (used for Ceylon).
5. Gunpowder, green.
6. Young Hyson, green.
7. Japan, pan fired.
8. Japan, basket fired.
9. Japan, dust.
10. Scented Orange Pekoe (used for capers).
11. Scented Canton.
12. Canton Oolong.

Comparison with Standards.

20. In comparing with standards examiners are to test all the teas on these points—namely, for quality, for artificial coloring or facing matter, and for quality of infused leaf. Quality shall be ascertained by drawing, according to the custom of the tea trade, with the weight of a silver half dime to the cup. The quality must be equal to standard, but the flavor may be that of a different district, as long as it is equally fit for consumption. As an illustration, a Teenkai may be equal to a Moyune, but a distinctly smoky or rank Fychow or Wenchow of sour character must not be considered as equal to the first two mentioned.

In examining Japans and all other green (unfermented) teas, while limiting the comparisons in the matter of infused leaf to the specific standard called for, examiners are to admit teas upon the question of quality, in the two kinds above cited, provided that they are equal in the case of Japans to either the pan-fired or the basket-fired standard; in all other greens to either the Gunpowder or the Young Hyson standard.

21. In order to test the quality of the infused leaf in comparison with the standard, a second drawing should be made of double weight. After pouring off the water the infused leaf should be taken out so as to exhibit the lower side which rested against the cup. Should the mass show a larger quantity of exhausted or decayed leaf than the standard, it shall be considered inferior in quality and the tea must be rejected.

22. To examine for artificial coloring or facing matter, it is ordered that the following described method be used, in comparison with the standard, viz:

Read Method, with Additions and Modifications, for Examination of Tea.

Place 2 ounces of tea in a sieve 5 inches in diameter, having 40 meshes to the inch, and sift a small quantity of the dust into a semi-glazed white paper about 8 by 10 inches. The amount of dust placed on the paper should be approximately the weight of one-eighth of a silver half dime, or about two grains. To get the requisite amount of dust it is sometimes necessary to rub the leaf against the bottom of the sieve. The dust should be well distributed or peppered over the surface

of the paper. The paper is placed on a plain, firm surface, preferably glass or marble, and the dust crushed by drawing over it, with considerable pressure, a flat steel spatula about 5 inches long. This is done repeatedly, the tea dust being ground almost to a powder and the particles of coloring matter, if any, being thus spread or streaked on the paper, so as to become more apparent. The loose dust may then be blown off, and the paper examined by means of a simple lens magnifying $7\frac{1}{2}$ diameters. In distinguishing these particles and streaks bright light is essential.

The crushed leaf in either black or green tea appears in such quantity that there is no chance of mistaking the leaf for coloring or facing material.

This test is performed in comparison with the standard, and if the tea is clearly equal to the standard as regards coloring or facing matter, the operation need not be repeated. If particles of coloring or facing are found in the sample under comparison with the standard, this operation should be repeated a sufficient number of times for the examiner to satisfy himself as to whether or not the tea is in fact equal thereto. If found not equal to the standard, samples should be drawn from packages representing at least 5 per cent of the line in question and subjected to the above test, and if a majority of these samples are below the standard, a test sheet of the tea in question should then be sent to the local appraiser's chemist or to the nearest pure-food laboratory of the Department of Agriculture for identification of the coloring or facing matter disclosed. As soon as the coloring or facing matter is identified, then the tea should be rejected.

The above test is to be applied to all varieties of tea.

In the case of Japans and all other green (unfermented) teas, in addition to the above white-paper test, repeat the operation in comparison with the respective standard on semi-glazed black paper for facings, and if it is not equal to the standard, additional samples should be drawn and tested as provided above in the test on white paper, and if found below the standard the tea should be rejected after the facing disclosed has been duly identified by the chemist. This black-paper test detects all facings like talc, gypsum, barium sulphate, clay, etc.

23. Should a tea prove on examination to be inferior to the standard in any one of the requisites, namely, quality, quality of infused leaf, or artificial coloring or facing, it shall be rejected, notwithstanding that it be superior to the standard in some of the qualifications. No consideration shall be given to the appearance or so-called style of the dry leaf.

24. Macao or Canton Congou and Brick tea should be compared with the standard for China Congou. The mustiness or damaged flavor exhibited in certain Canton teas shall be considered as sufficient cause for rejection.

25. The dust and fannings in all Formosa and Foochow Oolongs, Canton teas, Congous, Indias, Ceylons, and Javas must be restricted to 8 per cent when sifted through a sieve of No. 16 mesh made of brass wire, and the same limit, viz, 8 per cent, must hereafter be applied to China, India, and Ceylon

green teas. In order that the needle leaf and Pekoe tips may not be confounded with dust, they must be returned with the dust to the sieve for a second and third sifting until separated.

26. In the case of Ceylon, India, and Java teas the needle leaf and Pekoe tips shall be separated by passing them together with the dust through a No. 26 sieve of No. 30 brass wire, after the tea has been first sifted through a No. 16 sieve.

27. Dust and fannings in Japanese teas must not exceed 4 per cent when tested by a No. 30 sieve of No. 31 brass wire. Before condemning any tea for dust, examiners shall sieve at least two packages. Examiners must not only follow absolutely the method of examination herein set forth, but must reject all teas not conforming to the standards in all the required particulars specified in these regulations.

28. In all cases of rejections by examiners, the importers should be notified of the reason for rejection—that is, whether it be on the ground of quality, character or infused leaf, dust or admixture with foreign substance.

29. Whenever Japans, Ceylons, Indias, or any other teas are made up to imitate the green teas of China, they are to be examined in comparison with the China green standards. Should Japans be made as fermented teas, they are to be examined in comparison with the Congou standard.

30. Examiners are instructed not to pass upon samples representing importations of tea sent separately from the importation and not drawn from the packages by the customs authorities or the importers.

31. Examiners shall preserve in tins for one year samples of all teas examined, for further reference in case of complaints, and the Board of General Appraisers should also retain a portion of all samples sent them on appeal for the same purpose. To this end, examiners shall always send to the board samples weighing at least 1 pound, and never otherwise than in tin cans securely labeled. Half of such sample shall be utilized for the examination by the board and for return to the port of entry with decision as heretofore, and the remaining half pound shall, if the tea be rejected by said board, be distributed among the various examiners for their information and guidance. As to such teas as are found by the board to be entitled to entry, the remaining half pound shall also be returned with the decision.

32. Statistics showing the quantities of various kinds of teas admitted and rejected should be kept at the custom houses for future reference.

33. The standards, original and duplicate, will be prepared by the board of tea experts under the supervision of the collector of customs at the port of New York, who will pay all bills incidental thereto from the appropriation for defraying the expenses of collecting the revenue from customs, subject to the approval of the Secretary of the Treasury. Full sets will be furnished the board of tea experts and the collectors of customs at New York, Boston, Chicago, San Francisco, St. Paul, and Honolulu, and the deputy collector of customs at Tacoma. Any combination of importers, not less than five, may be furnished with a full set of samples, consisting of one full package of

each number for exportation either to China, Japan, India, Ceylon or England, or, if preferred by such combination, the samples may be packed in 5 pound packages, the price of full sample packages and 5 pound packages to be fixed by the collector of customs at New York after T. D. 22905. consultation with the chairman of the board of tea experts. Samples for exportation, as aforesaid, can be obtained only upon an affidavit showing intention to export and exhibiting names of foreign consignees.

34. A quantity of tea of the approved standards will be re-packed in half-pound tin containers by competent tea packers under the constant supervision of an officer of the customs at New York, and lines of such samples will be furnished to the examiner at New York, to actual importers, and to regular tea brokers, and to no other persons, on application to the collector of customs at New York at the actual cost of the same.

35. Where tea is put up in packages of not over 2 pounds in weight, imported by mail, express, or otherwise from the country of production, and the fact is established that the packages are samples for distribution, or for use in soliciting orders, and not for sale, no examination should be made under the Act of March 2, 1897, and they may be delivered at once to the importer.

Packages of tea not exceeding 5 pounds in weight brought by passengers may be delivered without examination for purity under the Act of March 2, 1897.

36. Unclaimed teas should be taken possession of by collectors, the same as other unclaimed goods, and placed in "general order," but not sold at the expiration of the year unless declared fit for consumption by a designated tea examiner.

37. In cases of importations of tea containing an excessive amount of dust, the dust can be exported after sifting, or destroyed under customs supervision, and the tea admitted to entry if found up to the standard.

38. Tea packages and contents should be treated as a unit, and no separation of tea from its covering can be allowed either for exportation or destruction.

39. Teas rejected by tea examiners, and rejections affirmed by the Board of General Appraisers, cannot be reexamined.

40. After standard samples shall have served their purpose and new season samples substituted, the old samples may be included in quarterly sales of unclaimed goods and the proceeds paid into the Treasury after deducting expenses of advertisement and sale, the designation on the packages, showing such teas to have been used as Government standards, to be obliterated before delivery to purchaser.

Surplus samples drawn from importations for purposes of examination, and which represent pure tea as declared by the examiner, should be placed in public store, the T. D. 22273. importer notified, and the samples held subject to his order for a period not exceeding one year. If not called for within that time, they should be included in quarterly sales of unclaimed goods as above.

Surplus samples representing tea which has been rejected should be destroyed by the collector.

41. No tea shall be delivered to the importer or removed from warehouse for any purpose before the examination required by the Tea Act.

42. Rejected tea can only be released or withdrawn for exportation, for transportation and exportation, or for manufacturing purposes under the Act of May 16, 1908, and the regulations thereunder in T. D. 29311, as the case may be.

43. Tea dust or broken leaf mixed with other teas or separate, made to imitate gunpowder or other teas, with the use of paste or gum or any other substance, must be rejected.

44. If the examiner suspects the presence of paraffin or any similar substance, he should make the following test in comparison with the standard: Spread the tea between two sheets of unglazed white paper. Place thereon a hot iron. The greasy substance, if any, will appear on the paper, and if not equal to the standard the tea shall be rejected.

45. When comparing teas with respective standards, care should be used by the examiners not to confuse particles of charcoal, charred leaves, and stems with coloring or facing matter.

**IMPORTATION OF VIRUSES, SERUMS, ETC., UNDER ACT
OF JULY 1, 1902.**

Treasury Department, June 10, 1909.

To Collectors and Other Officers of the Customs:

The following excerpt from the Act of Congress approved July 1, 1902, and regulations thereunder are published for the information and guidance of all concerned.

JAMES B. REYNOLDS, Acting Secretary.

An Act to regulate the sale of viruses, serums, toxins, and analogous products in the District of Columbia, to regulate interstate traffic in said articles, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after six months after the promulgation of the regulations authorized by section four of this act no person shall bring for sale, barter, or exchange from any foreign country into the United States, any virus, therapeutic serum, toxin, antitoxin, or analogous product applicable to the prevention and cure of diseases of man, unless such virus, serum, toxin, antitoxin, or product has been propagated and prepared at an establishment holding an unsuspended and unrevoked license, issued by the Secretary of the Treasury as hereinafter authorized, nor unless each package of such virus, serum, toxin, antitoxin, or product is plainly marked with the proper name of the article contained therein, the name, address, and license number of the manufacturer, and the date beyond which the contents can not be expected beyond reasonable doubt to yield their specific results.

Approved, July 1, 1902.

REGULATIONS.

1. Viruses, serums, toxins, and analogous products propagated in licensed establishments and imported from abroad shall be detained by customs officers at ports of entry, pending examination by officers of the Public Health and Marine-Hospital Service as to purity and potency, and as to whether said products are properly labeled, as required by Section 1 of the Act above referred to.

2. Samples of the same laboratory numbers shall accompany each foreign importation of viruses, serums, toxins, and analogous products, and said samples shall be forwarded by collectors of customs to the Surgeon-General of the Public Health and Marine-Hospital Service at Washington for examination.

3. Viruses, serums, toxins, and analogous products imported from foreign countries shall be refused entry by collectors of customs unless propagated in an establishment holding an unsuspended and unrevoked license, or intended for examination precedent to obtaining a license. Collectors and other officers will be advised from time to time as to the establishments duly licensed in accordance with said Act.

4. The term viruses, serums, toxins, and analogous products shall include the following and such other preparations as may

be designated by the Secretary of the Treasury from time to time:

Antidiphtheric serum, or diphtheria antitoxin.	Streptolytic and pneumolytic serum.
Antitetanic serum, or tetanus antitoxin.	Antimeningococcic serum.
Antistreptococcic serum.	Erysipelas and prodigiosus toxins.
Antistaphylococcic serum.	Tuberculins.
Antigonococcic serum.	Emulsion of tubercle bacilli.
Antipneumococcic serum, or antipneumonic serum.	Suspension of lactic acid bacilli.
Antidysenteric serum.	Antityphoid serum.
Antituberculous serum.	Bacterial vaccines.
Antipest serum, or antiplague serum.	Normal horse serum.
	Vaccine virus.

(T. D. 24836.)**CUBAN RECIPROCITY.****(Circular No. 135.)****Treasury Department, December 21, 1903.****To Collectors and Other Officers of the Customs:**

The appended proclamation of the President of December 17, 1903, embracing the Act of Congress, approved December 17, 1903, entitled "An Act to carry into effect a convention between the United States and the Republic of Cuba, signed on the eleventh day of December, in the year nineteen hundred and two," together with said convention, is published for the information and guidance of all concerned.

Said convention will become operative 12.01 A.M., December 27, 1903.

LESLIE M. SHAW,
Secretary.

**BY THE PRESIDENT OF THE UNITED STATES OF
AMERICA.**

A PROCLAMATION.

Whereas, A convention between the United States of America and the Republic of Cuba to facilitate their commercial intercourse by improving the conditions of trade between the two countries, was concluded and signed by their respective Plenipotentiaries at the City of Havana on the eleventh day of December, 1902, the original of which convention, being in the English and Spanish languages, is, as amended by the Senate of the United States, word for word as follows:

The President of the United States of America and the President of the Republic of Cuba, animated by the desire to strengthen the bonds of friendship between the two countries, and to facilitate their commercial intercourse by improving the conditions of trade between them, have resolved to enter into a convention for that purpose, and have appointed their respective Plenipotentiaries, to wit:

The President of the United States of America, the Honorable General Tasker H. Bliss;

The President of the Republic of Cuba, the Honorable Carlos de Zaldo y Beurmann, Secretary of State and Justice, and the Honorable Jose M. Garcia y Montes, Secretary of the Treasury; who, after an exchange of their full powers found to be in good and due form, have, in consideration of and in compensation for the respective concessions and engagements made by each to the other as hereinafter recited, agreed and do hereby agree upon the following Articles for the regulation and government of their reciprocal trade, namely:

Article I.

During the term of this convention, all articles of merchandise being the product of the soil or industry of the United States which are now imported into the Republic of Cuba free of duty, and all articles of merchandise being the product of

the soil or industry of the Republic of Cuba which are now imported into the United States free of duty, shall continue to be so admitted by the respective countries free of duty.

Article II.

During the term of this convention, all articles of merchandise not included in the foregoing Article I and being the product of the soil or industry of the Republic of Cuba imported into the United States shall be admitted at a reduction of twenty per centum of the rates of duty thereon as provided by the Tariff Act of the United States approved July 24, 1897, or as may be provided by any tariff law of the United States subsequently enacted.

Article III.

During the term of this convention, all articles of merchandise not included in the foregoing Article I and not hereinafter enumerated, being the product of the soil or industry of the United States, imported into the Republic of Cuba, shall be admitted at a reduction of twenty per centum of the rates of duty thereon as now provided or as may hereafter be provided in the Customs Tariff of said Republic of Cuba.

Article IV.

During the term of this convention, the following articles of merchandise as enumerated and described in the existing Customs Tariff of the Republic of Cuba, being the product of the soil or industry of the United States imported into Cuba, shall be admitted at the following respective reductions of the rates of duty thereon as now provided or as may hereafter be provided in the Customs Tariff of the Republic of Cuba:

Schedule A.

To be admitted at a reduction of twenty-five (25) per centum:

Machinery and apparatus of copper or its alloys or machines and apparatus in which copper or its alloys enter as the component of chief value; cast iron, wrought iron and steel, and manufactures thereof; articles of crystal and glass, except window glass; ships and water borne vessels of all kinds, of iron or steel; whiskies and brandies; fish, salted, pickled, smoked or marinated; fish or shellfish, preserved in oil or otherwise in tins; articles of pottery or earthenware now classified under Paragraphs 21 and 22 of the Customs Tariff of the Republic of Cuba.

Schedule B.

To be admitted at a reduction of thirty (30) per centum.

Butter; flour of wheat; corn; flour of corn or corn meal; chemical and pharmaceutical products and simple drugs; malt liquors in bottles; non-alcoholic beverages; cider; mineral waters; colors and dyes; window glass; complete or partly made up articles of hemp, flax, pita, jute, henequen, ramie, and other vegetable fibers now classified under the paragraphs of Group 2, Class V, of the Customs Tariff of the Republic of Cuba; musical instruments; writing and printing paper, except for newspapers; cotton and manufactures thereof, except knitted

goods (see Schedule C); all articles of cutlery; boots, shoes and slippers, now classified under Paragraphs 197 and 198 of the Customs Tariff of the Republic of Cuba; gold and silver plated ware; drawings, photographs, engravings, lithographs, cromolithographs, oleographs, etc., printed from stone, zinc, aluminum, or other material, used as labels, flaps, bands and wrappers for tobacco or other purposes, and all the other papers (except paper for cigarettes, and excepting maps and charts), pasteboard and manufactures thereof, now classified under Paragraphs 157 to 164 inclusive of the Customs Tariff of the Republic of Cuba; common or ordinary soaps, now classified under Paragraph 105, letters "A" and "B," of the Customs Tariff of the Republic of Cuba; vegetables, pickled or preserved in any manner; all wines, except those now classified under Paragraph 279 (a) of the Customs Tariff of the Republic of Cuba.

Schedule C.

To be admitted at a reduction of forty (40) per centum:

Manufactures of cotton, knitted, and all manufactures of cotton not included in the preceding schedules; cheese; fruits, preserved; paper pulp; perfumery and essences; articles of pottery and earthenware now classified under Paragraph 20 of the Customs Tariff of the Republic of Cuba; porcelain; soaps, other than common, now classified under Paragraph 105 of the Customs Tariff of the Republic of Cuba; umbrellas and parasols; dextrine and glucose; watches; wool and manufactures thereof, silk and manufactures thereof; rice; cattle.

Article V.

It is understood and agreed that the laws and regulations adopted, or that may be adopted, by the United States and by the Republic of Cuba, to protect their revenues and prevent fraud in the declarations and proofs that the articles of merchandise to which this convention may apply are the product or manufacture of the United States and the Republic of Cuba, respectively, shall not impose any additional charge or fees therefor on the articles imported, excepting the consular fees established, or which may be established, by either of the two countries for issuing shipping documents, which fees shall not be higher than those charged on the shipments of similar merchandise from any other nation whatsoever.

Article VI.

It is agreed that the tobacco, in any form, of the United States or of any of its insular possessions, shall not enjoy the benefit of any concession or rebate of duty when imported into the Republic of Cuba.

Article VII.

It is agreed that similar articles of both countries shall receive equal treatment on their importation into the ports of the United States and of the Republic of Cuba, respectively.

Article VIII.

The rates of duty herein granted by the United States to the Republic of Cuba are and shall continue during the term of

this convention preferential in respect to all like imports from other countries, and, in return for said preferential rates of duty granted to the Republic of Cuba by the United States, it is agreed that the concession herein granted on the part of the said Republic of Cuba to the products of the United States shall likewise be, and shall continue, during the term of this convention, preferential in respect to all like imports from other countries. Provided, That while this convention is in force, no sugar imported from the Republic of Cuba, and being the product of the soil or industry of the Republic of Cuba, shall be admitted into the United States at a reduction of duty greater than twenty per centum of the rates of duty thereon as provided by the Tariff Act of the United States approved July 24, 1897, and no sugar, the product of any other foreign country, shall be admitted by treaty or convention into the United States, while this convention is in force, at a lower rate of duty than that provided by the Tariff Act of the United States approved July 24, 1897. (Proviso of Article VIII was repealed by Paragraph B, Section IV, Act October 3, 1913.)

Article IX.

In order to maintain the mutual advantages granted in the present convention by the United States to the Republic of Cuba and by the Republic of Cuba to the United States, it is understood and agreed that any tax or charge that may be imposed by the national or local authorities of either of the two countries upon the articles of merchandise embraced in the provisions of this convention, subsequent to importation and prior to their entering into consumption in the respective countries, shall be imposed and collected without discrimination upon like articles whencesoever imported.

Article X.

It is hereby understood and agreed that in case of changes in the tariff of either country which deprive the other of the advantage which is represented by the percentages herein agreed upon, on the actual rates of the tariffs now in force, the country so deprived of this protection reserves the right to terminate its obligations under this convention after six months' notice to the other of its intention to arrest the operations thereof.

And it is further understood and agreed that if, at any time during the term of this convention, after the expiration of the first year, the protection herein granted to the products and manufactures of the United States on the basis of the actual rates of the tariff of the Republic of Cuba now in force, should appear to the government of the said Republic to be excessive in view of a new tariff law that may be adopted by it after this convention becomes operative, then the said Republic of Cuba may reopen negotiations with a view to securing such modifications as may appear proper to both contracting parties.

Article XI.

The present convention shall be ratified by the appropriate authorities of the respective countries, and the ratifications shall be exchanged at Washington, District of Columbia, United States of America, as soon as may be before the thirty-first day

of January, 1903, and the convention shall go into effect on the tenth day after the exchange of ratifications, and shall continue in force for the term of five (5) years from date of going into effect, and from year to year thereafter until the expiration of one year from the day when either of the contracting parties shall give notice to the other of its intention to terminate the same.

This convention shall not take effect until the same shall have been approved by the Congress.

In witness whereof we, the respective Plenipotentiaries, have signed the same in duplicate, in English and Spanish, and have affixed our respective seals, at Havana, Cuba, this eleventh day of December, in the year one thousand nine hundred and two.

TASKER H. BLISS, (Seal.)

CARLOS DE ZALDO, (Seal.)

JOSE M. GARCIA MONTES. (Seal.)

And whereas, By the terms of the said convention it is provided that the ratifications thereof should be exchanged at the City of Washington as soon as may be before the thirty-first day of January, 1903, which period was by a supplementary convention signed by the respective Plenipotentiaries of the two countries on January 26, 1903, extended to the thirty-first day of March, 1903;

And whereas, The said convention of December 11, 1902, as amended by the Senate of the United States, and the said supplementary convention of January 26, 1903, have been duly ratified on both parts and the ratifications of the two Governments were exchanged in the City of Washington on the thirty-first day of March, 1903;

And whereas, By its resolution of March 19, 1903, the Senate of the United States added at the end of Article XI of the said convention of December 11, 1902, the following amendment:

"This convention shall not take effect until the same shall have been approved by the Congress";

And whereas, The Congress gave its approval to the said convention by an Act approved December 17, 1903, entitled "An Act to carry into effect a convention between the United States and the Republic of Cuba, signed on the eleventh day of December, in the year nineteen hundred and two," which Act is word for word as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever the President of the United States shall receive satisfactory evidence that the Republic of Cuba has made provision to give full effect to the articles of the convention between the United States and the Republic of Cuba, signed on the eleventh day of December, in the year nineteen hundred and two, he is hereby authorized to issue his proclamation declaring that he has received such evidence, and thereupon on the tenth day after exchange of ratifications of such convention between the United States and the Republic of Cuba, and so long as the said convention shall remain in force, all articles of merchandise being the product of the soil or industry of the Republic of Cuba, which are now imported into the United States free of

duty, shall continue to be so admitted free of duty, and all other articles of merchandise being the product of the soil or industry of the Republic of Cuba imported into the United States shall be admitted at a reduction of twenty per centum of the rates of duty thereon, as provided by the Tariff Act of the United States, approved July twenty-fourth, eighteen hundred and ninety-seven, or as may be provided by any tariff law of the United States subsequently enacted. The rates of duty herein granted by the United States to the Republic of Cuba are and shall continue during the term of said convention preferential in respect to all like imports from other countries: Provided, That while said convention is in force no sugar imported from the Republic of Cuba, and being the product of the soil or industry of the Republic of Cuba, shall be admitted into the United States at a reduction of duty greater than twenty per centum of the rates of duty thereon, as provided by the Tariff Act of the United States, approved July twenty-fourth, eighteen hundred and ninety-seven, and no sugar the product of any foreign country shall be admitted by treaty or convention into the United States while this convention is in force at a lower rate of duty than that provided by the Tariff Act of the United States approved July twenty-fourth, eighteen hundred and ninety-seven: And provided further, That nothing herein contained shall be held or construed as an admission on the part of the House of Representatives that customs duties can be changed otherwise than by an Act of Congress, originating in said House.

Sec. 2. That so long as said convention shall remain in force, the laws and regulations adopted, or that may be adopted by the United States to protect the revenues and prevent fraud in the declarations and proofs that the articles of merchandise to which said convention may apply are the product or manufacture of the Republic of Cuba, shall not impose any additional charge or fees therefor on the articles imported, excepting the consular fees established, or which may be established, by the United States for issuing shipping documents, which fees shall not be higher than those charged on the shipments of similar merchandise from any other nation whatsoever; that articles of the Republic of Cuba shall receive, on their importation into the ports of the United States, treatment equal to that which similar articles of the United States shall receive on their importation into the ports of the Republic of Cuba; that any tax or charge that may be imposed by the national or local authorities of the United States upon the articles of merchandise of the Republic of Cuba, embraced in the provisions of said convention, subsequent to importation and prior to their entering into consumption into the United States, shall be imposed and collected without discrimination upon like articles whencesoever imported.

And whereas, Satisfactory evidence has been received by the President of the United States that the Republic of Cuba has made provision to give full effect to the articles of the said convention;

Now, therefore, be it known that I, THEODORE ROOSEVELT, President of the United States of America, in conformity with the said Act of Congress, do hereby declare and

proclaim the said convention, as amended by the Senate of the United States, to be in effect on the tenth day from the date of this my proclamation.

Wherefore I have caused the said convention, as amended by the Senate of the United States, to be made public to the end that the same and every clause thereof, as amended, may be observed and fulfilled with good faith by the United States and the citizens thereof.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington, this seventeenth day of December, in the year of our Lord one thousand nine hundred and three and of the Independence of the United States the one hundred and twenty-eighth.

(Seal.) THEODORE ROOSEVELT.

By the President: JOHN HAY, Secretary of State.

TRADE-MARKS.

Treasury Department, September 7, 1909.

To Collectors of Customs and Others Concerned:

The attention of officers of the customs and others is invited to the following provisions of Section 27 of the Act approved February 20, 1905, effective April 1, 1905:

Sec. 27. That no article of imported merchandise which shall copy or simulate the name of any domestic manufacture, or manufacturer or trader, or of any manufacturer or trader located in any foreign country which, by treaty, convention, or law affords similar privileges to citizens of the United States, or which shall copy or simulate a trade-mark registered in accordance with the provisions of this Act, or shall bear a name or mark calculated to induce the public to believe that the article is manufactured in the United States, or that it is manufactured in any foreign country or locality other than the country or locality in which it is in fact manufactured, shall be admitted to entry at any custom house of the United States; and, in order to aid the officers of the customs in enforcing this prohibition, any domestic manufacturer or trader, and any foreign manufacturer or trader, who is entitled under the provisions of a treaty, convention, declaration, or agreement between the United States and any foreign country to the advantages afforded by law to citizens of the United States in respect to trade-marks and commercial names, may require his name and residence, and the name of the locality in which his goods are manufactured, and a copy of the certificate of registration of his trade-mark, issued in accordance with the provisions of this Act, to be recorded in books which shall be kept for this purpose in the Department of the Treasury, under such regulations as the Secretary of the Treasury shall prescribe, and may furnish to the Department facsimiles of his name, the name of the locality in which his goods are manufactured, or of his registered trade-mark; and thereupon the Secretary of the Treasury shall cause one or more copies of the same to be transmitted to each collector or other proper officer of customs.

The provisions of this section give to manufacturers and traders located in foreign countries, which, by treaty stipulations, give similar privileges to the United States, the same advantages as are given to domestic manufacturers and traders. The Act does not affect names or trade-marks heretofore recorded in the Treasury Department, and as to them the protection granted so far as concerns prohibition of importation will continue. Nor does the Act appear to make it compulsory on the part of domestic manufacturers or traders, or foreign manufacturers or traders, to register names (not trade-marks) with the Commissioner of Patents, in order to prevent illegal importations.

Domestic manufacturers and traders, and foreign manufacturers and traders, to avail themselves of the privileges of the Act, so far as concerns trade-marks, are required to register their trade-marks with the Commissioner of Patents before the Treasury Department can act.

Applications for recording the names and trade-marks in this Department under Section 27 will state the name of the owner, his residence, and the locality in which his goods are manufactured, and in the case of trade-marks should be accompanied with a certified copy of the certificate of registration of his trade-mark, issued in accordance with the provisions of the Act, and the names of the ports to which facsimiles should be sent. In the case of the name of a domestic manufacture, manufacturer or trader (not registered as a trade-mark in the Patent Office), the application must be accompanied by the proper proof of ownership and proof as to the country or locality in which his goods are manufactured, which must consist of the affidavit of the owner, or one of the owners, certified by an officer entitled to administer oaths and having a seal.

On the receipt by a customs officer of any such facsimiles, with information from the Department that they have been recorded therein, he will properly record and file them, and will exercise care to prevent the entry at the custom house of any article of foreign manufacture copying or simulating such mark.

No fees are charged for recording trade-marks in the Treasury Department and custom houses.

A sufficient number of facsimiles should be forwarded to enable the Department to send one copy to each port named in the application, with ten additional copies for the files of the Department.

Especial attention is invited to the provision in said section prohibiting the entry of articles "which shall bear a name or mark calculated to induce the public to believe that the article is manufactured in the United States, or that it is manufactured in any foreign country or locality other than the country or locality in which it is in fact manufactured," and collectors and other officers of the customs are instructed to use due diligence to prevent violations of this provision.

The provisions of the Act also apply to Porto Rico, the Philippine Islands, Hawaii, and any other territory under the jurisdiction and control of the United States.

Attention is also invited to the following provisions of Section 3 of the Act approved May 4, 1906, effective July 1, 1906:

Sec. 3. That any owner of a trade-mark who shall have a manufacturing establishment within the territory of the United States shall be accorded, so far as the registration and protection of trade-marks used on the products of such establishment are concerned, the same rights and privileges that are accorded to owners of trade-marks domiciled within the territory of the United States by the Act entitled "An Act to authorize the registration of trade-marks used in commerce with foreign nations or among the several States or with Indian tribes, and to protect the same," approved February twentieth, nineteen hundred and five.

This Department has ruled that affidavits accompanying applications for recording the names of foreign manufactures, manufacturers, or traders (not registered as trade-marks in the Patent Office) may be certified by American consular officers.

JAMES B. REYNOLDS, Acting Secretary.

PURE FOOD ACT.

An Act For preventing the manufacture, sale, or transportation of adulterated or misbranded or poisonous or deleterious foods, drugs, medicines, and liquors, and for regulating traffic therein, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be unlawful for any person to manufacture within any Territory or the District of Columbia any article of food or drug which is adulterated or misbranded, within the meaning of this Act; and any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and for each offense shall, upon conviction thereof, be fined not to exceed five hundred dollars or shall be sentenced to one year's imprisonment, or both such fine and imprisonment, in the discretion of the court, and for each subsequent offense and conviction thereof shall be fined not less than one thousand dollars or sentenced to one year's imprisonment, or both such fine and imprisonment, in the discretion of the court.

Sec. 2. That the introduction into any State or Territory or the District of Columbia from any other State or Territory or the District of Columbia, or from any foreign country, or shipment to any foreign country of any article of food or drugs which is adulterated or misbranded, within the meaning of this Act, is hereby prohibited; and any person who shall ship or deliver for shipment from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia, or to a foreign country, or who shall receive in any State or Territory or the District of Columbia from any other State or Territory or the District of Columbia, or foreign country, and having so received, shall deliver, in original unbroken packages, for pay or otherwise, or offer to deliver to any other person, any such article so adulterated or misbranded within the meaning of this Act, or any person who shall sell or offer for sale in the District of Columbia or the Territories of the United States any such adulterated or misbranded foods or drugs, or export or offer to export the same to any foreign country, shall be guilty of a misdemeanor, and for such offense be fined not exceeding two hundred dollars for the first offense, and upon conviction for each subsequent offense not exceeding three hundred dollars or be imprisoned not exceeding one year, or both, in the discretion of the court: Provided, That no article shall be deemed misbranded or adulterated within the provisions of this Act when intended for export to any foreign country and prepared or packed according to the specifications or directions of the foreign purchaser when no substance is used in the preparation or packing thereof in conflict with the laws of the foreign country to which said article is intended to be shipped; but if said article shall be in fact sold or offered for sale for domestic use or consumption, then this proviso shall not exempt said article from the operation of any of the other provisions of this Act.

Sec. 3. That the Secretary of the Treasury, the Secretary of Agriculture, and the Secretary of Commerce and Labor shall

make uniform rules and regulations for carrying out the provisions of this Act, including the collection and examination of specimens of foods and drugs manufactured or offered for sale in the District of Columbia, or in any Territory of the United States, or which shall be offered for sale in unbroken packages in any State other than that in which they shall have been respectively manufactured or produced, or which shall be received from any foreign country, or intended for shipment to any foreign country, or which may be submitted for examination by the chief health, food, or drug officer of any State, Territory, or the District of Columbia, or at any domestic or foreign port through which such product is offered for interstate commerce, or for export or import between the United States and any foreign port or country.

Sec. 4. That the examinations of specimens of foods and drugs shall be made in the Bureau of Chemistry of the Department of Agriculture, or under the direction and supervision of such Bureau, for the purpose of determining from such examinations whether such articles are adulterated or misbranded within the meaning of this Act; and if it shall appear from any such examination that any of such specimens is adulterated or misbranded within the meaning of this Act, the Secretary of Agriculture shall cause notice thereof to be given to the party from whom such sample was obtained. Any party so notified shall be given an opportunity to be heard, under such rules and regulations as may be prescribed as aforesaid, and if it appears that any of the provisions of this Act have been violated by such party, then the Secretary of Agriculture shall at once certify the facts to the proper United States district attorney, with a copy of the results of the analysis or the examination of such article duly authenticated by the analyst or officer making such examination under the oath of such officer. After judgment of the court, notice shall be given by publication in such manner as may be prescribed by the rules and regulations aforesaid.

Sec. 5. That it shall be the duty of each district attorney to whom the Secretary of Agriculture shall report any violation of this Act, or to whom any health or food or drug officer or agent of any State, Territory, or the District of Columbia shall present satisfactory evidence of any such violation, to cause appropriate proceedings to be commenced and prosecuted in the proper courts of the United States, without delay, for the enforcement of the penalties as in such case herein provided.

Sec. 6. That the term "drug," as used in this Act, shall include all medicines and preparations recognized in the United States Pharmacopoeia or National Formulary for internal or external use, and any substance or mixture of substances intended to be used for the cure, mitigation, or prevention of disease of either man or other animals. The term "food," as used herein, shall include all articles used for food, drink, confectionery, or condiment by man or other animals, whether simple, mixed, or compound.

Sec. 7. That for the purposes of this Act an article shall be deemed to be adulterated:

In case of drugs:

First. If, when a drug is sold under or by a name recognized in the United States Pharmacopoeia or National Formulary, it differs from the standard of strength, quality, or purity, as determined by the test laid down in the United States Pharmacopoeia or National Formulary official at the time of investigation: Provided, That no drug defined in the United States Pharmacopoeia or National Formulary shall be deemed to be adulterated under this provision if the standard of strength, quality, or purity be plainly stated upon the bottle, box, or other container thereof although the standard may differ from that determined by the test laid down in the United States Pharmacopoeia or National Formulary.

Second. If its strength or purity fall below the professed standard or quality under which it is sold.

In the case of confectionery:

If it contain terra alba, barytes, talc, chrome yellow, or other mineral substance or poisonous color or flavor, or other ingredient deleterious or detrimental to health, or any vinous, malt or spirituous liquor or compound or narcotic drug.

In the case of food:

First. If any substance has been mixed and packed with it so as to reduce or lower or injuriously affect its quality or strength.

Second. If any substance has been substituted wholly or in part for the article.

Third. If any valuable constituent of the article has been wholly or in part abstracted.

Fourth. If it be mixed, colored, powdered, coated, or stained in a manner whereby damage or inferiority is concealed.

Fifth. If it contain any added poisonous or other added deleterious ingredient which may render such article injurious to health: Provided, That when in the preparation of food products for shipment they are preserved by any external application applied in such manner that the preservative is necessarily removed mechanically, or by maceration in water, or otherwise, and directions for the removal of said preservative shall be printed on the covering or the package, the provisions of this Act shall be construed as applying only when said products are ready for consumption.

Sixth. If it consists in whole or in part of a filthy, decomposed, or putrid animal or vegetable substance, or any portion of an animal unfit for food, whether manufactured or not, or if it is the product of a diseased animal, or one that has died otherwise than by slaughter.

Sec. 8. That the term "misbranded," as used herein, shall apply to all drugs, or articles of food, or articles which enter into the composition of food, the package or label of which shall bear any statement, design, or device regarding such article, or the ingredients or substances contained therein which shall be false or misleading in any particular, and to any food or drug product which is falsely branded as to the State, Territory, or country in which it is manufactured or produced.

That for the purposes of this Act an article shall also be deemed to be misbranded:

In case of drugs:

First. If it be an imitation of or offered for sale under the name of another article.

Second. If the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package, or if the package fail to bear a statement on the label of the quantity or proportion of any alcohol, morphine, opium, cocaine, heroin, alpha or beta eucaine, chloroform, cannabis indica, chloral hydrate, or acetanilide, or any derivative or preparation of any such substances contained therein.

In the case of food:

First. If it be an imitation of or offered for sale under the distinctive name of another article.

Second. If it be labeled or branded so as to deceive or mislead the purchaser, or purport to be a foreign product when not so, or if the contents of the package as originally put up shall have been removed in whole or in part and other contents shall have been placed in such package, or if it fail to bear a statement on the label of the quantity or proportion of any morphine, opium, cocaine, heroin, alpha or beta eucane, chloroform, cannabis indica, chloral hydrate, or acetanilide, or any derivative or preparation of any of such substances contained therein.

Third. If in package form, and the contents are stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package.

Fourth. If the package containing it or its label shall bear any statement, design, or device regarding the ingredients or the substances contained therein, which statement, design, or device shall be false or misleading in any particular: Provided, That an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in the following cases:

First. In the case of mixtures or compounds which may be now or from time to time hereafter known as articles of food, under their own distinctive names, and not an imitation of or offered for sale under the distinctive name of another article, if the name be accompanied on the same label or brand with a statement of the place where said article has been manufactured or produced.

Second. In the case of articles labeled, branded, or tagged so as to plainly indicate that they are compounds, imitations, or blends, and the word "compound," "imitation," or "blend," as the case may be, is plainly stated on the package in which it is offered for sale: Provided, That the term blend as used herein shall be construed to mean a mixture of like substances, not excluding harmless coloring or flavoring ingredients used for the purpose of coloring and flavoring only: And provided further, That nothing in this Act shall be construed as requiring or compelling proprietors or manufacturers of proprietary foods which contain no unwholesome added ingredient to disclose their trade formulas, except in so far as the provisions of this Act may require to secure freedom from adulteration or misbranding.

Sec. 9. That no dealer shall be prosecuted under the provisions of this Act when he can establish a guaranty signed by

the wholesaler, jobber, manufacturer, or other party residing in the United States, from whom he purchases such articles, to the effect that the same is not adulterated or misbranded within the meaning of this Act, designating it. Said guaranty, to afford protection, shall contain the name and address of the party or parties making the sale of such articles to such dealer, and in such case said party or parties shall be amenable to the prosecutions, fines, and other penalties which would attach, in due course, to the dealer under the provisions of this Act.

Sec. 10. That any article of food, drug, or liquor that is adulterated or misbranded within the meaning of this Act, and is being transported from one State, Territory, District, or insular possession to another for sale, or, having been transported, remains unloaded, unsold, or in original unbroken packages, or if it be sold or offered for sale in the District of Columbia or the Territories, or insular possessions of the United States, or if it be imported from a foreign country for sale, or if it is intended for export to a foreign country, shall be liable to be proceeded against in any district court of the United States within the district where the same is found, and seized for confiscation by a process of libel for condemnation. And if such article is condemned as being adulterated or misbranded, or of a poisonous or deleterious character, within the meaning of this Act, the same shall be disposed of by destruction or sale, as the said court may direct, and the proceeds thereof, if sold, less the legal costs and charges, shall be paid into the Treasury of the United States, but such goods shall not be sold in any jurisdiction contrary to the provisions of this Act or the laws of that jurisdiction: Provided, however, That upon the payment of the costs of such libel proceedings and the execution and delivery of a good and sufficient bond to the effect that such articles shall not be sold or otherwise disposed of contrary to the provisions of this Act, or the laws of any State, Territory, District, or insular possession, the court may by order direct that such articles be delivered to the owner thereof. The proceedings of such libel cases shall conform, as near as may be, to the proceedings in admiralty, except that either party may demand trial by jury of any issue of fact joined in any such case, and all such proceedings shall be at the suit of and in the name of the United States.

Sec. 11. The Secretary of the Treasury shall deliver to the Secretary of Agriculture, upon his request from time to time, samples of foods and drugs which are being imported into the United States or offered for import, giving notice thereof to the owner or consignee, who may appear before the Secretary of Agriculture, and have the right to introduce testimony, and if it appear from the examination of such samples that any article of food or drug offered to be imported into the United States is adulterated or misbranded within the meaning of this Act, or is otherwise dangerous to the health of the people of the United States, or is of a kind forbidden entry into, or forbidden to be sold or restricted in sale in the country in which it is made or from which it is exported, or is otherwise falsely labeled in any respect, the said article shall be refused admission, and the Secretary of the Treasury shall refuse delivery to the consignee and shall cause the destruction of any goods re-

fused delivery which shall not be exported by the consignee within three months from the date of notice of such refusal under such regulations as the Secretary of the Treasury may prescribe: Provided, That the Secretary of the Treasury may deliver to the consignee such goods pending examination and decision in the matter on execution of a penal bond for the amount of the full invoice value of such goods, together with the duty thereon, and on refusal to return such goods for any cause to the custody of the Secretary of the Treasury, when demanded, for the purpose of excluding them from the country, or for any other purpose, said consignee shall forfeit the full amount of the bond: And provided further, That all charges for storage, cartage, and labor on goods which are refused admission or delivery shall be paid by the owner or consignee, and in default of such payment shall constitute a lien against any future importation made by such owner or consignee.

Sec. 12. That the term "Territory" as used in this Act shall include the insular possessions of the United States. The word "person" as used in this Act shall be construed to import both the plural and the singular, as the case demands, and shall include corporations, companies, societies and associations. When construing and enforcing the provisions of this Act, the act, omission, or failure of any officer, agent, or other person acting for or employed by any corporation, company, society, or association, within the scope of his employment or office, shall in every case be also deemed to be the act, omission, or failure of such corporation, company, society, or association as well as that of the person.

Sec. 13. That this Act shall be in force and effect from and after the first day of January, nineteen hundred and seven.

Approved, June 30, 1906.

Regulation 31. Preparation of Food Products for Export.

(Section 2.)

(a) Food products intended for export may contain added substances not permitted in foods intended for interstate commerce, when the addition of such substances does not conflict with the laws of the countries to which the food products are to be exported and when such substances are added in accordance with the directions of the foreign purchaser or his agent.

(b) The exporter is not required to furnish evidence that goods have been prepared or packed in compliance with the laws of the foreign country to which said goods are intended to be shipped, but such shipment is made at his own risk.

(c) Food products for export under this regulation shall be kept separate and labeled to indicate that they are for export.

(d) If the products are not exported they shall not be allowed to enter interstate commerce.

Regulation 32. Imported Food and Drug Products.

(Section 11.)

(a) Meat and meat food products imported into the United States shall be accompanied by a certificate of official inspection of a character to satisfy the Secretary of Agriculture that

they are not dangerous to health, and each package of such articles shall bear a label which shall identify it as covered by the certificate, which certificate shall accompany or be attached to the invoice on which entry is made.

(b) The certificate shall set forth the official position of the inspector and the character of the inspection.

(c) Meat and meat food products as well as all other food and drug products of a kind forbidden entry into or forbidden to be sold, or restricted in sale in the country in which made or from which exported, will be refused admission.

(d) Meat and meat food products which have been inspected and past thru the customs may, if identity is retained, be transported in interstate commerce.

Regulation 33. Declaration.

(Section 11.)

(a) All invoices of food or drug products shipped to the United States shall have attached to them a declaration of the shipper, made before a United States consular officer, as follows:

I, the undersigned, do solemnly and truly declare that I am the _____ of the merchandise herein mentioned and (Manufacturer, agent, or shipper.)

described, and that it consists of food or drug products which contain no added substances injurious to health.

These products were grown in _____ and manufactured (Country.)

in _____ by _____ during the year _____, and (Country.) (Name of manufacturer.)

are exported from _____ and consigned to _____. The prod- (City.) (City.)

ucts bear no false labels or marks, contain ^{no} ~~some~~ added coloring matter or preservative _____, and are not of a character (Name of added color or preservative.)

to cause prohibition or restriction in the country where made or from which exported.

Dated at _____ this _____ day of _____, 19 ____.

(Signed): _____.

(b) In the case of importations to be entered at New York, Boston, Philadelphia, Chicago, San Francisco, and New Orleans, and other ports where food and drug inspection laboratories shall be established, this declaration shall be attached to the invoice on which entry is made. In other cases the declaration shall be attached to the copy of the invoice sent to the Bureau of Chemistry.

Regulation 34. Denaturing.

(Section 11.)

Unless otherwise declared on the invoice or entry, all substances ordinarily used as food products will be treated as such. Shipments of substances ordinarily used as food products intended for technical purposes must be accompanied by a declaration stating that fact, and must be so denatured as to prevent their use as foods.

Regulation 35. Bond, Imported Foods, and Drugs.

(Section 11.)

Unexamined packages of food and drug products may be delivered to the consignee prior to the completion of the examination to determine whether the same are adulterated or misbranded upon the execution of a penal bond by the consignee in the sum of the invoice value of such goods with the duty added, for the return of the goods to customs custody.

Regulation 36. Notification of Violation of the Law.

(Section 11.)

If the sample on analysis or examination be found not to comply with the law, the importer shall be notified of the nature of the violation, the time and place at which final action will be taken upon the question of the exclusion of the shipment, and that he may be present, and submit evidence, which evidence (Form 15), with a sample of the article, shall be forwarded to the Bureau of Chemistry at Washington, accompanied by report card (Forms 16, 17, 18, 19, and 20).

Regulation 37. Appeal to the Secretary of Agriculture and Remuneration.

(Section 11.)

All applications for relief from decisions arising under the execution of the law should be addressed to the Secretary of Agriculture, and all vouchers or accounts for remuneration for samples shall be filed with the chief of the inspection laboratory, who shall forward the same, with his recommendation, to the Department of Agriculture for action.

Regulation 38. Shipment Beyond the Jurisdiction of the United States.

(Section 11.)

The time allowed the importer for representations regarding the shipment may be extended at his request to permit him to secure such evidence as he desires, provided that this extension of time does not entail any expense to the Department of Agriculture. If at the expiration of this time, in view of the data secured in inspecting the sample and such evidence as may have been submitted by the manufacturers or importers, it appears that the shipment can not be legally imported into the United States, the Secretary of Agriculture shall request the Secretary of the Treasury to refuse to deliver the shipment in question to the consignee, and to require its reshipment beyond the jurisdiction of the United States.

**IMPORTATION OF LOW-GRADE TEA, TEA WASTE, ETC.,
FOR MANUFACTURING PURPOSES UNDER ACT AP-
PROVED MAY 16, 1908.**

Treasury Department, October 28, 1908.

To Officers of the Customs and Others Concerned:

The appended Act of Congress and regulations thereunder are published for the information and guidance of all concerned.

An Act to amend an Act entitled "An Act to prevent the importation of impure and unwholesome tea," approved March second, eighteen hundred and ninety-seven.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section one of "An Act to prevent the importation of impure and unwholesome tea," approved March second, eighteen hundred and ninety-seven, be amended by adding at the end thereof the following words:

"Provided, That nothing herein shall affect or prevent the importation into the United States, under such regulations as the Secretary of the Treasury may prescribe, of any merchandise as tea which may be inferior in purity, quality, and fitness for consumption to the standards established by the Secretary of the Treasury, or of any tea waste, tea siftings, or tea sweepings, for the sole purpose of manufacturing theine, caffeine, or other chemical products whereby the identity and character of the original material is entirely destroyed or changed; and that importers and manufacturers who import or bring into the United States such tea, tea waste, tea siftings, or tea sweepings, shall give suitable bond, to be approved as to amount and securities by the Secretary of the Treasury, conditioned that said imported material shall be only used for the purposes herein provided, under such regulations as may be prescribed by the Secretary of the Treasury."

REGULATIONS.

1. Manufacturers desiring to import low-grade tea, tea sweepings, siftings, etc., under said Act shall file with the collector of customs in the district in which the factory is located a bond in the following form in the penal sum of \$5,000:

**Bond for Importation of Tea for Manufacturing Purposes Under
Act of May 16, 1908.**

Know all men by these presents, That we, as principals, and, as sureties, are held and firmly bound to the United States of America in the sum of \$5,000 for the payment whereof to the United States we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, firmly by these presents.

Witness our hands and seals at the port of, this day of

The condition of this obligation is such, That whereas is desirous of importing low-grade tea, tea sweepings, waste, and siftings for manufacturing purposes solely under the Act of May 16, 1908:

Now, therefore, if such low-grade tea, tea waste, sweepings and siftings so imported shall be used solely in the manufacture of theine, caffeine, or other chemical products whereby the identity and character of the original material is entirely destroyed or changed, and the evidence of such disposition of such imported tea, tea waste, siftings, etc., shall be presented to the collector of customs, or in default of the use of such tea, tea waste, etc., solely for manufacturing purposes, the above bounden principal shall pay to the United States the sum of \$5,000 as liquidated damages, then this obligation to be void; otherwise to remain in full force and virtue.

2. Collectors of customs shall keep a record of all tea, tea waste, etc., delivered to manufacturers and all quantities accounted for by the latter as having been used in the manufacture of chemical products.

3. Manufacturers shall keep accurate records of all tea, tea waste, etc., delivered to them, and the kinds and quantities of chemical products produced therefrom, which records shall be open at all times to the inspection of customs officers. Sworn abstracts from these manufacturing records shall be filed with the collector at intervals of three months or less as required by the collector, depending upon the extent of the manufacturer's business.

**IMPORTATION OF OPIUM AND PREPARATIONS AND
DERIVATIVES THEREOF UNDER THE ACT AP-
PROVED FEBRUARY 9, 1909.**

Treasury Department, March 27, 1909.

To Collectors and Other Officers of the Customs:

The appended Act of Congress and regulations thereunder are published for the information and guidance of all concerned.

FRANKLIN MAC VEAGH, Secretary.

(Public No. 221—H. R. 27427.)

An Act to prohibit the importation and use of opium for other than medicinal purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That after the first day of April, nineteen hundred and nine, it shall be unlawful to import into the United States opium in any form or any preparation or derivative thereof: Provided, That opium and preparations and derivatives thereof other than smoking opium or opium prepared for smoking, may be imported for medicinal purposes only, under regulations which the Secretary of the Treasury is hereby authorized to prescribe, and when so imported shall be subject to the duties which are now or may hereafter be imposed by law.

Sec. 2. That if any person shall fraudulently or knowingly import or bring into the United States, or assist in so doing, any opium or any preparation or derivative thereof contrary to law, or shall receive, conceal, buy, sell, or in any manner facilitate the transportation, concealment, or sale of such opium or preparation or derivative thereof after importation, knowing the same to have been imported contrary to law, such opium or preparation or derivative thereof shall be forfeited and shall be destroyed, and the offender shall be fined in any sum not exceeding five thousand dollars nor less than fifty dollars, or by imprisonment for any time not exceeding two years, or both. Whenever, on trial for a violation of this section, the defendant is shown to have, or to have had, possession of such opium or preparation or derivative thereof, such possession shall be deemed sufficient evidence to authorize conviction unless the defendant shall explain the possession to the satisfaction of the jury.

Approved, February 9, 1909.

REGULATIONS.

1. The term "opium" shall cover all forms of opium known to the trade, such as gum opium, powdered opium, denarcotized opium, granular opium, smoking opium, cooked opium, etc. The terms "smoking opium" and "opium prepared for smoking" have one and the same meaning.

2. The term "preparation" shall mean any product, mixture, or compound containing or representing opium.

3. The term "derivative" shall include the following alkaloids, their salts or combinations, obtained either directly or indirectly.

and such other derivatives obtained from opium as it may be found necessary to include in the future: morphine, codeine, dionine, diacetyl morphine, heroine, peronine, their chlorides, sulphates, phosphates, etc., and all mixtures, compounds, or preparations containing any of the foregoing.

4. The term "for medicinal purposes only" shall mean the use of opium or preparations or derivatives thereof for the treatment, mitigation, or prevention of disease of man or other animal.

5. Delivery of opium in any form or any preparation or derivative thereof shall not be permitted, unless for medicinal purposes, and smoking opium or opium prepared for smoking, shall be seized forthwith as an illegal importation and shall be destroyed according to law.

6. Opium (other than smoking opium), and the preparations and derivatives thereof, imported for medicinal purposes, may be entered for immediate transportation in bond to and for consumption, or for warehouse, at the following named ports and at no others: Baltimore, Boston, Chicago, Detroit, Honolulu, New Orleans, New York, Philadelphia, San Juan, San Francisco, Seattle, and St. Louis. Delivery will be made only in accordance with the following regulations, and upon entry thereof shall be detained by the collector until such regulations have been complied with. The collector of customs in all cases shall be satisfied that the importations are for medicinal purposes only. If the collector is not so satisfied the importation shall be seized and disposed of as in the case of smoking opium.

7. Upon every importation of crude or unmanufactured opium, and the preparations and derivatives thereof, there shall be filed with the collector, at the time of entry, a declaration of the owner or ultimate consignee of the merchandise, in the following form:

I,, of the
 (Name of representative.) (Name of firm or corporation.)
 manufacturing chemists or dealers in drugs, do solemnly and truly declare that the cases or packages of opium,
 (Number.)
 preparations, or derivatives thereof, more particularly described in the invoice and entry herewith submitted and imported at, per, on the day of,
 (Port.) (Steamship.)
 are expressly imported and are intended in good faith to be used by in the preparation of medicines
 (Name of firm or corporation.)
 or are to be sold by for medicinal purposes only, and such opium, preparations, or derivatives thereof, are not intended to be used for smoking, as contemplated by the Act entitled "An Act to prohibit the importation and use of opium for other than medicinal purposes," approved February 9, 1909, and the regulations of the Secretary of the Treasury prescribed thereunder.

8. The entire number of packages of opium or preparations or derivatives thereof offered for importation shall be ordered into the appraiser's warehouse for examination, and no delivery

shall be made of crude or unmanufactured opium in quantities or packages containing less than 100 pounds; nor of morphine or its salts, either singly or assorted, in quantities or packages containing less than 50 ounces; nor of codeine, heroine, dionine, diacetyl morphine, their salts, or any other derivative of opium or its salts not otherwise provided for, either singly or assorted, in quantities or packages containing less than 25 ounces, and then only upon the report of the appraiser as to their quality, purity, and fitness for medicinal purposes and upon compliance with the existing laws and regulations governing the importation of drugs and medicines.

9. Opium or preparations thereof deposited in bonded warehouse shall not be removed therefrom without payment of duties, and such duties shall not be refunded. (Par. 43, Tariff Act of July 24, 1897.)

10. Importers shall keep separately from other records a record of all sales of imported opium and derivatives or preparations of opium, showing the names of purchasers, their place of business, date of sale, and the name and quantity of the article sold, which record shall be open to the inspection of the proper customs officers.

Law and regulations governing the importation of copyrighted articles.

Treasury Department, July 17, 1911.

Collectors and Other Officers of the Customs:

The following sections of the copyright law, approved March 4, 1909, effective July 1, 1909, together with the regulations made in pursuance thereof, are published for the information and guidance of customs officers and others concerned:

Sec. 15. That of the printed book or periodical specified in section five, subsections (a) and (b) of this Act, except the original text of a book of foreign origin in a language or languages other than English, the text of all copies accorded protection under this Act, except as below provided, shall be printed from type set within the limits of the United States, either by hand or by the aid of any kind of typesetting machine, or from plates made within the limits of the United States from type set therein, or, if the text be produced by lithographic process, or photo-engraving process, then by a process wholly performed within the limits of the United States, and the printing of the text and binding of the said book shall be performed within the limits of the United States; which requirements shall extend also to the illustrations within a book consisting of printed text and illustrations produced by lithographic process, or photo-engraving process, and also to separate lithographs or photo-engravings, except where in either case the subjects represented are located in a foreign country and illustrate a scientific work or reproduce a work of art; but they shall not apply to works in raised characters for the use of the blind, or to books of foreign origin in a language or languages other than English, or to books published abroad in the English language seeking ad interim protection under this Act.

Sec. 30. That the importation into the United States of any article bearing a false notice of copyright when there is no existing copyright thereon in the United States, or of any piratical copies of any work copyrighted in the United States, is prohibited.

Sec. 31. That during the existence of the American copyright in any book the importation into the United States of any piratical copies thereof or of any copies thereof (although authorized by the author or proprietor) which have not been produced in accordance with the manufacturing provisions specified in section fifteen of this Act, or any plates of the same not made from type set within the limits of the United States, or any copies thereof produced by lithographic or photo-engraving process not performed within the limits of the United States, in accordance with the provisions of section fifteen of this Act, shall be, and is hereby, prohibited: Provided, however, That except as regards piratical copies, such prohibition shall not apply:

- (a) To works in raised characters for the use of the blind;
- (b) To a foreign newspaper or magazine, although containing matter copyrighted in the United States printed or reprinted

by authority of the copyright proprietor, unless such newspaper or magazine contains also copyright matter printed or reprinted without such authorization;

(c) To the authorized edition of a book in a foreign language or languages of which only a translation into English has been copyrighted in this country;

(d) To any book published abroad with the authorization of the author or copyright proprietor when imported under the circumstances stated in one of the four subdivisions following, that is to say:

First. When imported, not more than one copy at one time, for individual use and not for sale; but such privilege of importation shall not extend to a foreign reprint of a book by an American author copyrighted in the United States;

Second. When imported by the authority or for the use of the United States;

Third. When imported, for use and not for sale, not more than one copy of any such book in any one invoice, in good faith, by or for any society or institution incorporated for educational, literary, philosophical, scientific, or religious purposes, or for the encouragement of the fine arts, or for any college, academy, school, or seminary of learning, or for any State, school, college, university, or free public library in the United States.

Fourth. When such books form parts of libraries or collections purchased en bloc for the use of societies, institutions, or libraries designated in the foregoing paragraph, or form parts of the libraries or personal baggage belonging to persons or families arriving from foreign countries and are not intended for sale: Provided, That copies imported as above may not lawfully be used in any way to violate the rights of the proprietor of the American copyright or annul or limit the copyright protection secured by this Act, and such unlawful use shall be deemed an infringement of copyright.

Sec. 32. That any and all articles prohibited importation by this Act which are brought into the United States from any foreign country (except in the mails) shall be seized and forfeited by like proceedings as those provided by law for the seizure and condemnation of property imported into the United States in violation of the customs revenue laws. Such articles when forfeited shall be destroyed in such manner as the Secretary of the Treasury or the court, as the case may be, shall direct: Provided, however, That all copies of authorized editions of copyright books imported in the mails or otherwise, in violation of the provisions of this Act, may be exported and returned to the country of export whenever it is shown to the satisfaction of the Secretary of the Treasury, in a written application, that such importation does not involve willful negligence or fraud.

Sec. 33. That the Secretary of the Treasury and the Postmaster-General are hereby empowered and required to make and enforce such joint rules and regulations as shall prevent the importation into the United States in the mails of articles prohibited importation by this Act, and may require notice to be given to the Treasury Department or Post Office Department, as the case may be, by copyright proprietors or injured

parties, of the actual or contemplated importation of articles prohibited importation by this Act, and which infringe the rights of such copyright proprietors or injured parties.

Sec. 18. That the notice of copyright required by section nine of this Act shall consist either of the word "Copyright" or the abbreviation "Copr.," accompanied by the name of the copyright proprietor, and if the work be a printed literary, musical, or dramatic work, the notice shall include also the year in which the copyright was secured by publication. In the case of copies of maps, works of art, models or designs for works of art, reproductions of a work of art, drawings or plastic works of a scientific or technical character, photographs, prints and pictorial illustrations, the notice may consist of the letter C enclosed within a circle, thus ©, accompanied by the initials, monogram, mark, or symbol of the copyright proprietor: Provided, That on some accessible portion of such copies or of the margin, back, permanent base, or pedestal, or of the substance on which such copies shall be mounted, his name shall appear. Works in which copyright is subsisting when this Act shall go into effect may be either in one of the forms prescribed herein or in one of those prescribed by the Act of June 18, 1874.

The register of copyrights is required by this Act to print at periodic intervals a catalogue of the titles of articles deposited and registered for copyright, which printed catalogues, as they are issued, will be distributed to the collectors of customs of the United States and to the postmasters of all exchange offices of receipt of foreign mails.

REGULATIONS.

Under the Copyright Act the following articles are prohibited importation:

1. Piratical copies of any work copyrighted in the United States. By the term "piratical" is meant the printing, reprinting, publishing, copying, or reproducing without authority of the copyright proprietor of any article legally copyrighted and on which the copyright is still in force.

2. Articles bearing a false notice of copyright when there is no existing copyright thereon in the United States.

3. Authorized foreign reprints of books by an American author copyrighted in the United States.

4. Authorized copies of any book copyrighted in the United States not produced in accordance with the manufacturing provisions of Section 15 of the Copyright Act, except such as are exempted in the said Section 15 and Section 31 of the Act.

All books on which there is an existing copyright in the United States are prohibited importation unless produced in accordance with the manufacturing provision of Section 15, whether copyrighted under this Act or previous Acts. (Opinion of the Attorney General, T. D. 30136, Nov. 24, 1909.)

Copyrighted books produced in accordance with the manufacturing provisions of Section 16 of the Copyright Act, when exported and rebound abroad, may be admitted to entry on their return to the United States. (Opinion of the Attorney General, T. D. 30414.)

As copyrighted books are required to be printed and bound

in the United States, evidence should be required on entry that such books were exported in a bound condition and not as loose sheets, and that the printing and binding were both performed within the limits of the United States.

Imported articles found to bear a false notice of copyright will be detained and forfeiture proceedings instituted as provided in Schedule 32.

If satisfactory evidence is not produced to the collector that such imported books were produced in accordance with the manufacturing provisions of Section 15, or are exempt therefrom, the books will be seized and forfeiture proceedings instituted as provided in Section 32.

Forfeiture proceedings instituted under the Copyright Act will be conducted in the same manner as in case of merchandise seized for violation of the customs laws, Section 32, *supra*. (Arts. 1266 to 1269, Customs Regulations, 1908.)

Authorized editions of copyright books imported through the mails or otherwise in violation of the Copyright Act may, under customs supervision, be returned to the country of exportation whenever it is shown in a written application to the satisfaction of the Secretary of the Treasury that such importation was not due to willful negligence or fraud. (Sec. 32, *supra*.)

In any case in which a customs officer is in doubt as to whether an article is prohibited importation under the Copyright Act the articles should be detained and the facts reported to the Department for instruction.

FRANKLIN MAC VEAGH, Secretary.

JOINT REGULATIONS.

Governing treatment of letters and packages received in the mails from foreign countries containing or supposed to contain articles prohibited importation by the Copyright Act of March 4, 1909.

The "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" are also applicable in the treatment of articles which contain or which are supposed to contain matter prohibited importation by the Copyright Act, except as hereinafter modified:

Unsealed correspondence and packages (registered and unregistered) of all kinds which upon examination prove to contain articles prohibited importation by the Copyright Act shall be retained by customs officers, who will notify the addressee of the facts of the case. If an application is not made within a reasonable time to the Secretary of the Treasury for permission to return such articles to the country of export, the customs officers shall take appropriate steps to forfeit the articles as provided in Section 32 of the Copyright Act.

Sealed articles supposed to contain matter prohibited importation by the Copyright Act must be appropriately marked to indicate that fact at the exchange office of receipt. The same conditions shall apply in regard to the marking, opening, and disposition of such sealed articles by the addressee or authorized agent as are required in the case of the opening and treatment of sealed "Supposed liable to customs duty" pieces. If

the customs officer finds an article contains matter prohibited importation by the Copyright Act, he shall notify the addressee of the facts through the postmaster at the office of delivery. If an application is not then made within a reasonable time to the Secretary of the Treasury for permission to return the article to the country of export, the customs officer shall take appropriate steps to forfeit the matter as provided in Section 32 of the Copyright Act.

Receipt should be taken for articles submitted to customs officials as prohibited importation under the copyright law and proper record made on the post-office records of the disposition of such articles as are not returned to be disposed of through the mails.

Notice of actual or contemplated illegal importations through the mails should be given to the Secretary of the Treasury or the Postmaster General. On receipt of such notices either by the Secretary of the Treasury or the Postmaster General instructions will be promptly issued.

FRANKLIN MAC VEAGH,
Secretary of the Treasury.
FRANK H. HITCHCOCK,
Postmaster General.

LABELING OF LIQUORS UNDER SECTION 240, CRIMINAL CODE, ACT OF MARCH 4, 1909.—INSTRUCTIONS TO CUSTOMS OFFICERS.—OPINION OF ATTORNEY-GENERAL.

Treasury Department, March 2, 1910.

To Collectors and Other Officers of the Customs:

The attention of officers of the customs is hereby called to Section 240 of the Criminal Code adopted by the Act of March 4, 1909 (35 Stat., 1088), and the accompanying opinion of the Attorney-General thereon dated December 16, 1909, in so far as it relates to the labeling on the outside covering of any package containing spirituous, vinous, malted, fermented, or other intoxicating liquor of any kind imported from foreign countries.

Such officers are hereby directed to seize all packages shipped from foreign countries into the United States or places subject to the jurisdiction of the United States, but noncontiguous thereto, containing intoxicating liquors and not labeled as required by said Section 240, and to take proceedings as provided for the enforcement of forfeitures for violation of the customs laws.

Collectors at ports other than those of first arrival will take no action under said statute.

CHARLES D. HILLES, Acting Secretary.

(Opinion of Attorney-General.)

Department of Justice, Washington, December 16, 1909.

Sir: I have the honor to acknowledge receipt of your communication of November 24, 1909, in which you ask my opinion, first, whether it is within the province of your Department to prescribe regulations governing the marking of imported liquors to conform to Section 240 of the Criminal Code adopted by Act of March 4, 1909 (35 Stat., 1088); and, second, if not, what procedure is necessary on the part of your Department, acting through the collectors of customs at the ports of importation, to carry into effect the provisions of said section; and in reply thereto will say:

First. I am of the opinion that it is not within the province of your Department to prescribe regulations governing the marking of imported liquors to conform to Section 240 of the Criminal Code.

Said section appears in chapter 9 of the code, entitled "Offenses against Foreign and Interstate Commerce," and reads as follows:

"Whoever shall knowingly ship or cause to be shipped, from one State, Territory or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, into any other State, Territory, or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, or from any foreign country into any State, Territory, or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, any package of or package con-

taining any spirituous, vinous, malted, fermented, or other intoxicating liquor of any kind, unless such package be so labeled on the outside cover as to plainly show the name of the consignee, the nature of its contents, and the quantity contained therein, shall be fined not more than five thousand dollars; and such liquor shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the seizure and forfeiture of property imported into the United States contrary to law."

By Section 251, Revised Statutes, the Secretary of the Treasury is required to make rules and regulations "to be used under and in the execution and enforcement of the various provisions of the internal-revenue laws, or in carrying out the provisions of law relating to raising revenue from imports, or to duties on imports, or to warehousing."

But Section 240 is a criminal statute, which has no reference to the collection of either internal revenue or duties on imports, and there is no statute authorizing the Secretary of the Treasury to formulate rules and regulations for the enforcement of a general criminal statute which has no relation to the collection of revenue.

Congress, by making no provision for regulations wherein it might be specified with greater clearness what is meant in said Section 240 by the expression, "so labeled on the outside cover as to plainly show the name of the consignee, the nature of its contents, and the quantity contained therein," manifestly intended the courts to interpret its meaning in cases which shall arise thereunder.

However, by Section 7 of the Tariff Act of 1909 (36 Stat., 85), it is provided:

"That all articles of foreign manufacture or production, which are capable of being marked, stamped, branded, or labeled without injury, shall be marked, stamped, branded, or labeled in legible English words, in a conspicuous place that shall not be covered or obscured by any subsequent attachments or arrangements, so as to indicate the country of origin, and that

"All packages containing imported articles shall be marked, stamped, branded, or labeled so as to indicate legibly and plainly, in English words, the country of origin and the quantity of their contents, and that

"No package which is not so marked shall be delivered to the importer; and futher, that

"The Secretary of the Treasury shall prescribe the necessary rules and regulations to carry out the foregoing provision."

It will be observed, therefore, that under both Section 240 of the Criminal Code and said Section 7 of the Tariff Act, the quantity of a package of imported intoxicating liquors must be stamped or labeled thereon; and the regulations adopted under the latter Act will, to that extent, therefore, incidentally aid in the enforcement of the former.

Second. Clearly, the customs officers can and should render very effective assistance in the enforcement of said Section 240, in so far as it applies to imported liquors.

By the last clause in this section it is provided that liquor, which is not labeled as required therein, "shall be forfeited to

the United States, and may be seized and condemned by like proceedings as those provided by law for the seizure and forfeiture of property imported into the United States contrary to law."

By Section 3059, Revised Statutes, it is provided that it shall be lawful for the customs officers to go on board any vessel and examine the same and all persons and baggage on board:

"And if it shall appear that any breach or violation of the laws of the United States has been committed, whereby or in consequence of which such vessel, or the merchandise, or any part thereof, on board of or imported by such vessel, is liable to forfeiture, to make seizure of the same, or either, or any part thereof, and to arrest, or in case of escape or any attempt to escape, to pursue and arrest any person engaged in such breach or violation."

By its terms this statute is made to apply to all laws of the United States by violation of which goods are made liable to forfeiture. But, if as originally enacted as Section 2, Act of July 18, 1866 (14 Stat., 178), and as carried into the Revised Statutes, it referred solely to customs laws, yet inasmuch as Section 240 of the Criminal Code provides for the forfeiture and seizure of liquors not properly labeled, "by like proceedings as those provided for the seizure and forfeiture of property imported into the United States contrary to law," it is clear that this method of procedure can be used in enforcing said Section 240.

But it is a more doubtful question whether customs officers are authorized to make such searches and seizures, when made solely for the purpose of enforcing this section. Since, however, they are the only officers authorized to make such searches and seizures in enforcing the customs laws, there is good reason in the view that by extending such method of procedure to the enforcement of this section, the power to put in force was, by implication, vested in these same officials.

But, however this may be, it is a well-settled principle of law that any citizen may seize any property forfeitable to the use of the Government, either by the municipal law or as prize of war, and it depends upon the Government whether it will act upon the seizure; and a proceeding by the Government to enforce the forfeiture by legal process is a confirmation of the seizure. 13 Op. A. G. (253, 256); *The Caledonian* (4 Wheat., 99, 102); *Gelston v. Hoyt* (16 Wheat., 245, 310); *Taylor v. United States* (3 How., 197, 204). Consequently, an officer would be protected in making a seizure under this statute when there is a clear infraction of the law, although it should be held that he is not vested with such power by Section 3059, Revised Statutes.

I am therefore of the opinion that the most effective procedure to be adopted by your Department to carry into effect

the provisions of Section 240 of the Criminal Code would be to instruct the collectors of customs that when a package, shipped from a foreign country, or a place subject to the jurisdiction of the United States, but noncontiguous thereto, into the United States, containing intoxicating liquors, and clearly not labeled as required by said Section 240, comes within the observation and control of a customs officer, he should seize the same and have it declared forfeited by like proceedings as those provided to enforce forfeitures for violation of the customs laws.

Respectfully,

GEO. W. WICKERSHAM, Attorney-General.

The Secretary of the Treasury.

IMPORTATION OF FOREIGN WILD ANIMALS AND BIRDS.

(Circular No. 5.)

Treasury Department, January 28, 1910.

To Collectors and Other Officers of the Customs:

Sections 241, 242, 243 and 244 of the Criminal Code of the United States (35 Stat., 1088), in effect January 1, 1910, are as follows:

Sec. 241. The importation into the United States, or any Territory or District thereof, of the mongoose, the so-called "flying foxes" or fruit bats, the English sparrow, the starling, and such other birds and animals as the Secretary of Agriculture may from time to time declare to be injurious to the interests of agriculture or horticulture, is hereby prohibited; and all such birds and animals shall, upon arrival at any port of the United States, be destroyed or returned at the expense of the owner. No person shall import into the United States or into any Territory or District thereof, any foreign wild animal or bird, except under special permit from the Secretary of Agriculture: Provided, That nothing in this section shall restrict the importation of natural history specimens for museums or scientific collections, or of certain cage birds, such as domesticated canaries, parrots, or such other birds as the Secretary of Agriculture may designate. The Secretary of the Treasury is hereby authorized to make regulations for carrying into effect the provisions of this section.

Sec. 242. It shall be unlawful for any person to deliver to any common carrier for transportation, or for any common carrier to transport from any State, Territory, or District of the United States, to any other State, Territory, or District thereof, any foreign animals or birds, the importation of which is prohibited, or the dead bodies or parts thereof of any wild animals or birds, where such animals or birds have been killed or shipped in violation of the laws of the State, Territory, or District in which the same were killed, or from which they were shipped: Provided, That nothing herein shall prevent the transportation of any dead birds or animals killed during the season when the same may be lawfully captured, and the export of which is not prohibited by law in the State, Territory, or District in which the same are captured or killed: Provided further, That nothing herein shall prevent the importation, transportation, or sale of birds or bird plumage manufactured from the feathers of barn-yarn fowls.

Sec. 243. All packages containing the dead bodies, or the plumage, or parts thereof, of game animals, or game or other wild birds, when shipped in interstate or foreign commerce, shall be plainly and clearly marked, so that the name and address of the shipper, and the nature of the contents, may be readily ascertained on an inspection of the outside of such package.

Sec. 244. For each evasion or violation of any provision of the three sections last preceding, the shipper shall be fined not more than two hundred dollars; the consignee knowingly re-

ceiving such articles so shipped and transported in violation of said sections shall be fined not more than two hundred dollars; and the carrier knowingly carrying or transporting the same in violation of said sections shall be fined not more than two hundred dollars.

1. Under the foregoing provisions of law, officers of the customs are instructed that hereafter the delivery of any foreign wild animals or birds, not distinctively natural history specimens for museums or domesticated canaries or parrots, or species specifically exempted by the Secretary of Agriculture, or animals or birds brought by passengers, as provided in paragraph 8, will not be permitted in the absence of a permit issued by the Department of Agriculture in the form hereinafter prescribed.

2. Any person contemplating the importation of any foreign wild animals or wild birds from any part of the world shall first obtain from the Department of Agriculture a permit, stating the number of each kind of species of animals or birds to be imported, naming the port of importation at which the animals and birds are to be landed, the approximate date of their arrival, and the purpose for which said animals and birds are imported, whether to be liberated or kept in captivity, and whether for propagation, exhibition, or other purposes, which permit will be surrendered to the collector at the port of entry.

The application for permit will be in the following form:

UNITED STATES DEPARTMENT OF AGRICULTURE.

The permit will be in the following form:

No.

UNITED STATES DEPARTMENT OF AGRICULTURE.
Permit for Importation of Wild Animals and Birds into the United States.

To the Collector of Customs at the Port of:

Permit, or agent, to import from, on or about, 191...,

.....

Secretary.

Issued by

In Charge of Importation Permits.

Washington, D. C.,, 191...

If not used within thirty days to be returned to the Biological Survey, United States Department of Agriculture.

Permits will not be required for any of the varieties of the domesticated pigeons, such as carriers, fantails, homers, pouters, tumblers, etc., but must be obtained for all wild species; and in order to avoid any misunderstanding as to the term "domesticated," all varieties of pigeons embraced in an importation should be mentioned in the application for permit where domesticated pigeons are imported with other birds. Permits will be issued free of charge upon receipt and approval of applications. They will be made out in the name of the owner or agent, will be accepted only at the port and for the shipment named therein, and will be void thirty days after the date set for the arrival of the shipment at the port of entry. Permits that have expired should be returned to the Biological Survey, United States Department of Agriculture.

3. If the required permit be not at hand at the time of the arrival of the animals or birds, an examination thereof should be made at once by the examiner, and duties, if any, estimated thereon and deposited, and a stipulation filed with the collector within twenty-four hours to produce the necessary permit within ten days from date of entry, whereupon final liquidation will be suspended until the production of the permit, or expiration of the ten days; and in the application of the importer for permit which may be made by telegraph, the owner's name, port of entry, port whence exported, and number and species of the birds or animals should appear; meanwhile the property may be delivered to the importer, consignee, or agent for the proper care, feeding, etc., upon the filing of a voluntary bond with approved sureties in double the invoice value of the property (the amount of the bond in no case to be less than \$10), conditioned for the redelivery thereof to the collector within ten days from the date of entry, and providing that the property shall not be removed from the port of entry within such period, or until presentation of proper permit; or, if the importer, consignee, or agent shall so elect, the property can be retained in the custody of the officers of the customs pending the issuance of the permit, wholly at the expense of the importer. In no case, however, will such delivery be permitted of animals or birds of the prohibited kind mentioned in Section 241, nor will a stipulation or bond be taken in the case of the importation of such species.

4. In case permit shall be refused by the Department of Agriculture, or if permit be not secured within the said ten days, it shall be the duty of the collector to recall the property, if delivered under bond, upon giving timely notice to the importer, and require the immediate exportation thereof at the expense of the importer, consignee, or agent.

5. In case of doubt as to whether the animals or birds belong to prohibited species, or of suspicion on the part of the officers of the customs that the species sought to be entered are prohibited animals or birds imported under other names, the same will be retained in customs custody at the expense and risk of the importer, pending receipt of advice from the Department of Agriculture as to the true nature of the

animals or birds, or until they have been examined by a special inspector of the Department of Agriculture, as provided in paragraph 6, and the identity established to the satisfaction of the collector. In case of refusal or neglect of the importer, consignee, or agent, to have the identity so established, delivery of the importation will be refused and immediate exportation required.

6. Special inspectors have been designated by the Secretary of Agriculture to examine specimens at the ports of New York, Philadelphia, San Francisco, and Honolulu. Arrangements have also been made whereby inspections can be made, when necessary, at Boston, Baltimore, Washington, and New Orleans. Inspectors will examine shipments made subject to inspection before final delivery, and will also make inspections requested by collectors or importers. They have authority to decide all questions of identity of animals or birds, as to whether permits are necessary, or whether species are prohibited from introduction into the United States.

7. All invoices should specify the character of the animals or birds covered thereby, and the number of each species, and in case of the redelivery to the collector of importations under the voluntary bond given under paragraph 3, if the number and kind of animals be found not to correspond with the description stated in the invoice, and if no satisfactory explanation of any discrepancy be furnished, then the bond shall be forfeited.

8. Birds or animals not more than five in number, and which do not belong to the prohibited species, brought in by passengers may be entered without the formality of a permit, but collectors will include all such entries in their quarterly reports.

9. In Section 241 the importation of the mongoose, so-called "flying foxes," or fruit bats, the English sparrow, and the starling is absolutely prohibited, and should any such birds or animals be imported delivery thereof to the importer will be denied and immediate exportation or destruction required. Collectors will be advised hereafter should any additions to the list of destructive animals and birds within the contemplation of this Act be made by the Secretary of Agriculture.

10. Collectors will keep a record of all permits issued and report quarterly to the Department of Agriculture (Bureau of Biological Survey) the number and species of wild animals and birds admitted to entry, including those brought by passengers as well as all others for which no formal permit is required, and the number and species of wild animals and birds which have been refused entry under this Act, giving number of permit, name of importer, consignee, or agent, name of importing vessel, invoice value, port whence exported, date and number of entry, etc., and will return with these reports all permits that have been used during the quarter and also all unused permits in their possession that have expired.

11. Under the provisions of Section 242 of the code it is made unlawful for officers of the customs, as well as consignees, to deliver to common carriers and for common carriers to transport animals or birds the importation of which is prohibited.

12. Collectors of customs are enjoined to use special care in the enforcement of Section 241.

13. The privileges of the Immediate-transportation Act of June 10, 1880, are declared to be subservient to the provisions of this code—that is, an examination must be made at the port of first arrival, and delivery delayed pending receipt of permits from the Department of Agriculture, and in the case of prohibited animals and birds entry for transportation under said Act will be refused.

14. Permits for the entry of birds and animals (including reptiles) into the Territory of Hawaii will be issued by the inspector at Honolulu. The importation of snakes of any kind into Hawaii is prohibited.

15. The “natural history specimens” referred to in Section 241 cover animals, birds, and reptiles of any description.

16. The word “animals” occurring in the Act is held to include reptiles, and the word “birds” is held to include all feathered warm-blooded vertebrates. Parrots, as cage birds, include cockatoos, love birds, macaws, and parrakeets.

17. The “birds or bird plumage” mentioned in the concluding paragraph of Section 242 relate to artificial birds, or plumage manufactured from the feathers of the barnyard fowl, which are known as hens, cocks, ducks, geese, peafowls, guinea fowls, and turkeys and their young.

18. Attention is specially called to the provisions in Section 243 for the marking of all packages containing the dead bodies, or the plumage, or parts thereof, of game animals, or game or other wild birds, when shipped in foreign commerce. Packages containing such articles which arrive not marked according to law will not be delivered until they shall have been so marked under customs supervision.

JAMES F. CURTIS,
Assistant Secretary.

SYNOPSIS OF RULINGS.

1. There is no restriction to the importation into the United States of the plumage of birds other than that of the English sparrow, the starling, or of other species, the importation of which, without permit from the Secretary of Agriculture, is prohibited by Section 241 of the code. (T. D. 22355, 22657.)

2. Plumage of prohibited birds associated or arranged with the plumage of the barnyard fowl is not admissable to entry, as the separation for the purposes of entry of one portion and the exportation of the other portion would be impracticable. (T. D. 22355.)

3. The law does not provide for the issuance of permits for importation of plumage, Section 241 of the code and the regulations thereunder providing only for the issuance of permits for live animals and birds. (T. D. 22355.)

4. Persons contemplating the importation of live animals or birds from abroad must obtain a special permit from the Secretary of Agriculture, as required by Section 241 of the code. The law is mandatory and makes no exceptions besides those noted below. It applies to single mammals, or birds kept in

cages as pets, as well as to large consignments intended for propagation in captivity or otherwise. (T. D. 22366, 23937.)

5. **EXCEPTIONS.**—Permits are not required for domesticated birds, such as chickens, ducks, geese, guinea fowl, peafowl, pigeons, or canaries; for parrots (including cockatoos, love birds, macaws, and parrakeets); or for natural history specimens for museums or scientific collections. Java sparrows are not love birds, and require permits. (T. D. 22573.) Permits must be obtained for all wild species of pigeons and ducks, and when domesticated as well as wild birds are included in the same shipment, all the species should be mentioned in the letter of application, in order to avoid any misunderstanding as to the term "domesticated." (T. D. 22366.) Until further notice, permits will not be required for the following mammals, birds, and reptiles, commonly imported for purpose of exhibition.

MAMMALS.—Ant-eaters, armadillos, bears, chimpanzees, elephants, hippopotamuses, hyenas, jaguars, kangaroos, leopards, lions, lynxes, manatees, monkeys, ocelots, orang-outangs, panthers, raccoons, rhinoceroses, sea lions, seals, sloths, tapirs, tigers, or wildcats.

BIRDS.—Swans, wild doves, or wild pigeons of any kind.

REPTILES.—Alligators, lizards, snakes, tortoise, or other reptiles. (T. D. 22491.)

6. **SPECIES PROHIBITED.**—The introduction of the English or European house sparrow, the starling, the fruit bat or flying fox, and the mongoose (known also as the ichneumon or Pharaoh's rat), is absolutely prohibited and permits for their importation will not be issued under any circumstances. Importers are cautioned against placing any of these species in cages with other birds or animals. Such action will render the shipment liable to detention at the custom house, as the species named must be exported or destroyed at the expense of the owner or agent. (T. D. 22366.)

7. **RUMINANTS.**—In the case of ruminants (including deer, elk, moose, antelopes, and also camels and llamas), permits will be issued, as heretofore, in the form prescribed for importation of domesticated animals. Such animals will be subject to inspection and quarantine, as required by the circular of the Department of Agriculture of April 10, 1903 (T. D. 24412), entitled "Regulations for the inspection and quarantine of horses, neat cattle, sheep, and other ruminants, and swine imported into the United States." (T. D. 22366.)

8. Landing of live stock, or animals of any kind, from the Philippine Islands, at any port of the United States is prohibited. (T. D. 23427.)

9. In view of the facts that incoming steamers bearing crates of wild birds are obliged, in the conduct of the carrying trade, to discharge cargo on the dock at once upon arrival; that during the cold season there is great danger of tropical and other birds dying from exposure, if left even for a short time on the docks; that experience has shown that frequent thefts of valuable birds have occurred where immediate delivery is not

permitted; that, so far as the revenue is concerned, no danger thereto is menaced, as birds are on the free list (Par. 510, Act of August 5, 1909), and that each and every consignment is accompanied by an invoice fully describing the birds, the exceptional practice of permitting entry and removal of the entire consignment of birds at once to the importer's stores, subject to inspection at the earliest practicable moment, is authorized. (T. D. 23395.)

(Also see T. D. 22309, 22316, 22355, 22366, 22458, 22491, 22573, 22657, 23395, 23427, 23937, 24412.)

INSECTICIDE ACT OF 1910.

Articles 1015, 1016, and 1031 of the Customs Regulations of 1908, amended so as to apply to insecticides, Paris greens, lead arsenates, and fungicides.

Treasury Department, June 19, 1911.

To Officers of the Customs and Others Concerned:

Section 11 of "the Insecticide Act of 1910," approved April 26, 1910, provides as follows:

"That the Secretary of the Treasury shall deliver to the Secretary of Agriculture, upon his request, from time to time, samples of insecticides, Paris greens, lead arsenates, and fungicides which are being imported into the United States or offered for import, giving notice thereof to the owner or consignee, who may appear before the Secretary of Agriculture and have the right to introduce testimony; and if it appear from the examination of such samples that any insecticide, or Paris green, or lead arsenate, or fungicide offered to be imported into the United States is adulterated or misbranded, within the meaning of this Act, or is otherwise dangerous to the health of the people of the United States, or is of a kind forbidden entry into or forbidden to be sold or restricted in sale in the country in which it is made or from which it is exported, or is otherwise falsely labeled in any respect, the said article shall be refused admission, and the Secretary of the Treasury shall refuse delivery to the consignee and shall cause the destruction of any goods refused delivery which shall not be exported by the consignee within three months from the date of notice of such refusal under such regulations as the Secretary of the Treasury may prescribe: Provided, That the Secretary of the Treasury may deliver to the consignee such goods pending examination and decision in the matter on execution of a penal bond for the amount of the full invoice value of such goods, together with the duty thereon, and on refusal to return such goods for any cause to the custody of the Secretary of the Treasury, when demanded, for the purpose of excluding them from the country, or for any other purpose, said consignee shall forfeit the full amount of the bond: And provided further, That all charges for storage, cartage, and labor on goods which are refused admission or delivery shall be paid by the owner or consignee, and in default of such payment shall constitute a lien against any future importation made by such owner or consignee."

At the request of the Secretary of Agriculture, articles 1015, 1016, and 1031 of the Customs Regulations of 1908, which relate to the examination of invoices, requests for samples, and cost of and duty on samples, respectively, are hereby amended so as to apply to insecticides, Paris greens, lead arsenates and fungicides in the same manner as they are now applicable to food and drug products.

RECIPROCAL AGREEMENT WITH THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND RELATIVE TO COMMERCIAL TRAVELERS' SAMPLES.

Treasury Department, December 22, 1910.

To Customs Officers and Others Concerned:

The appended declarations of an informal reciprocal agreement between this Government and the Government of the United Kingdom of Great Britain and Ireland, relative to samples of merchandise brought into the territory of either country by commercial travelers of the other country, are hereby promulgated for your information and guidance.

In accordance with the said agreement customs officers are hereby instructed to accept descriptive lists of commercial travelers' samples intended for use as models or patterns for the purpose of obtaining orders and not for sale, when certified by a consular officer of the United States stationed in the United Kingdom, as establishing the character of such merchandise as samples intended for use in selling the class of goods they represent.

It will be noted that under this agreement the requirements of the customs laws will continue to be observed.

Commercial travelers in the United States desiring to avail themselves of the facilities afforded by the United Kingdom in said agreement are advised to apply to the nearest consular officer of that country.

FRANKLIN MAC VEAGH, Secretary.

DECLARATION.

In order to facilitate the clearance through the Customs Department of the United Kingdom of Great Britain and Ireland of samples brought into the territory of that country by commercial travelers of the United States of America, such samples being for use as models or patterns for the purpose of obtaining orders and not for sale, the undersigned, Alfred Mitchell Innes, His Britannic Majesty's Charge d'Affaires at Washington, duly authorized thereto, and in virtue of a similar declaration made by Philander C. Knox, Secretary of State of the United States, does hereby declare that, from and after the first day of January, 1911, and until the expiration of one month after the day on which either the United Kingdom or the United States shall give notice of the withdrawal of said declaration, the officially attested list of such samples, containing a full description thereof, issued at the time of exportation by the British consular authorities established in the United States, shall be accepted by the customs officials of the United Kingdom as establishing their character as samples and exempting them from inspection on importation, except in so far as may be necessary in order to comply with the law of the United Kingdom.

A. MITCHELL INNES,

His Britannic Majesty's Charge d'Affaires.

Washington, December 3, 1910.

DECLARATION.

In order to facilitate the clearance through the Customs Department of the United States of America of samples brought into the territory of that country by commercial travelers of the United Kingdom of Great Britain and Ireland, such samples being for use as models or patterns for the purpose of obtaining orders and not for sale, the undersigned, Philander C. Knox, Secretary of State of the United States, duly authorized thereto, and in virtue of a similar declaration made by Alfred Mitchell Innes, His Britannic Majesty's Charge d'Affaires at Washington, does hereby declare that, from and after January 1, 1911, and until the expiration of one month after the day on which either the United States or the United Kingdom shall give notice of the withdrawal of said declaration, the officially attested list of such samples, containing a full description thereof, issued at the time of exportation by the American consular authorities established in the United Kingdom, shall be accepted by the customs officials of the United States as establishing their character as samples and exempting them from inspection on importation except in so far as may be necessary in order to comply with the law of the United States.

WHITE PHOSPHORUS MATCH ACT, APRIL 9, 1912.

(Also see T. D. 33020, 33078, 33127, 33151, 33158, 33248, 33360, 33399, 33441.)

The importation, on and after January 1, 1913, and the exportation after January 1, 1914, of white phosphorus matches, prohibited.

Treasury Department, November 30, 1912.

To Collectors and Other Officers of the Customs:

Your attention is invited to the following sections of the Act approved April 9, 1912, entitled "An Act to provide for a tax upon white phosphorus matches, and for other purposes":

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for the purposes of this Act the words "white phosphorus" shall be understood to mean the common poisonous white or yellow phosphorus used in the manufacture of matches and not to include the nonpoisonous forms or the nonpoisonous compounds of white or yellow phosphorus.

Sec. 2. That every manufacturer of white phosphorus matches shall register with the collector of internal revenue of the district his name or style, place of manufactory, and the place where such business is to be carried on; and a failure to register as herein provided and required shall subject such person to a penalty of not more than five hundred dollars. Every manufacturer of white phosphorus matches shall file with the collector of internal revenue of the district in which his manufactory is located such notices, inventories, and bonds, shall keep such books and render such returns in relation to the business, shall put up such signs and affix such number to his factory, and conduct his business under such surveillance of officers and agents as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may, by regulation, require. The bond required of such manufacturer shall be with sureties satisfactory to the collector of internal revenue and in the penal sum of not less than one thousand dollars; and the sum of said bond may be increased from time to time and additional sureties required at the discretion of the collector or under instructions of the Commissioner of Internal Revenue.

Sec. 3. That all white phosphorus matches shall be packed by the manufacturer thereof in packages containing one hundred, two hundred, five hundred, one thousand, or one thousand five hundred matches each, which shall then be packed by the manufacturer in packages containing not less than fourteen thousand four hundred matches, and upon white phosphorus matches manufactured, sold, or removed there shall be levied and collected a tax at the rate of two cents per one hundred matches, which shall be represented by adhesive stamps, and this tax shall be paid by the manufacturer thereof, who shall affix to every package containing one hundred, two hundred, five hundred, one thousand, or one thousand five hundred matches such stamp of the required value and shall place thereon the initials of his name and the date on which such stamp is affixed, so that the same may not again be used. Every person who

fraudulently makes use of an adhesive stamp to denote any tax imposed by this section without so effectually canceling such stamp shall forfeit the sum of fifty dollars for every stamp in respect to which such offense is committed.

Sec. 4. That every manufacturer of matches who manufactures, sells, removes, distributes, or offers to sell or distribute white phosphorus matches without there being affixed thereto an adhesive stamp, denoting the tax required by this Act, effectually canceled as provided by the preceding section, shall for each offense be fined not more than one thousand dollars and be imprisoned not more than two years. Every manufacturer of matches who, to evade the tax chargeable thereon or any part thereof, hides or conceals, or causes to be hidden or concealed, or removes or conveys away, or deposits or causes to be removed or conveyed away from or deposited in any place any white phosphorus matches, shall for each offense be fined not more than one thousand dollars and be imprisoned not more than two years, or both, and all such matches shall be forfeited.

Sec. 5. That every person who affixes a stamp on any package of white phosphorus matches denoting a less amount of tax than that required by law shall for each offense be fined not more than one thousand dollars or be imprisoned not more than two years, or both.

Sec. 6. That every person who removes, defaces, or causes or permits or suffers the removal or defacement of any such stamp, or who uses any stamp or any package to which any stamp is affixed to cover any other white phosphorus matches than those originally contained in such package with such stamp when first used, to evade the tax imposed by this Act, shall for every such package in respect to which any such offense is committed be fined fifty dollars, and all such matches shall also be forfeited.

Sec. 7. That every manufacturer of white phosphorus matches who defrauds or attempts to defraud the United States of the tax imposed by this Act, or any part thereof, shall forfeit the factory and manufacturing apparatus used by him and all the white phosphorus matches and all raw material for the production of white phosphorus matches found in the factory and on the factory premises, or owned by him, and shall be fined not more than five thousand dollars or be imprisoned not more than three years, or both. All packages of white phosphorus matches subject to tax under this Act that shall be found without stamps as herein provided shall be forfeited to the United States.

Sec. 8. That the Commissioner of Internal Revenue shall cause to be prepared suitable and special stamps for payment of the tax on white phosphorus matches provided for by this Act. Such stamps shall be furnished to collectors, who shall sell the same only to duly qualified manufacturers. Every collector shall keep an account of the number and denominate values of the stamps sold by him to each manufacturer. All the provisions and penalties of existing laws governing the engraving, issuing, sale, affixing, cancellation, accountability, effacement, destruction, and forgery of stamps provided for internal revenue are hereby made to apply to stamps provided for by this Act.

Sec. 9. That whenever any manufacturer of white phosphorus matches sells or removes any white phosphorus matches

without the use of the stamps required by this Act, it shall be the duty of the Commissioner of Internal Revenue, within a period of not more than two years after such sale or removal, upon satisfactory proof, to estimate the amount of tax which has been omitted to be paid, and to make an assessment therefor and certify the same to the collector, who shall collect the same according to law. The tax so assessed shall be in addition to the penalties imposed by law for such sale or removal.

Sec. 10. That on and after January first, nineteen hundred and thirteen, white phosphorus matches, manufactured wholly or in part in any foreign country, shall not be entitled to entry at any of the ports of the United States, and the importation thereof is hereby prohibited. All matches imported into the United States shall be accompanied by such certificate of official inspection by the government of the country in which such matches were manufactured as shall satisfy the Secretary of the Treasury that they are not white phosphorus matches. The Secretary of the Treasury is authorized and directed to prescribe such regulations as may be necessary for the enforcement of the provisions of this section.

Sec. 11. That after January first, nineteen hundred and fourteen, it shall be unlawful to export from the United States any white phosphorus matches. Any person guilty of violation of this section shall be fined not less than one thousand dollars and not more than five thousand dollars, and any white phosphorus matches exported or attempted to be exported shall be confiscated to the United States and destroyed in such manner as may be prescribed by the Secretary of the Treasury, who shall have power to issue such regulations to customs officers as are necessary to the enforcement of this section.

Sec. 12. That every manufacturer of matches shall mark, brand, affix, stamp, or print, in such manner as the Commissioner of Internal Revenue shall prescribe, on every package of white phosphorus matches manufactured, sold, or removed by him, the factory number required under section two of this Act. Every such manufacturer who omits to mark, brand, affix, stamp, or print such factory number on such package shall be fined not more than fifty dollars for each package in respect of which such offense is committed. Every manufacturer of white phosphorus matches shall securely affix by pasting on each original package containing stamped packages of white phosphorus matches manufactured by him a label, on which shall be printed, besides the number of the manufactory and the district in which it is situated, these words: "Notice.—The manufacturer of the white phosphorus matches herein contained has complied with all the requirements of law. Every person is cautioned not to use again the stamps on the packages herein contained under the penalty provided by law in such cases." Every manufacturer of white phosphorus matches who neglects to affix such label to any original package containing stamped packages of white phosphorus matches made by him or sold or removed by or for him, and every person who removes any such label so affixed from any such original package, shall be fined not more than fifty dollars for each package in respect of which such offense is committed.

Sec. 13. That if any manufacturer of white phosphorus matches, or any importer or exporter of matches, shall omit, neglect, or refuse to do or cause to be done any of the things required by law in carrying on or conducting his business, or shall do anything by this Act prohibited, if there be no specific penalty or punishment imposed by any other section of this Act for the neglecting, omitting, or refusing to do, or for the doing or causing to be done, the thing required or prohibited, he shall be fined one thousand dollars for each offense and all the white phosphorus matches owned by him or in which he has any interest as owner shall be forfeited to the United States.

Sec. 14. That all fines, penalties, and forfeitures imposed by this Act may be recovered in any court of competent jurisdiction.

Sec. 15. That the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may make all needful regulations for the carrying into effect of this Act.

Sec. 16. That sections thirty-one hundred and sixty-four to thirty-one hundred and seventy-seven, thirty-one hundred and seventy-nine to thirty-two hundred and forty-three, thirty-three hundred and forty-six as amended, thirty-four hundred and twenty-nine as amended, thirty-four hundred and forty-five to thirty-four hundred and forty-eight, thirty-four hundred and fifty to thirty-four hundred and sixty-three, all inclusive, of the Revised Statutes of the United States, and all other provisions and penalties of existing law relating to internal revenue so far as applicable, are hereby made to extend to and include and apply to the taxes imposed by this Act and to the articles upon which and to the persons upon whom they are imposed.

Sec. 17. That this Act shall take effect on July first, nineteen hundred and thirteen, except as previously provided in this Act; and except as to its application to the sale or removal of white phosphorus matches by the manufacturers, as to which it shall take effect on January first, nineteen hundred and fifteen.

Approved, April 9, 1912.

REGULATIONS.

Regulations are hereby prescribed as follows:

Imports.

1. Exporters to the United States shall state in their declarations on invoices that none of the matches covered by the invoice are white phosphorus matches. They shall also file with the consul at the time of presenting the invoice for certification a certificate of official inspection by the government of the country in which the matches were manufactured, which shall show that the matches are not white phosphorus matches.

2. The consul shall verify the official character of the officer issuing the foreign certificate of inspection, and shall forward the certificate with the invoice to the collector of customs of the port at which importation is to be made.

3. Importers will be required to make affidavit at the time of entry, stating, according to the best of their information and belief, that the shipment contains no white phosphorus matches.

4. The appraiser will state in his return on the invoice

whether or not the shipment contains any white phosphorus matches

5. In the absence of proper foreign certificates of inspection, importers will be required to furnish upon entry a bond in a penal sum equal to the duties on the matches conditioned upon the production of such certificate within six months. .

6. The collector of customs will not release any matches unless he shall be satisfied that they are not white phosphorus matches

Exports.

7. Exporters from the United States will be required to file with the collector of customs, at least six hours before the matches are laden for exportation, a manifest, in duplicate, signed by the exporter, which shall state the date of exportation, the name of the exporting vessel, and the marks and numbers of the packages, with a specific description of the matches to be exported, to which manifest the exporter shall attach his affidavit that no white phosphorus matches are included in the shipment.

8. The collector of customs may require a number of the packages offered for export to be opened and inspected.

9. The collector of customs will report to the department any violations of the law which he may discover.

10. The collector will detain matches brought to the United States or attempted to be exported from the United States in violation of the said law, pending instructions from the department or a decision of the court as to the final disposition of the matches.

Time of Taking Effect.

11. These regulations will take effect January 1, 1913, with respect to matches imported from foreign countries, and will govern all shipments arriving in the United States on and after that date.

12. These regulations will take effect January 2, 1914, with respect to all matches exported from the United States and will govern all shipments offered for export on and after that date.

Act of Congress approved July 31, 1912, prohibiting the importation of any film or other pictorial representation of any prize fight or encounter of pugilists, which is designed to be used or may be used for purposes of public exhibition.

Treasury Department, August 8, 1912.

To Collectors and Other Officers of the Customs:

Your attention is invited to the following copy of an Act of Congress approved July 31, 1912:

(Public No. 246—S. 7027.)

An Act to prohibit the importation and the interstate transportation of films or other pictorial representations of prize fights, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be unlawful for any person to deposit or cause to be deposited in the United States mails for mailing or delivery, or to deposit or cause to be deposited with any express company or other common carrier for carriage, or to send or carry from one State or Territory of the United States or the District of Columbia to any other State or Territory of the United States or the District of Columbia, or to bring or cause to be brought into the United States from abroad any film or other pictorial representation of any prize fight or encounter of pugilists, under whatever name, which is designed to be used or may be used for purpose of public exhibition.

Sec. 2. That it shall be unlawful for any person to take or receive from the mails, or any express company or other common carrier, with intent to sell, distribute, circulate, or exhibit any matter or thing herein forbidden to be deposited for mailing, delivery, or carriage in interstate commerce.

Sec. 3. That any person violating any of the provisions of this Act shall for each offense, upon conviction thereof, be fined not more than one thousand dollars or sentenced to imprisonment at hard labor for not more than one year, or both, at the discretion of the court.

Approved, July 31, 1912.

The Secretary of State has been requested to instruct consular officers to require exporters of films and similar articles to state in their declaration on invoices whether or not any of the articles covered by the invoice are pictorial representations of any prize fight or encounter of pugilists, under whatever name, which is designed to be used or may be used for purposes of public exhibition.

Importers of films and similar articles should be required at the time of entry to make affidavit stating according to the best of their information and belief whether or not a shipment contains any articles the importation of which is prohibited in the foregoing Act.

Customs officers will make careful examination of all importations of films and similar articles whenever practicable and report to the United States Attorney and the Department any violations of the law which they may discover.

Articles brought to this country in violation of the said law will be held pending instructions from the Department or a decision of the court as to their final disposition.

**PLANT QUARANTINE ACT, AUGUST 20, 1912, AS
AMENDED MARCH 4, 1913.**

Act published by the Department of Agriculture, Circular No. 44.

**RULES AND REGULATIONS FOR CARRYING OUT THE
PLANT QUARANTINE ACT.**

RULES AND REGULATIONS.

Regulation 1. Short Title of the Act.

The Act "To regulate the importation of nursery stock and other plants and plant products; to enable the Secretary of Agriculture to establish and maintain quarantine districts for plant diseases and insect pests; to permit and regulate the movement of fruits, plants, and vegetables therefrom, and for other purposes," approved August 20, 1912 (37 Stat., 315), as amended March 4, 1913, shall be known and referred to as "The Plant Quarantine Act."

Regulation 2. Definitions.

For the purpose of this Act the term "nursery stock" includes all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots.

The following classes of plants are included in nursery stock as defined above: Fruit trees, fruit-tree stocks, nut trees, grapevines, bush fruits, roses, rose stocks, forest and ornamental trees and shrubs (both deciduous and evergreen), field-grown florists' stock, cuttings, scions, or seedlings, fruit pits and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation not otherwise listed, except as noted above.

All woody plants and parts thereof for propagation or planting are included within the term "nursery stock" as used in this Act.

"Field-grown florists' stock" is all florists' stock which is usually grown outside of greenhouses for all or part of the year.

"Herbaceous plants" are plants which perish annually down to (sometimes including) the root; that is, soft, succulent plants.

**Regulation 3. Application for Permits for Importation of
Nursery Stock.**

Persons contemplating the importation of nursery stock shall first make application to the Federal Horticultural Board for a permit stating in the application the name and address of the exporter, the country and locality where grown, the port of entry, and the name and address of the importer in the United States to whom the permit should be sent.

Applications for permits should be made in advance of the shipment of the nursery stock, but if, through no fault of the

importer, stock should arrive before the issue of a permit the stock will be held in customs custody at the risk and expense of the importer for a period not exceeding 20 days pending the issue of a permit.

Applications may be made by telegraph, in which case the information required above must be given.

The port of entry is the port where the stock is cleared from customs and the duty paid, and is therefore not necessarily the port of arrival.

Seeds and plants not included in "nursery stock," as defined in Regulation 2 and not under specific quarantine, may be imported without permit or compliance with other provisions of the Plant Quarantine Act.

Permits are not required for 'nursery stock entering the United States for immediate transportation in bond to foreign countries.

Permits for nursery stock entering the United States for immediate transportation to interior points in bond are required only at port of entry.

Two forms of application are provided: (1) For importation of nursery stock from countries which maintain nursery stock inspection in accordance with Regulations 6 and 7; and (2) for importation from countries which do not maintain nursery stock inspection in accordance with Regulations 6 and 7.

Regulation 4. Delivery in Bond.

If the required permit be not at hand at the time of the arrival at port of entry of the nursery stock, such stock may be delivered to the importer, consignee, or agent for the proper care thereof upon the filing of a voluntary bond with approved sureties in double the invoice value of the property (the amount of the bond in no case to be less than \$20), conditioned upon the redelivery thereof to the collector within 20 days from the date of arrival, and providing that the same shall not be removed from the port of entry within such period or until the presentation of the proper permit; or, if the importer, consignee, or agent shall so elect, the goods may be retained in customs custody pending the issuance of the permit, wholly at the risk and expense of the importer.

Regulation 5. Permits for Entry of Nursery Stock.

On approval by the Secretary of Agriculture of an application for the importation of nursery stock from countries which maintain nursery stock inspection a permit will be issued in triplicate. One copy of the permit will be furnished to the applicant, to be retained by him for presentation, on the arrival of the imported stock, to the customs officer at the port of entry named in the permit; one copy will be mailed to the collector at the port of entry; and the third filed with the application. The beginning of the period for which a permit will be valid will be expressed in the permit. All permits will expire on the 30th day of June next after they become valid.

F. B. VANDEGRIFT & Co.

Permits may be canceled, and further permits refused, for the importation of the products of any grower or exporter who has knowingly shipped into the United States any nursery stock, or other plants or plant products, the importation of which is forbidden by the Secretary of Agriculture under the authority conferred by Section 7 of the Plant Quarantine Act.

Permits for the entry of nursery stock from countries which maintain nursery stock inspection will be addressed to the collector of customs at the port of entry in the following form:

Regulation 6. Entry of Nursery Stock.

Entry of nursery stock from countries which maintain nursery stock inspection will not be allowed unless the invoice is accompanied by an original certificate, and unless each container bears a copy certificate, issued by a duly authorized official of the country from which it is exported, stating that the nursery stock covered by the certificate has been thoroughly inspected by him or under his direction and found, or is believed to be, free from injurious plant diseases and insect pests. Nursery stock exported between October 1 and May 31 shall be inspected on or after the 1st of October, and stock exported between June 1 and September 30 shall be inspected at the time of packing.

Nursery stock from countries which do not maintain nursery stock inspection will be admitted into the United States only for experimental purposes and in limited quantities under special permit through ports designated therein. (See Regulation 5.) Such nursery stock shall not be delivered to the importer or consignee until it has been examined by an inspector of the Department of Agriculture and found to be free from plant dis-

eases and insect pests: Provided, however, That nursery stock which, in the judgment of the Federal Horticultural Board, can be cleaned by disinfection or other treatment may be delivered to the importer, consignee, or agent for the proper care and treatment thereof upon the filing of a voluntary bond, with approved sureties in double the invoice value of the property (the amount of the bond in no case to be less than \$20 nor less than \$1 per plant in case of date palms and date-palm offshoots), conditioned upon the redelivery thereof to the collector of customs within 40 days from the date of arrival, and providing that the same shall not be removed from the port of entry until a written notice is given to the collector of customs by the inspector of the Department of Agriculture that the nursery stock in question has been properly treated. Nursery stock inspected, as provided herein, which is found to be carrying any plant disease or insect pest, and which, in the judgment of the Federal Horticultural Board, can not be cleaned by disinfection or treatment, shall be refused entry. All charges for storage, cartage, and labor incident to inspection, other than the services of inspectors, shall be paid by the importer.

If a package of nursery stock offered for entry includes any prohibited article, the entire package will be refused entry.

Each case, box, or other container or covering of nursery stock offered for entry shall be plainly and correctly marked to show the number of permit, the general nature and quantity of the contents, the district or locality and country where grown, the name and address of the exporter, and the name and address of the consignee.

Regulation 7. Foreign Certificate of Inspection.

Each certificate and copy certificate shall give the date of inspection; name of the grower or exporter; the district or locality and the country where grown; a statement that the stock has been inspected by a duly authorized official and found, or believed to be, free from insect pests and plant diseases. The original certificate shall be signed and sealed by, and the copy certificate shall bear the seal of, the responsible inspection official for the country of origin.

Lists of officials in foreign countries authorized to inspect nursery stock, giving their names and official designations, will be furnished to collectors of customs through the Secretary of the Treasury.

Regulation 8. Notice of Shipment by Permittee.

Immediately upon the entry and before removal from the port of entry of nursery stock, for each separate shipment or consignment thereof, the permittee shall notify the Secretary of Agriculture through the collector of customs where entry is made on forms provided for that purpose, stating the number of permit, the general nature and quantity of the nursery stock, the country and locality where grown, the date of entry, and the name and address of the consignee to whom it is proposed to forward the nursery stock, together with the probable date of delivery for transportation.

At the same time a copy of the notice to the Secretary of Agriculture shall be sent by the permittee to the duly author-

ized inspector or other officer of the State, Territory, or District to which the nursery stock is to be shipped. Lists of such inspectors and officers may be obtained on application to the collector of customs or the Federal Horticultural Board, Washington, D. C.

Permits may be canceled and further permits refused if a permittee fails to give either of said notices, or gives a false notice, or knowingly mislabels any nursery stock with intent to evade any provision of the Plant Quarantine Act or of any regulation thereunder.

Should a consignee named in such a notice ship or deliver for shipment to any other State, Territory, or District such nursery stock before it has been inspected by a duly authorized State, Territorial, or District inspector or officer, he shall prior to such shipment give like notice to the Secretary of Agriculture and to the duly authorized inspector or other officer of the State, Territory, or District to which the nursery stock is to be re-shipped.

Imported nursery stock which has been once inspected will be allowed to move interstate without restrictions other than those imposed on the interstate movement of domestic nursery stock.

Regulation 9. Hearings.

When the Secretary of Agriculture contemplates the restriction of the importation of plants and plant products not included within the term "nursery stock" as used in the Plant Quarantine Act, or the prohibition of the importation of nursery stock and other plants and plant products from any foreign country, or the prohibition or restriction of the shipment of nursery stock and other plants and plant products from one State, Territory, or District of the United States to another State, Territory, or District, he will give a public hearing to interested parties, who may appear either in person or by attorney and give evidence or be heard respecting the subject of the hearing. Due notice of the hearing will be given by publication or otherwise, as may be deemed appropriate. Notices will contain a statement of the action which is contemplated and the time and place of the hearing.

The above rules and regulations are hereby adopted and shall be effective on and after July 1, 1913.

D. F. HOUSTON,
Secretary of Agriculture.

Washington, D. C., May 21, 1913.

THE PLANT QUARANTINE ACT, AUGUST 20, 1912, AS
AMENDED MARCH 4, 1913.

An Act to regulate the importation of nursery stock and other plants and plant products; to enable the Secretary of Agriculture to establish and maintain quarantine districts for plant diseases and insect pests; to permit and regulate the movement of fruits, plants, and vegetables therefrom, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall be unlawful for any person to import or offer for entry

into the United States any nursery stock unless and until a permit shall have been issued therefor by the Secretary of Agriculture, under such conditions and regulations as the said Secretary of Agriculture may prescribe, and unless such nursery stock shall be accompanied by a certificate of inspection, in manner and form as required by the Secretary of Agriculture, of the proper official of the country from which the importation is made, to the effect that the stock has been thoroughly inspected and is believed to be free from injurious plant diseases and insect pests: Provided, That the Secretary of Agriculture shall issue the permit for any particular importation of nursery stock when the conditions and regulations as prescribed in this Act shall have been complied with: Provided further, That nursery stock may be imported for experimental or scientific purposes by the Department of Agriculture upon such conditions and under such regulations as the said Secretary of Agriculture may prescribe: And provided further, That nursery stock imported from countries where no official system of inspection for such stock is maintained may be admitted upon such conditions and under such regulations as the Secretary of Agriculture may prescribe.

Sec. 2. That it shall be the duty of the Secretary of the Treasury promptly to notify the Secretary of Agriculture of the arrival of any nursery stock at port of entry; that the person receiving such stock at port of entry shall, immediately upon entry and before such stock is delivered for shipment or removed from the port of entry, advise the Secretary of Agriculture or, at his direction, the proper State, Territorial, or District official of the State or Territory or the District to which such nursery stock is destined, or both, as the Secretary of Agriculture may elect, of the name and address of the consignee, the nature and quantity of the stock it is proposed to ship, and the country and locality where the same was grown. That no person shall ship or offer for shipment from one State or Territory or District of the United States into any other State or Territory or District, any nursery stock imported into the United States without notifying the Secretary of Agriculture or, at his direction, the proper State, Territorial, or District official of the State or Territory or District to which such nursery stock is destined, or both, as the Secretary of Agriculture may elect, immediately upon the delivery of the said stock for shipment, of the name and address of the consignee, of the nature and quantity of stock it is proposed to ship, and the country and locality where the same was grown, unless and until such imported stock has been inspected by the proper official of a State, Territory, or District of the United States.

Sec. 3. That no person shall import or offer for entry into the United States any nursery stock unless the case, box, package, crate, bale, or bundle thereof shall be plainly and correctly marked to show the general nature and quantity of the contents, the country and locality where the same was grown, the name and address of the shipper, owner, or person shipping or forwarding the same, and the name and address of the consignee.

Sec. 4. That no person shall ship or deliver for shipment from one State or Territory or District of the United States into any other State or Territory or District any such imported nursery stock the case, box, package, crate, bale, or bundle whereof is not plainly marked so as to show the general nature and quantity of the contents, the name and address of the consignee, and the country and locality where such stock was grown, unless and until such imported stock has been inspected by the proper official of a State, Territory, or District of the United States.

Sec. 5. That whenever the Secretary of Agriculture shall determine that the unrestricted importation of any plants, fruits, vegetables, roots, bulbs, seeds, or other plant products not included by the term "nursery stock" as defined in section six of this Act may result in the entry into the United States or any of its Territories or Districts of injurious plant diseases or insect pests, he shall promulgate his determination, specifying the class of plants and plant products the importation of which shall be restricted and the country and locality where they are grown, and thereafter, and until such promulgation is withdrawn, such plants and plant products imported or offered for import into the United States or any of its Territories or Districts shall be subject to all the provisions of the foregoing sections of this Act: Provided, That before the Secretary of Agriculture shall promulgate his determination that the unrestricted importation of any plants, fruits, vegetables, roots, bulbs, seeds, or other plant products not included by the term "nursery stock" as defined in section six of this Act may result in the entry into the United States or any of its Territories or Districts of injurious plant diseases or insect pests he shall, after due notice, give a public hearing, under such rules and regulations as he shall prescribe, at which hearing any interested party may appear and be heard, either in person or by attorney.

Sec. 6. That for the purpose of this Act the term "nursery stock" shall include all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots.

Sec. 7. That whenever, in order to prevent the introduction into the United States of any tree, plant, or fruit disease or of any injurious insect, new to or not theretofore widely prevalent or distributed within and throughout the United States, the Secretary of Agriculture shall determine that it is necessary to forbid the importation into the United States of any class of nursery stock or of any other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products from a country or locality where such disease or insect infestation exists, he shall promulgate such determination, specifying the country and locality and the class of nursery stock or other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products which, in his opinion, should be excluded. Following the promulgation of such determination by the Secretary of Agricul-

ture, and until the withdrawal of the said promulgation by him, the importation of the class of nursery stock or of other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products specified in the said promulgation from the country and locality therein named, regardless of the use for which the same is intended, is hereby prohibited; and until the withdrawal of the said promulgation by the Secretary of Agriculture, and notwithstanding that such class of nursery stock, or other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products be accompanied by a certificate of inspection from the country of importation, no person shall import or offer for entry into the United States from any country or locality specified in such promulgation, any of the class of nursery stock or of other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products named therein, regardless of the use for which the same is intended: *Provided*, That before the Secretary of Agriculture shall promulgate his determination that it is necessary to forbid the importation into the United States of the articles named in this section he shall, after due notice to interested parties, give a public hearing, under such rules and regulations as he shall prescribe, at which hearing any interested party may appear and be heard, either in person or by attorney: *Provided further*, That the quarantine provisions of this section, as applying to the white-pine blister rust, potato wart, and the Mediterranean fruit fly, shall become and be effective upon the passage of this Act: *Provided further*, That hereafter any class of nursery stock or of any other class of plants, fruits, vegetables roots, bulbs, seeds, or other plant products of which the importation may be forbidden from any country or locality under the provisions of section seven of the Plant Quarantine Act approved August twentieth, nineteen hundred and twelve (Thirty-seventh Statutes, page three hundred and fifteen), may be imported for experimental or scientific purposes by the Department of Agriculture upon such conditions and under such regulations as the said Secretary of Agriculture may prescribe.

Sec. 8. That the Secretary of Agriculture is authorized and directed to quarantine any State, Territory, or District of the United States, or any portion thereof, when he shall determine the fact that a dangerous plant disease or insect infestation, new to or not theretofore widely prevalent or distributed within and throughout the United States, exists in such State or Territory or District; and the Secretary of Agriculture is directed to give notice of the establishment of such quarantine to common carriers doing business in or through such quarantined area, and shall publish in such newspapers in the quarantined area as he shall select notice of the establishment of quarantine. That no person shall ship or offer for shipment to any common carrier, nor shall any common carrier receive for transportation or transport, nor shall any person carry or transport from any quarantined State or Territory or District of the United States, or from any quarantined portion thereof, into or through any other State or Territory or District, any class of nursery stock or any other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products specified in the

notice of quarantine except as hereinafter provided. That it shall be unlawful to move or allow to be moved any class of nursery stock or any other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products specified in the notice of quarantine hereinbefore provided, and regardless of the use for which the same is intended, from any quarantined State or Territory or District of the United States, or quarantined portion thereof, into or through any other State or Territory or District, in manner or method or under conditions other than those prescribed by the Secretary of Agriculture. That it shall be the duty of the Secretary of Agriculture to make and promulgate rules and regulations which shall permit and govern the inspection, disinfection, certification, and method and manner of delivery and shipment of the class of nursery stock or of any other class of plants, fruits, vegetables, roots, bulbs, seeds, or other plant products specified in the notice of quarantine hereinbefore provided, and regardless of the use for which the same is intended, from a quarantined State or Territory or District of the United States, or quarantined portion thereof, into or through any other State or Territory or District; and the Secretary of Agriculture shall give notice of such rules and regulations as hereinbefore provided in this section for the notice of the establishment of quarantine: Provided, That before the Secretary of Agriculture shall promulgate his determination that it is necessary to quarantine any State, Territory, or District of the United States, or portion thereof, under the authority given in this section, he shall, after due notice to interested parties, give a public hearing under such rules and regulations as he shall prescribe, at which hearing any interested party may appear and be heard, either in person or by attorney.

Sec. 9. That the Secretary of Agriculture shall make and promulgate such rules and regulations as may be necessary for carrying out the purposes of this Act.

Sec. 10. That any person who shall violate any of the provisions of this Act, or who shall forge, counterfeit, alter, deface, or destroy any certificate provided for in this Act or in the regulations of the Secretary of Agriculture, shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine not exceeding five hundred dollars or by imprisonment not exceeding one year, or both such fine and imprisonment, in the discretion of the court: Provided, That no common carrier shall be deemed to have violated the provisions of any of the foregoing sections of this Act on proof that such carrier did not knowingly receive for transportation or transport nursery stock or other plants or plant products as such from one State, Territory, or District of the United States into or through any other State, Territory, or District; and it shall be the duty of the United States attorneys diligently to prosecute any violations of this Act which are brought to their attention by the Secretary of Agriculture or which come to their notice by other means.

Sec. 11. That the word "person" as used in this Act shall be construed to import both the plural and the singular, as the case demands, and shall include corporations, companies,

societies, and associations. When construing and enforcing the provisions of this Act, the act, omission, or failure of any officer, agent, or other person acting for or employed by any corporation, company, society, or association, within the scope of his employment or office, shall in every case be also deemed to be the act, omission, or failure of such corporation, company, society, or association as well as that of the person.

Sec. 12. That for the purpose of carrying out the provisions of this Act there shall be appointed by the Secretary of Agriculture from existing bureaus and offices in the Department of Agriculture, including the Bureau of Entomology, the Bureau of Plant Industry, and the Forest Service, a Federal Horticultural Board consisting of five members, of whom not more than two shall be appointed from any one bureau or office, and who shall serve without additional compensation.

Sec. 13. That there is hereby appropriated, out of the moneys in the Treasury not otherwise appropriated, to be expended as the Secretary of Agriculture may direct, for the purposes and objects of this Act, the sum of twenty-five thousand dollars.

Sec. 14. That this Act shall become and be effective from and after the first day of October, nineteen hundred and twelve, except as herein otherwise provided.

PANAMA CANAL ACT, AUGUST 24, 1912.**Vessels—Free Entry of Materials for Construction and Repair
and of Articles for Outfit and Equipment.**

(See Regulations Published in T. D. 32956.)

(Also see T. D. 33383, 33386.)

An Act to provide for the opening, maintenance, protection, and operation of the Panama Canal, and the sanitation and government of the Canal Zone.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the zone of land and land under water of the width of ten miles extending to the distance of five miles on each side of the center line of the route of the canal now being constructed thereon, which zone begins in the Caribbean Sea three marine miles from mean low-water mark and extends to and across the Isthmus of Panama into the Pacific Ocean to the distance of three marine miles from mean low-water mark, excluding therefrom the cities of Panama and Colon and their adjacent harbors located within said zone, as excepted in the treaty with the Republic of Panama dated November eighteenth, nineteen hundred and three, but including all islands within said described zone, and in addition thereto the group of islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco, and any lands and waters outside of said limits above described which are necessary or convenient or from time to time may become necessary or convenient for the construction, maintenance, operation, sanitation, or protection of the said canal or of any auxiliary canals, lakes, or other works necessary or convenient for the construction, maintenance, operation, sanitation, or protection of said canal, the use, occupancy, or control whereof were granted to the United States by the treaty between the United States and the Republic of Panama, the ratifications of which were exchanged on the twenty-sixth day of February, nineteen hundred and four, shall be known and designated as the Canal Zone, and the canal now being constructed thereon shall hereafter be known and designated as the Panama Canal. The President is authorized, by treaty with the Republic of Panama, to acquire any additional land or land under water not already granted, or which was excepted from the grant, that he may deem necessary for the operation, maintenance, sanitation, or protection of the Panama Canal, and to exchange any land or land under water not deemed necessary for such purposes for other land or land under water which may be deemed necessary for such purposes, which additional land or land under water so acquired shall become part of the Canal Zone.

Sec. 2. That all laws, orders, regulations, and ordinances adopted and promulgated in the Canal Zone by order of the President for the government and sanitation of the Canal Zone and the construction of the Panama Canal are hereby ratified and confirmed as valid and binding until Congress shall otherwise provide. The existing courts established in the Canal Zone by Executive order are recognized and confirmed to con-

tinue in operation until the courts provided for in this Act shall be established.

Sec. 3. That the President is authorized to declare by Executive order that all land and land under water within the limits of the Canal Zone is necessary for the construction, maintenance, operation, sanitation, or protection of the Panama Canal, and to extinguish, by agreement when advisable, all claims and titles of adverse claimants and occupants. Upon failure to secure by agreement title to any such parcel of land or land under water the adverse claim or occupancy shall be disposed of and title thereto secured in the United States and compensation therefor fixed and paid in the manner provided in the aforesaid treaty with the Republic of Panama, or such modification of such treaty as may hereafter be made.

Sec. 4. That when in the judgment of the President the construction of the Panama Canal shall be sufficiently advanced toward completion to render the further services of the Isthmian Canal Commission unnecessary the President is authorized by Executive order to discontinue the Isthmian Canal Commission, which, together with the present organization, shall then cease to exist; and the President is authorized thereafter to complete, govern, and operate the Panama Canal and govern the Canal Zone, or cause them to be completed, governed, and operated, through a governor of the Panama Canal and such other persons as he may deem competent to discharge the various duties connected with the completion, care, maintenance, sanitation, operation, government, and protection of the canal and Canal Zone. If any of the persons appointed or employed as aforesaid shall be persons in the military or naval service of the United States, the amount of the official salary paid to any such person shall be deducted from the amount of salary or compensation provided by or which shall be fixed under the terms of this Act. The governor of the Panama Canal shall be appointed by the President, by and with the advice and consent of the Senate, commissioned for a term of four years, and until his successor shall be appointed and qualified. He shall receive a salary of ten thousand dollars a year. All other persons necessary for the completion, care, management, maintenance, sanitation, government, operation, and protection of the Panama Canal and Canal Zone shall be appointed by the President, or by his authority, removable at his pleasure, and the compensation of such persons shall be fixed by the President, or by his authority, until such time as Congress may by law regulate the same, but salaries or compensation fixed hereunder by the President shall in no instance exceed by more than twenty-five per centum the salary or compensation paid for the same or similar services to persons employed by the Government in continental United States. That upon the completion of the Panama Canal the President shall cause the same to be officially and formally opened for use and operation.

Before the completion of the canal, the Commission of Arts may make report to the President of their recommendation regarding the artistic character of the structures of the canal, such report to be transmitted to Congress.

Sec. 5. That the President is hereby authorized to prescribe

and from time to time change the tolls that shall be levied by the Government of the United States for the use of the Panama Canal: Provided, That no tolls, when prescribed as above, shall be changed, unless six months' notice thereof shall have been given by the President by proclamation. No tolls shall be levied upon vessels engaged in the coastwise trade of the United States. That section forty-one hundred and thirty-two of the Revised Statutes is hereby amended to read as follows:

"Sec. 4132. Vessels built within the United States and belonging wholly to citizens thereof; and vessels which may be captured in war by citizens of the United States and lawfully condemned as prize, or which may be adjudged to be forfeited for a breach of the laws of the United States; and seagoing vessels, whether steam or sail, which have been certified by the Steamboat-Inspection Service as safe to carry dry and perishable cargo, not more than five years old at the time they apply for registry, wherever built, which are to engage only in trade with foreign countries or with the Philippine Islands and the islands of Guam and Tutuila, being wholly owned by citizens of the United States or corporations organized and chartered under the laws of the United States or of any State thereof, the president and managing directors of which shall be citizens of the United States or corporations organized and chartered under the laws of the United States or of any State thereof, the president and managing directors of which shall be citizens of the United States, and no others, may be registered as directed in this title. Foreign-built vessels registered pursuant to this Act shall not engage in the coastwise trade: Provided, That a foreign-built yacht, pleasure boat, or vessel not used or intended to be used for trade admitted to American registry pursuant to this section shall not be exempt from the collection of ad valorem duty provided in section thirty-seven of the Act approved August fifth, nineteen hundred and nine, entitled 'An Act to provide revenue, equalize duties, and encourage the industries of the United States, and for other purposes.' That all materials of foreign production which may be necessary for the construction or repair of vessels built in the United States and all such materials necessary for the building or repair of their machinery and all articles necessary for their outfit and equipment may be imported into the United States free of duty under such regulations as the Secretary of the Treasury may prescribe: Provided further, That such vessels so admitted under the provisions of this section may contract with the Postmaster General under the Act of March third, eighteen hundred and ninety-one, entitled 'An Act to provide for ocean mail service between the United States and foreign ports, and to promote commerce,' so long as such vessels shall in all respects comply with the provisions and requirements of said Act."

Tolls may be based upon gross or net registered tonnage, displacement tonnage, or otherwise, and may be based on one form of tonnage for warships and another for ships of commerce. The rate of tolls may be lower upon vessels in ballast than upon vessels carrying passengers or cargo. When based upon net registered tonnage for ships of commerce the tolls shall not exceed one dollar and twenty-five cents per net registered ton, nor be less, other than for vessels of the United

States and its citizens, than the estimated proportionate cost of the actual maintenance and operation of the canal, subject, however, to the provisions of article nineteen of the convention between the United States and the Republic of Panama, entered into November eighteenth, nineteen hundred and three. If the tolls shall not be based upon net registered tonnage, they shall not exceed the equivalent of one dollar and twenty-five cents per net registered ton as nearly as the same may be determined, nor be less than the equivalent of seventy-five cents per net registered ton. The toll for each passenger shall not be more than one dollar and fifty cents. The President is authorized to make and from time to time amend regulations governing the operation of the Panama Canal, and the passage and control of vessels through the same or any part thereof, including the locks and approaches thereto, and all rules and regulations affecting pilots and pilotage in the canal or the approaches thereto through the adjacent waters.

Such regulations shall provide for prompt adjustment by agreement and immediate payment of claims for damages which may arise from injury to vessels, cargo, or passengers from the passing of vessels through the locks under the control of those operating them under such rules and regulations. In case of disagreement suit may be brought in the district court of the Canal Zone against the governor of the Panama Canal. The hearing and disposition of such cases shall be expedited and the judgment shall be immediately paid out of any moneys appropriated or allotted for canal operation.

The President shall provide a method for the determination and adjustment of all claims arising out of personal injuries to employees thereafter occurring while directly engaged in actual work in connection with the construction, maintenance, operation, or sanitation of the canal or of the Panama Railroad, or of any auxiliary canals, locks, or other works necessary and convenient for the construction, maintenance, operation, or sanitation of the canal, whether such injuries result in death or not, and prescribe a schedule of compensation therefor, and may revise and modify such method and schedule at any time; and such claims, to the extent they shall be allowed on such adjustment, if allowed at all, shall be paid out of the moneys hereafter appropriated for that purpose or out of the funds of the Panama Railroad Company, if said company was responsible for said injury, as the case may require. And after such method and schedule shall be provided by the President, the provisions of the Act entitled "An Act granting to certain employees of the United States the right to receive from it compensation for injuries sustained in the course of their employment," approved May thirtieth, nineteen hundred and eight, and of the Act entitled "An Act relating to injured employees on the Isthmian Canal," approved February twenty-fourth, nineteen hundred and nine, shall not apply to personal injuries thereafter received and claims for which are subject to determination and adjustment as provided in this section.

Sec. 6. That the President is authorized to cause to be erected, maintained, and operated, subject to the International Convention and the Act of Congress to regulate radio-commu-

nication, at suitable places along the Panama Canal and the coast adjacent to its two terminals, in connection with the operation of said canal, such wireless telegraphic installations as he may deem necessary for the operation, maintenance, sanitation, and protection of said canal, and for other purposes. If it is found necessary to locate such installations upon territory of the Republic of Panama, the President is authorized to make such agreement with said Government as may be necessary, and also to provide for the acceptance and transmission, by said system, of all private and commercial messages, and those of the Government of Panama, on such terms and for such tolls as the President may prescribe: Provided, That the messages of the Government of the United States and the departments thereof, and the management of the Panama Canal, shall always be given precedence over all other messages. The President is also authorized, in his discretion, to enter into such operating agreements or leases with any private wireless company or companies as may best insure freedom from interference with the wireless telegraphic installations established by the United States. The President is also authorized to establish, maintain, and operate, through the Panama Railroad Company or otherwise, dry docks, repair shops, yards, docks, wharves, warehouses, storehouses, and other necessary facilities and appurtenances for the purpose of providing coal and other materials, labor, repairs, and supplies for vessels of the Government of the United States and, incidentally, for supplying such at reasonable prices to passing vessels, in accordance with appropriations hereby authorized to be made from time to time by Congress as a part of the maintenance and operation of the said canal. Moneys received from the conduct of said business may be expended and reinvested for such purposes without being covered into the Treasury of the United States; and such moneys are hereby appropriated for such purposes, but all deposits of such funds shall be subject to the provisions of existing law relating to the deposit of other public funds of the United States, and any net profits accruing from such business shall annually be covered into the Treasury of the United States. Monthly reports of such receipts and expenditures shall be made to the President by the persons in charge, and annual reports shall be made to the Congress.

Sec. 7. That the governor of the Panama Canal shall, in connection with the operation of such canal, have official control and jurisdiction over the Canal Zone and shall perform all duties in connection with the civil government of the Canal Zone, which is to be held, treated, and governed as an adjunct of such Panama Canal. Unless in this Act otherwise provided all existing laws of the Canal Zone referring to the civil governor or the civil administration of the Canal Zone shall be applicable to the governor of the Panama Canal, who shall perform all such executive and administrative duties required by existing law. The President is authorized to determine or cause to be determined what towns shall exist in the Canal Zone and subdivide and from time to time resubdivide said Canal Zone into subdivisions, to be designated by name or number, so that there shall be situated one town in each subdivision, and the

boundaries of each subdivision shall be clearly defined. In each town there shall be a magistrate's court with exclusive original jurisdiction coextensive with the subdivision in which it is situated of all civil cases in which the principal sum claimed does not exceed three hundred dollars, and all criminal cases wherein the punishment that may be imposed shall not exceed a fine of one hundred dollars, or imprisonment not exceeding thirty days, or both, and all violations of police regulations and ordinances and all actions involving possession or title to personal property or the forcible entry and detainer of real estate. Such magistrates shall also hold preliminary investigations in charges of felony and offenses under section ten of this Act, and commit or bail in bailable cases to the district court. A sufficient number of magistrates and constables, who must be citizens of the United States, to conduct the business of such courts, shall be appointed by the governor of the Panama Canal for terms of four years and until their successors are appointed and qualified, and the compensation of such persons shall be fixed by the President, or by his authority, until such time as Congress may by law regulate the same. The rules governing said courts and prescribing the duties of said magistrates and constables, oaths and bonds, the times and places of holding such courts, the disposition of fines, costs, forfeitures, enforcements of judgments, providing for appeals therefrom to the district court, and the disposition, treatment, and pardon of convicts shall be established by order of the President. The governor of the Panama Canal shall appoint all notaries public, prescribe their powers and duties, their official seal, and the fees to be charged and collected by them.

Sec. 8. That there shall be in the Canal Zone one district court with two divisions, one including Balboa and the other including Cristobal; and one district judge of the said district, who shall hold his court in both divisions at such time as he may designate by order, at least once a month in each division. The rules of practice in such district court shall be prescribed or amended by order of the President. The said district court shall have original jurisdiction of all felony cases, of offenses arising under section ten of this Act, all causes in equity; admiralty and all cases at law involving principal sums exceeding three hundred dollars and all appeals from judgments rendered in magistrate's courts. The jurisdiction in admiralty herein conferred upon the district judge and the district court shall be the same that is exercised by the United States district judges and the United States district courts, and the procedure and practice shall also be the same. The district court or the judge thereof shall also have jurisdiction of all other matters and proceedings not herein provided for which are now within the jurisdiction of the Supreme Court of the Canal Zone, of the Circuit Court of the Canal Zone, the District Court of the Canal Zone, or the judges thereof. Said judge shall provide for the selection, summoning, serving, and compensation of jurors from among the citizens of the United States, to be subject to jury duty in either division of such district, and a jury shall be had in any criminal case or civil case at law originating in said court on the demand of either party. There shall be a district

attorney and a marshal for said district. It shall be the duty of the district attorney to conduct all business, civil and criminal, for the Government, and to advise the governor of the Panama Canal on all legal questions touching the operation of the canal and the administration of civil affairs. It shall be the duty of the marshal to execute all process of the court, preserve order therein, and do all things incident to the office of marshal. The district judge, the district attorney, and the marshal shall be appointed by the President, by and with the advice and consent of the Senate, for terms of four years each, and until their successors are appointed and qualified, and during their terms of office shall reside within the Canal Zone, and shall hold no other office nor serve on any official board or commission nor receive any emoluments except their salaries. The district judge shall receive the same salary paid the district judges of the United States, and shall appoint the clerk of said court, and may appoint one assistant when necessary, who shall receive salaries to be fixed by the President. The district judge shall be entitled to six weeks' leave of absence each year with pay. During his absence or during any period of disability or disqualification from sickness or otherwise to discharge his duties the same shall be temporarily performed by any circuit or district judge of the United States who may be designated by the President, and who, during such service, shall receive the additional mileage and per diem allowed by law to district judges of the United States when holding court away from their homes. The district attorney and the marshal shall be paid each a salary of five thousand dollars per annum.

Sec. 9. That the records of the existing courts and all causes, proceedings, and criminal prosecutions pending therein as shown by the dockets thereof, except as herein otherwise provided, shall immediately upon the organization of the courts created by this Act be transferred to such new courts having jurisdiction of like cases, be entered upon the dockets thereof, and proceed as if they had originally been brought therein, whereupon all the existing courts, except the supreme court of the Canal Zone, shall cease to exist. The President may continue the supreme court of the Canal Zone and retain the judges thereof in office for such time as to him may seem necessary to determine finally any causes and proceedings which may be pending therein. All laws of the Canal Zone imposing duties upon the clerks or ministerial officers of existing courts shall apply and impose such duties upon the clerks and ministerial officers of the new courts created by this Act having jurisdiction of like cases, matters, and duties.

All existing laws in the Canal Zone governing practice and procedure in existing courts shall be applicable and adapted to the practice and procedure in the new courts.

The Circuit Court of Appeals of the Fifth Circuit of the United States shall have jurisdiction to review, revise, modify, reverse, or affirm the final judgments and decrees of the District Court of the Canal Zone and to render such judgments as in the opinion of the said appellate court should have been rendered by the trial court in all actions and proceedings in which the Constitution, or any statute, treaty, title, right, or privilege

of the United States, is involved and a right thereunder denied, and in cases in which the value in controversy exceeds one thousand dollars, to be ascertained by the oath of either party, or by other competent evidence, and also in criminal causes wherein the offense charged is punishable as a felony. And such appellate jurisdiction, subject to the right of review by or appeal to the Supreme Court of the United States as in other cases authorized by law, may be exercised by said circuit court of appeals in the same manner, under the same regulations, and by the same procedure as nearly as practicable as is done in reviewing the final judgments and decrees of the district courts of the United States.

Sec. 10. That after the Panama Canal shall have been completed and opened for operation the governor of the Panama Canal shall have the right to make such rules and regulations, subject to the approval of the President, touching the right of any person to remain upon or pass over any part of the Canal Zone as may be necessary. Any person violating any of such rules or regulations shall be guilty of a misdemeanor, and on conviction in the District Court of the Canal Zone shall be punished by a fine not exceeding five hundred dollars or by imprisonment not exceeding a year, or both, in the discretion of the court. It shall be unlawful for any person, by any means or in any way, to injure or obstruct, or attempt to injure or obstruct, any part of the Panama Canal or the locks thereof or the approaches thereto. Any person violating this provision shall be guilty of a felony, and on conviction in the District Court of the Canal Zone shall be punished by a fine not exceeding ten thousand dollars or by imprisonment not exceeding twenty years, or both, in the discretion of the court. If the act shall cause the death of any person within a year and a day thereafter, the person so convicted shall be guilty of murder and shall be punished accordingly.

Sec. 11. That section five of the Act to regulate commerce, approved February fourth, eighteen hundred and eighty-seven, as heretofore amended, is hereby amended by adding thereto a new paragraph at the end thereof, as follows:

"From and after the first day of July, nineteen hundred and fourteen, it shall be unlawful for any railroad company or other common carrier subject to the Act to regulate commerce to own, lease, operate, control, or have any interest whatsoever (by stock ownership or otherwise, either directly, indirectly, through any holding company, or by stockholders or directors in common, or in any other manner) in any common carrier by water operated through the Panama Canal or elsewhere with which said railroad or other carrier aforesaid does or may compete for traffic or any vessel carrying freight or passengers upon said water route or elsewhere with which said railroad or other carrier aforesaid does or may compete for traffic; and in case of the violation of this provision each day in which such violation continues shall be deemed a separate offense."

Jurisdiction is hereby conferred on the Interstate Commerce Commission to determine questions of fact as to the competition or possibility of competition, after full hearing, on the application of any railroad company or other carrier. Such appli-

cation may be filed for the purpose of determining whether any existing service is in violation of this section and pray for an order permitting the continuance of any vessel or vessels already in operation, or for the purpose of asking an order to install new service not in conflict with the provisions of this paragraph. The commission may on its own motion or the application of any shipper institute proceedings to inquire into the operation of any vessel in use by any railroad or other carrier which has not applied to the commission and had the question of competition or the possibility of competition determined as herein provided. In all such cases the order of said commission shall be final.

If the Interstate Commerce Commission shall be of the opinion that any such existing specified service by water other than through the Panama Canal is being operated in the interest of the public and is of advantage to the convenience and commerce of the people, and that such extension will neither exclude, prevent, nor reduce competition on the route by water under consideration, the Interstate Commerce Commission may, by order, extend the time during which such service by water may continue to be operated beyond July first, nineteen hundred and fourteen. In every case of such extension the rates, schedules, and practices of such water carrier shall be filed with the Interstate Commerce Commission and shall be subject to the act to regulate commerce and all amendments thereto in the same manner and to the same extent as is the railroad or other common carrier controlling such water carrier or interested in any manner in its operation: Provided, Any application for extension under the terms of this provision filed with the Interstate Commerce Commission prior to July first, nineteen hundred and fourteen, but for any reason not heard and disposed of before said date, may be considered and granted thereafter.

No vessel permitted to engage in the coastwise or foreign trade of the United States shall be permitted to enter or pass through said canal if such ship is owned, chartered, operated, or controlled by any person or company which is doing business in violation of the provisions of the Act of Congress approved July second, eighteen hundred and ninety, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," or the provisions of sections seventy-three to seventy-seven, both inclusive, of an Act approved August twenty-seventh, eighteen hundred and ninety-four, entitled "An Act to reduce taxation, to provide revenue for the Government, and for other purposes," or the provisions of any other Act of Congress amending or supplementing the said Act of July second, eighteen hundred and ninety, commonly known as the Sherman Antitrust Act, and amendments thereto, or said sections of the Act of August twenty-seventh, eighteen hundred and ninety-four. The question of fact may be determined by the judgment of any court of the United States of competent jurisdiction in any cause pending before it to which the owners or operators of such ship are parties. Suit may be brought by any shipper or by the Attorney General of the United States.

That section six of said Act to regulate commerce, as heretofore amended, is hereby amended by adding a new paragraph at the end thereof, as follows:

"When property may be or is transported from point to point in the United States by rail and water through the Panama Canal or otherwise, the transportation being by a common carrier or carriers, and not entirely within the limits of a single State, the Interstate Commerce Commission shall have jurisdiction of such transportation and of the carriers, both by rail and by water, which may or do engage in the same, in the following particulars, in addition to the jurisdiction given by the Act to regulate commerce, as amended June eighteenth, nineteen hundred and ten:

"(a) To establish physical connection between the lines of the rail carrier and the dock of the water carrier by directing the rail carrier to make suitable connection between its line and a track or tracks which have been constructed from the dock to the limits of its right of way, or by directing either or both the rail and water carrier, individually or in connection with one another, to construct and connect with the lines of the rail carrier a spur track or tracks to the dock. This provision shall only apply where such connection is reasonably practicable, can be made with safety to the public, and where the amount of business to be handled is sufficient to justify the outlay.

"The commission shall have full authority to determine the terms and conditions upon which these connecting tracks, when constructed, shall be operated, and it may, either in the construction or the operation of such tracks, determine what sum shall be paid to or by either carrier. The provisions of this paragraph shall extend to cases where the dock is owned by other parties than the carrier involved.

"(b) To establish through routes and maximum joint rates between and over such rail and water lines, and to determine all the terms and conditions under which such lines shall be operated in the handling of the traffic embraced.

"(c) To establish maximum proportional rates by rail to and from the ports to which the traffic is brought, or from which it is taken by the water carrier, and to determine to what traffic and in connection with what vessels and upon what terms and conditions such rates shall apply. By proportional rates are meant those which differ from the corresponding local rates to and from the port and which apply only to traffic which has been brought to the port or is carried from the port by a common carrier by water.

"(d) If any rail carrier subject to the Act to regulate commerce enters into arrangements with any water carrier operating from a port in the United States to a foreign country, through the Panama Canal or otherwise, for the handling of through business between interior points of the United States and such foreign country, the Interstate Commerce Commission may require such railway to enter into similar arrangements with any or all other lines of steamships operating from said port to the same foreign country."

The orders of the Interstate Commerce Commission relating to this section shall only be made upon formal complaint or in proceedings instituted by the commission of its own motion and after full hearing. The orders provided for in the two amendments to the Act to regulate commerce enacted in this section shall be served in the same manner and enforced by the same

penalties and proceedings as are the orders of the commission made under the provisions of section fifteen of the Act to regulate commerce, as amended June eighteenth, nineteen hundred and ten, and they may be conditioned for the payment of any sum or the giving of security for the payment of any sum or the discharge of any obligation which may be required by the terms of said order.

Sec. 12. That all laws and treaties relating to the extradition of persons accused of crime in force in the United States, to the extent that they may not be in conflict with or superseded by any special treaty entered into between the United States and the Republic of Panama with respect to the Canal Zone, and all laws relating to the rendition of fugitives from justice as between the several States and Territories of the United States, shall extend to and be considered in force in the Canal Zone, and for such purposes and such purposes only the Canal Zone shall be considered and treated as an organized Territory of the United States.

Sec. 13. That in time of war in which the United States shall be engaged, or when, in the opinion of the President, war is imminent, such officer of the Army as the President may designate shall, upon the order of the President, assume and have exclusive authority and jurisdiction over the operation of the Panama Canal and all of its adjuncts, appendants, and appurtenances, including the entire control and government of the Canal Zone, and during a continuance of such condition the governor of the Panama Canal shall, in all respects and particulars as to the operation of such Panama Canal, and all duties, matters, and transactions affecting the Canal Zone, be subject to the order and direction of such officer of the Army.

Sec. 14. That this Act shall be known as, and referred to as, the Panama Canal Act, and the right to alter, amend, or repeal any or all of its provisions or to extend, modify, or annul any rule or regulation made under its authority is expressly reserved.

Approved, August 24, 1912.

SEED-IMPORTATION ACT.

Regulations of the Secretary of the Treasury and Secretary of Agriculture, under the Seed-Importation Act, approved August 24, 1912.

Treasury Department, February 11, 1913.

To Officers of the Customs and Others Concerned:

The appended copy of the Act approved August 24, 1912, entitled "An Act to regulate foreign commerce by prohibiting the admission into the United States of certain adulterated grain and seeds unfit for seeding purposes" and the regulations of the Secretary of Agriculture thereunder are published for the information and guidance of officers of the customs and others concerned.

Customs officers will be governed by the following regulations:

REGULATIONS.**Drawing of Samples.**

1. The collector of customs shall draw and forward for examination when so requested by the Secretary of Agriculture or his representative samples of the seeds enumerated in the Act which are offered for import, and shall immediately notify the consignee that samples have been drawn and forwarded and that the remainder of the shipment must be held intact pending a decision of the Secretary of Agriculture in the matter.

Delivery Under Bond.

2. The collector of customs may deliver to the consignee shipments which have been sampled on the execution of a bond in a penal sum equal to the invoice value of the seeds, together with the duty thereon, if any, conditioned upon the redelivery thereof to the collector when demanded by him for any reason within thirty days from the date of entry. Form Cat. No. 3393 may be slightly modified and used for this bond, and should be drawn to cover also any recleaning that may become necessary.

Release or Recleaning of Shipment.

3. If the Secretary of Agriculture shall inform the collector that the seeds are not in violation of the said Act, the collector shall no longer detain the shipment under that Act, but if the seeds are found to be in violation thereof, the collector shall permit the importer to reclean the seeds under bond at the expense of the importer.

Samples of Recleaned Seeds.

4. The collector of customs shall draw and forward to the Secretary of Agriculture or his representative a sample of the recleaned seeds, together with a sample of the screenings or other refuse removed from the seeds in the course of cleaning, accompanied by a statement of the amount of both the recleaned seeds and of the screenings, and the same procedure shall be followed with respect to such sample of the recleaned seeds as upon the original sample, as outlined in regulation 1.

Exportation of Shipment.

5. If the Secretary of Agriculture shall inform the collector that the sample of the recleaned seeds is not satisfactory, or if the importer shall decline to reclean any shipment of seeds which the Secretary of Agriculture has found to be in violation of the said Act, the collector shall refuse delivery of the shipment and require it to be exported under customs supervision.

Disposition of Refuse from Recleaning.

6. The collector of customs shall cause the screenings or other refuse removed from the seeds in the course of recleaning to be disposed of in the manner prescribed by the Secretary of Agriculture.

Failure to Export to Be Reported.

7. Should the importer fail to export within three months from the date of refusal of delivery any seeds the delivery of which has been refused under these regulations, the collector shall report the facts to the department and to the United States attorney.

Willful Violation to Be Reported.

8. The collector of customs shall report to the department and to the United States attorney any willful violation of the Act which shall come to his knowledge.

Forwarding of Samples Under T. D. 32705 to Be Continued.

9. Irrespective of the foregoing regulations, collectors of customs will continue to observe the requirement in T. D. 32705 of July 13, 1912, relative to forwarding to the Department of Agriculture samples of certain seeds.

Taking Effect of Regulations.

10. These regulations shall take effect from and after February 24, 1913.

FRANKLIN MAC VEAGH, Secretary.

(CIRCULAR N. 42—ISSUED JANUARY 18, 1913.)

United States Department of Agriculture,
Office of the Secretary.

(Public No. 329—H. R. 22340.)

An Act to regulate foreign commerce by prohibiting the admission into United States of certain adulterated grain and seeds unfit for seeding purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after six months after the passage of this Act the importation into the United States of seeds of alfalfa, barley, Canadian blue grass, Kentucky blue grass, awnless brome grass, buckwheat, clover, field corn, Kafir corn, meadow fescue, flax, millet, oats, orchard grass, rape, redtop, rye, sorghum, timothy, and wheat, or mixtures of seeds containing any of such seeds as one of the principal component parts, which are adulterated or unfit for seeding purposes under the terms of this Act, is hereby prohibited; and the Secretary of the Treasury and the Secretary of Agriculture shall, jointly or

severally, make such rules and regulations as will prevent the importation of such seeds into the United States: Provided, however, That such seed may be delivered to the owner or consignee thereof under bond, to be recleaned in accordance with and subject to such regulations as the Secretary of the Treasury may prescribe, and when cleaned to the standard of purity specified in this Act for admission into the United States such seed may be released to the owner or consignee thereof after the screenings and other refuse removed from such seed shall have been disposed of in a manner prescribed by the Secretary of Agriculture: Provided further, That this Act shall not apply to the importation of barley, buckwheat, field corn, Kafir corn, sorghum, flax, oats, rye, or wheat not intended for seeding purposes, when shipped in bond through the United States or imported for the purpose of manufacture, but such shipment shall be subject to provisions of the Act of August fifth, nineteen hundred and nine.

Sec. 2. That seed shall be considered adulterated within the meaning of this Act:

First. When seed of red clover contains more than three per centum by weight of seed of yellow trefoil, or any other seed of similar appearance to and of lower market value than seed of red clover.

Second. When seed of alfalfa contains more than three per centum by weight of seed of yellow trefoil, burr clover and sweet clover, singly or combined.

Third. When any kind or variety of the seeds, or any mixture described in section one of this Act, contains more than five per centum by weight of seed of another kind or variety of lower market value and of similar appearance: Provided, That the mixture of the seed of white and alsike clover, red and alsike clover, or alsike clover and timothy, shall not be deemed an adulteration under this section.

Sec. 3. That seed shall be considered unfit for seeding purposes within the meaning of this Act:

First. When any kind or variety of clover or alfalfa seed contains more than one seed of dodder to five grams of clover or alfalfa seed, respectively.

Second. When any kind or variety of the seeds or any mixture described in section one of this Act contains more than three per centum by weight of seeds of weeds.

Sec. 4. That any person or persons who shall knowingly violate the provisions of this Act, shall be deemed guilty of a misdemeanor and shall pay a fine of not exceeding five hundred dollars and not less than two hundred dollars: Provided, That any person or persons who shall knowingly sell for seeding purposes seeds or grain which were imported under the provisions of this Act for the purpose of manufacture shall be deemed guilty of a violation of this Act.

Approved, August 24, 1912.

Regulation 3.—Examination of Seeds.—Delivery in Bond.

Seeds offered for importation into the United States from any foreign country, of which samples are taken for examination by the Secretary of Agriculture, shall be admitted only after the samples have been examined and pronounced to be neither adulterated nor unfit for seeding purposes within the meaning of the Seed Importation Act, August 24, 1912: Provided, however, That such seeds may be delivered to the consignee pending examination and decision of the Secretary of Agriculture, on the execution of a bond for the return of the seeds to customs custody.

Regulation 4.—Recleaning.

If it appears from the examination of samples by the Secretary of Agriculture that any seeds offered for import are adulterated or are unfit for seeding purposes within the meaning of the Seed Importation Act, August 24, 1912, such seeds shall be admitted into the United States after having been cleaned under bond, when samples of the cleaned seeds have been examined by the Secretary of Agriculture and pronounced to be free from adulteration and not unfit for seeding purposes within the meaning of the Seed Importation Act, August 24, 1912: Provided, That all screenings and other refuse removed in the process of cleaning shall be exported or ground or otherwise

treated so as to render the seeds contained therein incapable of germination before the bond conditioned upon the cleaning is cancelled.

Regulation 5.—Appeal to the Secretary of Agriculture and Remuneration.

All applications for relief from decisions arising under these regulations should be addressed to the Secretary of Agriculture, and all vouchers or accounts for remuneration for samples shall be filed with the chief of the Seed Laboratory, who shall forward the same, with his recommendation, to the Secretary of Agriculture for action.

Regulation 6.—Date Regulations Take Effect.

These regulations shall take effect from and after February 24, 1913.

VIRUSES, SERUMS, ETC., FOR DOMESTIC ANIMALS.

Regulations under the provisions in the Agricultural Appropriation Act of March 4, 1913, relative to the importation of viruses, serums, etc., for the treatment of domestic animals.

Treasury Department, June 23, 1913.

To Collectors and Other Officers of the Customs:

Your attention is invited to the provisions relative to the importation of viruses, serums, etc., for the treatment of domestic animals contained in the following extract from the Agricultural Appropriation Act of March 4, 1913:

(Extract from "An Act making appropriations for the Department of Agriculture for the fiscal year ending June thirtieth, nineteen hundred and fourteen," approved March 4, 1913 (37 Stat., 832).

That from and after July first, nineteen hundred and thirteen, it shall be unlawful for any person, firm, or corporation to prepare, sell, barter, or exchange in the District of Columbia, or in the Territories, or in any place under the jurisdiction of the United States, or to ship or deliver for shipment from one State or Territory or the District of Columbia to any other State or Territory or the District of Columbia, any worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous produce intended for use in the treatment of domestic animals, and no person, firm, or corporation shall prepare, sell, barter, exchange, or ship as aforesaid any virus, serum, toxin, or analogous product manufactured within the United States and intended for use in the treatment of domestic animals, unless and until the said virus, serum, toxin, or analogous product shall have been prepared, under and in compliance with regulations prescribed by the Secretary of Agriculture, at an establishment holding an unsuspended and unrevoked license issued by the Secretary of Agriculture as hereinafter authorized. That the importation into the United States, without a permit from the Secretary of Agriculture, of any virus, serum, toxin, or analogous product for use in the treatment of domestic animals, and the importation of any worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous product for use in the treatment of domestic animals, are hereby prohibited. The Secretary of Agriculture is hereby authorized to cause the Bureau of Animal Industry to examine and inspect all viruses, serums, toxins, and analogous products for use in the treatment of domestic animals, which are being imported or offered for importation into the United States, to determine whether such viruses, serums, toxins, and analogous products are worthless, contaminated, dangerous, or harmful, and if it shall appear that any such virus, serum, toxin, or analogous product, for use in the treatment of domestic animals, is worthless, contaminated, dangerous, or harmful, the same shall be denied entry and shall be destroyed or returned at the expense of the owner or importer. That the Secretary of Agriculture be, and hereby is, authorized to make

and promulgate from time to time such rules and regulations as may be necessary to prevent the preparation, sale, barter, exchange, or shipment as aforesaid of any worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous product for use in the treatment of domestic animals, and to issue, suspend, and revoke licenses for the maintenance of establishments for the preparation of viruses, serums, toxins, and analogous products, for use in the treatment of domestic animals, intended for sale, barter, exchange, or shipment as aforesaid. The Secretary of Agriculture is hereby authorized to issue permits for the importation into the United States of viruses, serums, toxins, and analogous products, for use in the treatment of domestic animals, which are not worthless, contaminated, dangerous, or harmful. All licenses issued under authority of this Act to establishments where such viruses, serums, toxins, or analogous products are prepared for sale, barter, exchange, or shipment as aforesaid shall be issued on condition that the licensee shall permit the inspection of such establishments and of such products and their preparation; and the Secretary of Agriculture may suspend or revoke any permit or license issued under authority of this Act, after opportunity for hearing has been granted the licensee or importer, when the Secretary of Agriculture is satisfied that such license or permit is being used to facilitate or effect the preparation, sale, barter, exchange, or shipment as aforesaid, or the importation into the United States of any worthless, contaminated, dangerous, or harmful virus, serum, toxin, or analogous product for use in the treatment of domestic animals. That any officer, agent, or employee of the Department of Agriculture duly authorized by the Secretary of Agriculture for the purpose may, at any hour during the daytime or night time, enter and inspect any establishment licensed under this Act where any virus, serum, toxin, or analogous product for use in the treatment of domestic animals is prepared for sale, barter, exchange, or shipment as aforesaid. That any person, firm or corporation who shall violate any of the provisions of this Act shall be deemed guilty of a misdemeanor, and shall, upon conviction, be punished by a fine of not exceeding \$1,000 or by imprisonment not exceeding one year, or by both such fine and imprisonment, in the discretion of the court.

Regulations are hereby prescribed as follows:

REGULATIONS.

1. Collectors of customs shall immediately notify the Bureau of Animal Industry of the Department of Agriculture, Washington, D. C., of the arrival of any of the products described in the law whether a permit to import has or has not been issued therefor.

2. Collectors shall not make delivery of any such products unless they shall have been notified by the Department of Agriculture of the issuance of a permit to import the products. The Bureau of Animal Industry will notify collectors of the issuance of each permit.

3. Collectors shall detain, pending the receipt of instructions from the Department of Agriculture, shipments for which no permit to import has been issued.

4. Collectors shall furnish to officers of the Department of Agriculture, upon receipt of their request therefor, samples of such products offered for importation and shall immediately notify the consignee of such action.

5. Customs officers shall observe care to distinguish between the products covered by the foregoing provisions of law, which are for the treatment of domestic animals, and those products covered by the Act of July 1, 1902 (T. D. 33079), which are for the treatment of man.

6. These regulations shall take effect July 1, 1913.

SAN DIEGO-PANAMA-CALIFORNIA EXPOSITION ACT.

Providing certain legislation for the Panama-California Exposition to be held in San Diego, California, during the year nineteen hundred and fifteen.

Sec. 1. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the Secretary of the Treasury be, and he is hereby, authorized and directed to require the Panama-California Exposition Company, of San Diego, California, to deposit with a depository, to be named by the Secretary of the Treasury, such sum or sums of money as in the discretion of the Secretary shall be necessary to cover awards, medals, certificates, prizes, and premiums, and all other obligations incurred by said corporation with exhibitors at the Panama-California Exposition, which money shall be held by said depository as a pledge to the United States Government for a faithful fulfillment of the above obligations; or the Secretary of the Treasury may, in lieu of such cash pledge, accept a good and sufficient bond from said exposition company, to be approved by him and conditioned for the faithful performance of every liability or obligation incurred by said exposition company in respect to exhibitors at said exposition, to be held in San Diego, California, during the year nineteen hundred and fifteen.

Sec. 2. That all articles that shall be imported from foreign countries for the sole purpose of exhibition at the Panama-California Exposition upon which there shall be a tariff or customs duty shall be admitted free of the payment of duty, customs fees, or charges, under such regulations as the Secretary of the Treasury shall prescribe; but it shall be lawful at any time during the exposition to sell, for delivery at the close thereof, any goods or property imported for and actually on exhibition in the exposition buildings or on the grounds, subject to such regulations for the security of the revenue and for the collection of import duties as the Secretary of the Treasury may prescribe:

Provided, That all such articles when sold or withdrawn for consumption or use in the United States shall be subject to the duty, if any, imposed upon such articles by the revenue laws in force at the date of withdrawal; and on such articles which shall have suffered diminution or deterioration from incidental handling and necessary exposure, the duty, if paid, shall be assessed according to the appraised value at the time of withdrawal for consumption or use, and the penalties prescribed by law shall be enforced against any person guilty of any illegal sale, use, or withdrawal.

Approved, May 19, 1913.

SAN FRANCISCO-PANAMA-PACIFIC INTERNATIONAL EXPOSITION ACT

An Act Providing for the free importation of articles intended for foreign buildings and exhibits at the Panama-Pacific International Exposition, and for the protection of foreign exhibitors.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all articles that shall be imported from foreign countries for the purpose of exhibition, and articles and material imported solely for use in constructing, installing, and maintaining foreign buildings and exhibits at the Panama-Pacific International Exposition upon which there shall be a tariff or customs duty shall be admitted free of the payment of duty, customs fees, or charges, under such regulations as the Secretary of the Treasury shall prescribe; but it shall be lawful at any time during the exposition to sell for delivery at the discretion of the exposition company any goods or property imported for and actually on exhibition in the exposition buildings or grounds, subject to such regulations for the security of the revenue and for the collection of import duties as the Secretary of the Treasury may prescribe: Provided, That all such articles when sold or withdrawn for consumption or use in the United States shall be subject to the duty, if any, imposed upon such articles by the revenue laws in force at the date of withdrawal; and on such articles as shall have suffered diminution or deterioration from incidental handling and necessary exposure the duty, if paid, shall be assessed according to the appraised value at the time of withdrawal for consumption or use, and the penalties prescribed by law shall be enforced against any person guilty of illegal sale, use, or withdrawal.

Sec. 2. That the Librarian of Congress and the Commissioner of Patents are hereby authorized and directed to establish a branch office under the direction of the Register of Copyrights and the Commissioner of Patents at the Panama-Pacific International Exposition, in suitable quarters to be furnished free of charge by the Panama-Pacific International Exposition Company, said office to be established not later than July first, nineteen hundred and fourteen, and maintained until the close of said exposition; and the proprietor of any certificate of registration, copyright, trade-mark, or patent issued by any foreign Government protecting any pattern, model, design, copyright, trade-mark, or manufactured article imported for exhibition and exhibited at said Panama-Pacific International Exposition may, upon presentation of satisfactory proof of such proprietorship, obtain without charge a certificate from said branch office, which shall be legal evidence of such proprietorship; and said branch office shall keep a register of all certificates of registration, trade-mark, or patent, and a register of all certificates of copyright issued, which shall be open to public inspection.

At the close of said Panama-Pacific International Exposition the register of certificates of registration, trade-mark, or patent shall be deposited in the United States Patent Office at Washing-

ton, District of Columbia, and the register of certificates of copyright shall be deposited in the Copyright Office of the Library of Congress at Washington, District of Columbia.

Sec. 3. That it shall be unlawful for any person without authority of the proprietor thereof to copy, imitate, reproduce, or republish any pattern, model, design, trade-mark, copyright, or manufactured article protected by the laws of any foreign country by registration, copyright, patent, or otherwise, which shall be imported for exhibition at the Panama-Pacific International Exposition, and there exhibited; and any person who shall infringe the rights protected under this Act shall be liable—

(a) To an injunction restraining such infringement;

(b) To pay to the proprietor such damages as the proprietor may have suffered due to the infringement, as well as all the profits which the infringer may have made from such infringement, and in proving profits the plaintiff shall be required to prove sales only and the defendant shall be required to prove every element of cost which he claims, or in lieu of actual damages and profits such damages as to the court shall appear to be just;

(c) To deliver up on oath, to be impounded during the pendency of the action, upon such terms and conditions as the court may prescribe, all articles alleged to infringe the rights herein protected;

(d) To deliver up on oath for destruction all the infringing articles, as well as all means and devices for making such infringing articles.

Sec. 4. That any person who willfully and for profit shall infringe any right protected under this Act or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than \$100 nor more than \$1,000, or both in the discretion of the court.
